1. Introduction

The Examining Authority has requested the submission of a Land Rights Tracker in a simple table format.
This tracker adopts the example provided by the Examining Authority, with minor amendments to the layout, headings and restricted inputs in certain columns to provide further clarity and functionality making the data more accessible.

Section 3 below explains the purpose and content of each of the columns of this tracker. The row that is titled "Notes to the ExA" explains the function of each column.

2. Description of Rights Requested

The Land Plans (Document Reference 2.1.2) show land and rights over which compulsory acquisition and temporary possession powers are sought and the powers being sought are also listed in the BoR (Document Reference 4.3).

On the Land Plans the plots are coloured to show the type of power that is required over each plot of land to deliver the Project. These same colours

Colour on Land Plans	Type of Acquisition

	- yet to requirement
Pink	Land to be Acquired
Blue	Acquisition of Rights by the Creation of New Rights or the Imposition of Restrictive Covenants
Green	Land to be Used Temporarily
Yellow	Land not subject to Powers of Compulsory Acquisition or Temporary Use
•	

For the avoidence of doubt, land shaded grey on the Land Plans is Land Outside of Land to be Acquired or Used and is there for is not refered to in the Land Rights Tracker.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotiation
001	Arun District Council	The Land Interest holds a regulating lease to carry out foreshore maintenance over land owned by the Crown Estate and the Baird Farming Partnership (Plots 1/1, 1/2, 1/4, & 1/5) and other access rights.
		The Applicant has consulted with the Land Interest with respect to the carrying out of works on the land.
		It is anticipated that the Offshore Transmission lease to be granted by the Crown Estate to the Applicant, and any voluntary agreement with other landowner(s), will
		incorporate the land subject to the Lease.
		The Applicant has been corresponding with The Crown Estate as the "appropriate Crown authority" for consent to the making of the DCO in accordance with sections 135 (1) and (2) of the Planning Act 2008. It was confirmed in January 2024 that Town Legal has been instructed and will seek to work collaboratively with the Applicant.
002	Albon Family (Albon Family) On Behalf Of Albon Family (Albon	The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land Interest on that basis on 14th October 2022.
	Family)	Plot 33/19 is included within the DCO boundary for both construction and operational access.
		The Land Interest was contacted by the Applicant in May 2023 via telephone in respect of the Confirmation schedule and confirmed that the ownership details were correct. The latest engagement was in October 2023, when the Applicant discussed the project over the phone and explained the nature of the Land Interest's presumed ownership of subsoil / half width of highway. The Land Interest confirmed on the phone that they did not think a site meeting was necessary.
		As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not yet been able to deduce title.
		The Applicant is not aware of outstanding issues other than accommodation works to be discussed in due course.
003	Alexander Langlands Pearse	The Land Interest is one of the landowners of the Oakendene Sub-Station site.
004		Please see narrative in the Knight Frank LLP row (RR-278).
004		The Applicant understands the Land Interest's Category 2 Interest is in respect of rights of access over unregistered land and has therefore not entered discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
005	South Coast Nursing Homes Ltd (South Coast Nursing Homes Ltd)	Since August 2021 the Applicant has been in regular correspondence with the Land Interest via telephone and email.
		The Land Interest own and operate a care home near the proposed cable route and part of the driveway to the care home is affected by a proposed Rampion 2 operational access.
		An initial on-line video meeting was followed by an in-person meeting at the care home operator's Head office in Worthing in August 2022.
		The Land Interest's main concerns relate to the impact of the construction works on their residents and the functioning of the business.
