Rampion 2

I know this is going to be a great project .but it is going to be most inconvenient to the holiday park.

We come here to get away from noise And pollution. And lorries disturbing the ground in which our caravan are standing.

Also reducing the value of the caravans if we wish to sell to get away from the noise.

I don't think I could be in my caravan day in day out with all the noise of lorrys and building materials

I do not want to holiday on a building site.

How long is this project going to take to complete.Holiday park closed 7 weeks per year . Maybe this could be carried out in that time,but I would still be worried about the damage to my caravan.

Regards Mrs Diane Ward