		The Applicant offered Heads of Terms for a proposed operational access in December 2023. These were signed and returned later in December 2023, The latest
		correspondence with the Land Interest was an email in January 2024 detailing that the project's solicitors would be in touch with the Land Interest's solicitors regarding the signed Heads of Terms.
		The Land Interest is seeking to work collaboratively with the Applicant and have submitted queries that have been answered in part, with further accommodation works to be discussed in due course.
006	Washington Recreation Ground Charity (Washington Recreation	The Applicant has been in regular correspondence with the Land Interest since February 2021 (Please see RR-413).
	Ground Charity)	From November 2023 onwards, the Land Interest has requested that the Charity is registered as a separate interested party / Land Interest. The latest correspondence with the Land Interest was in March 2024. The Applicant has not yet heard directly from the Charity.
		The Applicant has included the Washington Recreation Ground Charity as a Land Interest on the basis they are an occupier.
		The Applicant understands the outstanding issues are the same as those of the freehold Land Interest.
007	Glenda Coralie Ayliffe	In April 2023, the Land Interest contacted the Applicant in response to the public consultation.
		The Land Interest own a property which has its rights of access affected by a Rampion 2 proposed operational access.
		Since April 2023, the Applicant has been in contact with the Land Interest on several occasions, including clarifying in June 2023 both by telephone and email how the Land Interest's property is impacted. In January 2024, the Applicant contacted the Land Interest to confirm the impact being operational access only.
		The Applicant understands the interest is in respect of rights of access over unregistered land and has therefore not entered into discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
000		
008	Roger Hector Ayliffe	The Applicant has been in direct correspondence with the Land Interest, via his wife.
009	Simon Wolf	Please see the narrative in the Glenda Coralie Ayliffe row (RR-134). The Applicant understands that the Land Interest's Category 2 Interest extends to rights contained within a conveyance dated 17 April 1982 as registered under title WSX60950.
		The Applicant has not entered discussions over Heads of Terms with the Land Interest.
		The Applicant will respond directly to the Land Interest's relevant representation.
010	Turok Family (Turok Family) On Behalf Of Turok (Turok)	Please see the narrative in Frederick Turok row (RR-125).
011	Southern Gas Networks Plc	The Applicant has been in correspondence with the Land Interest and their agents since June 2021.
		The Land Interest does not have land affected by the Rampion 2 proposals, but has its apparatus crossed eight times by the proposed cable route. There are proposed operational and construction accesses that also intersect with the Land Interest's apparatus.
		On-line meetings have been held in December 2021 and on 15 August 2023 where the discussions were held on crossing point requirements and protective provisions. The latest correspondence was sharing project information via email in September 2023.
		The Applicant understands that the Land Interest would like to work collaboratively to agree terms in line with protective provisions.
		Key outstanding concerns include agreeing protective provisions and accommodation works to be discussed in due course.
012		In September 2023, a representative for the Land Interest (who own a Public House where the garden hedgerow is impacted by a sliver of a visibility splay in Ashurst) contacted the Applicant in response to the public consultation.
	Stonegate Group / Unique Pub	Plots 27/13 & 27/14 are included within the DCO boundary for temporary construction access.
	Unique Pub Properties Ltd)	The Applicant has been in regular contact with the Land Interest's agent since September 2023, with the latest correspondence being in January 2024.
		The Applicant understands that the Land Interest would like to work collaboratively to agree terms. An offer was sent to the Land Interest via email in March 2024.
		A meeting is due to be scheduled to discuss any commercial considerations and any accommodation works required if necessary.

Unique Reference	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
013	Tim Facer	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2021.
010		This Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The driveway to the Land Interest's residential property and two of
		the Land Interest's fields are also affected by a proposed Rampion 2 operational access.
		Site meetings were initially held in April and August 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to their dwelling (summarised in engagement notes).
		The cable route was subsequently amended to take it further to the East and away from the property. The amended route was presented to the Land Interest at a meeting in April 2022. The rationale for the route amendment was further summarised in emails from August, September and November 2022 and a Letter dated October 2023.
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.
		Key outstanding concerns include location of a temporary haul road, extent of operational access land requirement and accommodation works which are subject to ongoing discussions.
		The Applicant met with the Land Interest on site in December 2023, with the latest correspondence being a Letter dated 27 February 2024, an email on 11 March 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms.
014	Ancleggan Limited (Ancleggan Limited)	In April 2022 the Land Interest (who have an option agreement to provide storage capacity for electricity generated by renewable energy projects) wrote to the Applicant in response to the public consultation.
		Since July 2022 the Applicant has held regular meetings with the Land Interest providing project updates.
		One Planet Developments Limited submitted, on behalf of the Land Interest, a planning application to Mid Sussex District Council in March 2023 (Ref: DM/23/0769). The Applicant wrote a letter to the planning officer in April 2023 stating a 30m construction corridor, becoming a 20m permanent easement, was required for the proposed cable route for the Rampion 2 project.
		The Land Interest have stated that the proposed area required by the Applicant will render their proposed development economically unviable or significantly more expensive and technically complex to develop.
		The Land Interest is seeking to work collaboratively with the Applicant to find a workable project infrastructure designs that work for both parties. Further detailed cable route design work is pending confirmation of National Grid connection details, currently expected from National Grid in February 2024.
		The Applicant's latest communication with the Land Interest and their agent was via an on-line call in January 2024.
015	Southern Water Services Limited	The Applicant has been in discussion with the Land Interest since November 2022 regarding the project proposals and the carrying out of construction works on
		land where they have operational assets and associated rights.
		Protective Provisions are being negotiated following further contact with the Land Interest's legal department in July 2023. The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of
		section 135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
016	Ronald Alan Leggett	The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land interest on that basis on 14th October 2022. The deadline for receipt of responses for this round of consultation was 29th November 2022.
		Plot 33/19 is included within the DCO boundary for both construction and operational access.
		In June 2023, the Applicant was contacted by Meera Smethurst on behalf of the Land Interest regarding the Confirmation schedule. The Applicant has since been in correspondence with Meera Smethurst who confirmed in June 2023 that she and her husband have Power of Attorney to act for the Land Interest for property and financial affairs.
		In October 2023, the Applicant met with the Land Interest and Jeremy Richard Smethurst and Meera Elizabeth Smethurst (both in their role as Power of Attorney for the Land Interest and as a presumed owner of subsoil / half width of highway) at the home of the Land Interest. The Applicant explained the nature of interest, the presumed ownership of subsoil / half width of highway, followed by a summary email.
		As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the land interest has not yet been able to deduce title.
		Remaining concerns include details around the design proposals within the DCO boundary at this location (including potential highways works) and accommodation works to be discussed in due course.

		In June 2023, the Land Interest contacted the Applicant in response to the public consultation. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		In November 2023, the Applicant spoke with the Land Interest over the phone and explained the infrequent anticipated use of the proposed operational access.
		The Applicant is not seeking to agree Heads of Terms in this instance.
		The Applicant believes there are no outstanding issues, other than further explanation as to the anticipated use of the operational access and discussions on accommodation works if necessary.

022	Nigel Allen Light	The Applicant has been in regular correspondence with the Land Interest and their agent since May 2021.
		The Land Interest own pasture land affected by the proposed Rampion 2 cable route and the entrance to the driveway to the Land Interest's residential property and equestrian complex is affected by a proposed Rampion 2 construction access.
		Site meetings were initially held in September 2021, where the Land Interest expressed concerns about the proximity of the proposed Rampion 2 cable route to their equestrian complex. The proposed cable route was amended in consideration of these concerns and re-routed further East, away from the equestrian facilities. The amended route was presented to the Land Interest at a site meeting in April 2022.
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with Applicant to agree terms.
		Remaining concerns include the impact on the equestrian complex, disturbance/ compensation considerations, removal of a strip of woodland, and accommodation works to be discussed in due course. A further meeting was held in December 2023 to discuss these issues and work collaboratively.
		The Applicant requested further feedback from the agent on the Heads of Terms in March 2024.

	(Brookside Holiday Camp Limited)	Plot 4/11 is included within the DCO boundary for proposed temporary construction access.
		The Applicant has met with the Land Interest in August 2022 & October 2023 to provide updates on the project.
		The Land Interest's principal concern relates to the proximity of the proposed Rampion 2 operational access road and the construction access / haul road along the construction corridor to the caravan park and the noise levels and possible vibration levels.
		The Land Interest is seeking further details on the proposed volume of traffic along the construction corridor and an understanding of the impact of vibration on the ditch and bungalow structures.
		The Land Interest is concerned his business may be at risk from noise and vibration affecting the Land Interest's customers and their enjoyment / use of their caravans.
		The Applicant's latest correspondence with the Land Interest was in January 2024.
		Following a further review of the Works Plans, the Applicant has determined tha Plot 4/11 is unregistered land and adopted highway. The Applicant has in this instance not entered tinto discussions over Heads of Terms.

The Land Interest own arable and pasture land affected by the proposed Rampion 2 cable route. The entrance to the driveway to the Land Interest's residential property and other farm buildings is also affected by a proposed construction access. In addition, part of the aforementioned driveway is affected by a proposed
		operational access required the for Rampion 2 project. Site meetings were initially held in February and August 2021, where the Land Interest expressed concerns about the severance of fields as well as use of the driveway as a construction access. The Land Interest's views were also reiterated within various consultation responses and an Impact Report dated 22 March
		Subsequently, the route was amended to take a route towards the edge of the field to minimise severance. The construction access was amended to exclude the majority of the driveway and these amendments were presented at a site meeting in May 2022.
		The Land Interest also put forward an alternative location for the construction access which was reviewed and not taken forward for consultation on the basis of highways considerations. The rationale for this was presented verbally at a consultation event and in a Letter in January 2024.
		Heads of Terms were issued in July 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.
		Key outstanding concerns include the use of the bell mouth of the driveway as a construction access and detail within the Option documentation. 036	Emily Mulcare-Ball	The Applicant has been in regular correspondence with the Land Interest since July 2021.
		The Land Interest owns a section of hedgerow which is located within a proposed Rampion 2 temporary construction access / visibility splay.
		In addition, the Applicant identified the Land Interest as a presumed owner of part width of the subsoil of the highway, comprising Plot 33/4 (which is unregistered). A site meeting was initially held in September 2021 where the Land Interest expressed concerns about the proximity of the proposed substation to their dwelling (which was under construction at the time) and expressed a desire for the alternative substation location (Wineham Lane North) to be selected. In addition, the Land Interest expressed concerns about the cable route affecting their pasture land (which was originally within the design). The Applicant received an objection to the proposals as a response to the consultation in September 2021.
		In July 2022, the Applicant contacted the Land Interest to advise that a substation location had been selected (Oakendene). In August 2023, the Applicant contacted the Land Interest to advise that the cable link between the proposed substation and the grid connection point had been selected, and subsequently, the cable route would no longer affect their land. The Land interest submitted a further consultation response in November 2022 reiterating their concerns about the project and the proposed substation location.

		The Land Interest is the Managing Director of a Company which owns the Freehold Title of paddock land (plot 25/6) which is affected by the proposed Rampion 2 cable route.
		Site meetings were initially held between May and August 2021 and the Land Interest attended a consultation event in July 2021. The Land Interest expressed concerns about the impact on the paddocks, proximity of the proposals to their dwelling and business, and inclusion of an additional Title of theirs within the boundary of the cable corridor, which seemed unnecessary. Subsequently, the route was amended to remove the additional Title, and reduce the total area of the paddocks impacted by the cable route proposals. The new proposals were presented at a site meeting in May 2022.

046	The National Trust (The National Trust)	<u>Overview</u>
		Several meetings have been held with the National Trust to discuss acquisition of rights on land under their ownership and land over which they have rights. The Applicant has been in regular correspondence with the National Trust's representatives and their agent since June 2022.
		The National Trust has two interests affected by the proposed cable route. One being freehold land in Washington (pasture land) and one being a Covenant over Land at Climping (arable land). The National Trust does not own the land at Climping, therefore it is not inalienable. In addition, the interests are affected by a construction access and operational access. There is a proposed construction compound on the Covenant Land. Meetings were held in June 2023 and Heads of Terms issued in July 2023. All parties have confirmed that they will work collaboratively to agree terms.
		Washington Land negotiations
		Feedback was received from the National Trust agent and representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs. Discussions ongoing associated with rights of access and agreements required to be put on place associated with the access requirements over land occupied by the Lorica Trust.
		The Land in question has been given special power by Parliament to declare land within the ownership of the National Trust as inalienable where it is considered as fit to be held for the benefit of the nation (s21(2) of the National Trust Act 1907). As a consequence, the National Trust is prevented from disposing of the freehold of such land. There is also additional protection when any such land is the subject of potential compulsory acquisition of the land itself or rights over that land.
		In the face of an objection to a compulsory purchase order by the National Trust, which has not been withdrawn by the time the confirming authority (the Minister) comes to making a decision on whether to confirm the CPO, the CPO becomes subject to 'special parliamentary procedure' (SPP). The CPO will not come into operation until the SPP process is concluded. The Applicant is engaging constructively to obtain the required rights over the inalienable land voluntarily so as to avoid the SPP process ensuring that any mitigations or benefits are secured.
		The land in question was gifted to the National Trust under the will of Mr A B Lloyd in 1942. The land has subsequently been declared inalienable. The majority of the land impacted by the scheme, is within a 99 year farm business tenancy granted to the Lorica Trust in 2004. The remainder of the land is managed in hand by the National Trust's local ranger team.
		Climping Covenant Land negotiations
		Feedback was received from the National Trust representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs.
		The National Trust is the beneficiary of an Existing Covenant that was put in place to protect a specific conservation interest on Land at Climping being the "Normanby Covenant", dated 10th December 1973 between The Most Honourable Grania Maeve Rosaura The Marchioness of Normanby (1) and the National Trust (2)
		The works required to implement the Development include Works to the Covenanted Land that may be deemed to be in contravention of the Existing Covenant but for the exercise of compulsory acquisition powers. The parties have negotiated terms, subject to internal sign off, that will enable the covenant to be temporarily suspended to the extent necessary to enable the Applicant to implement the Works. The parties have provisionally agreed to adhere to the terms of the agreement to be put in place that will ensure harm caused to the conservation interest by the Development is mitigated.

An email requesting comments on the Heads of Terms was sent to the agent in February 2024 and a Letter in March 2024.
		Key outstanding concerns include disturbance and mitigation, as well as accommodation works to be discussed in due course.
049 T	Foby Chapman	The Applicant met with the Land Interest in May 2021 outlining the proposed scheme.
		The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route.
		The Land Interest's principal concern was the potential impact the construction of the cable route would have on their proposed equine facility – that had just received planning consent – for a new stable block, and indoor and outdoor arenas.
		Following the Applicant obtaining copies of the drawings (accompanying the planning application) the Applicant gave detailed consideration to altering the cable route in order to mitigate the potential impact on the proposed equine facility. The results of this, a minor re-alignment and a small reduction in the size of the Red Line Boundary, were presented to the Land Interest in an on-site meeting in May 2022.
		Heads of Terms were issued to the Land Interest in March 2023. The Applicant has sought feedback from the Land Interest's agent on a number of occasions, the last of which was via a Letter in March 2024.
		The Land Interest continues to have concerns about the impact that the construction period will have on the equine facility.
050 C	Clair Chapman	Please see the narrative in the Toby Chapman row (RR-402).
	John O'Rourke	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
		The Land Interest owns pasture land affected by the proposed cable route.
		Site meetings were initially held in August and September 2021, with regular dialogue via on-line video calls since. The Land Interest expressed concerns about the proposed substation on their land, which was removed from the project design in July 2022. The Applicant is using reasonable endeavours to work with the Land Interest where possible.
		Heads of Terms were issued in July 2023. The Applicant is awaiting feedback from the Land Interest and their agent that they would like to work collaboratively to agree terms, the last of which was via email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms.
		Key outstanding concerns include the total area of land that is included as part of the DCO application and accommodation works to be discussed in due course.
052 S	Stephen Christopher Turner	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2022.
		The Land Interest owns pasture land affected by a proposed Rampion 2 temporary construction access. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		Site meetings were initially held in April and May 2022, where the Land Interest expressed a preference for the route to be moved to their far eastern field, and for an alternative construction access to be used instead. The original proposal remained in scope and the Applicant provided the rationale behind the route positioning through the Land Interest's land.
		Heads of Terms were issued in December 2023 in respect of the proposed construction access and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The Applicant has requested feedback from the Land Interest's agent, including at a site meeting in January 2024 and via email in February 2024. In February 2024, the Land Interest responded via email concluding that the rate offered for the proposed construction access was not sufficient.
		Key outstanding concerns include accommodation works to be discussed in due course.
053 A	Andrew Porter	The Land Interest's Category 2 Interest is in relation to rights and contributions towards maintenance of access road contained within a transfer dated 25 October 1993 and a Deed dated 1 November 2021 registered under title SX17882.
		The Applicant in this instance has not entered discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
В	Savills UK Ltd (Savills UK Ltd) On Behalf Of Angmering Park Farms LP, The Angmering Park Estate	The Applicant and the Land Interest and their agent(s) have held a number of meetings and exchanged a number of letters in relation to the proposed Rampion 2 cable route running through the Angmering Park Estate over the course of a three year period from 2021 to 2024.
L	Trust, (Angmering Park Farms LLP, The Angmering Park Estate Trust,)	The Land Interest owns a mixture of arable and pasture land as well as woodland which is affected by the proposed Rampion 2 cable route and proposed construction and operational access.
	11431,)	Through early engagement with the Land Interest, and the resident agent, during 2021 and 2022, a number of concerns have been resolved including providing alternative cable routes to mitigate engineering and environmental concerns, which resulted in further rounds of public consultation in the autumn of 2022.
		Heads of Terms were issued to the Land Interest in June 2023.
		The Land Interest's agent has raised concerns over joint bay locations. Whilst these locations are not known at present, detail will be provided in due course. In addition, the Applicant understands the Land Interest has concerns about HDD locations across the Estate.
		The Applicant continues to work collaboratively with the Land Interest and the Land Interest's agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents. The Land Interest is willing to work towards agreeing terms with the Applicant.
		The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section
		135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
		The Applicant's last correspondence with the Land Interest's agent was in January 2024.
		The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 1st March 2024, whereby Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issue relates to the optionality on Michelgrove Bank, which will only be determined upon the Applicant undertaking ground investigation works programmed for the summer 2024.
		The Applicant has been in regular correspondence with the Land Interest since June 2021.
(4	Electricity Transmission Plc Ardent On Behalf Of National Grid Electricity Transmission Plc)	The Land Interest has pasture land affected by the proposed Rampion 2 cable route and a proposed substation extension which would form permanent infrastructure.
		The Applicant visited the proposed location of the cable in February 2023 to undertake surveys on the area. Since then, the Applicant has had regular contact with the Land Interest, most recently via on-line meetings in November and December 2023.
		Heads of Terms were issued in November 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. Meetings have been held with the Land Interest in January and February 2024 to negotiate and agree points within the Heads of Terms.
		Key outstanding concerns include agreeing protective provisions and accommodation works to be discussed in due course.

	·	The Applicant has been in contact with the Land Interest and their agent since March 2021.
		The Land Interest has pasture land affected by the proposed Rampion 2 cable route and a proposed Rampion 2 operational access affecting their land.
		A site meeting was initially held in March 2021 followed by a Landowner surgery in July 2021, where the Land Interest expressed concerns about the proposed cable route and proposed operational accesses onto their land. Subsequently, and following a visual inspection in January 2023, one of the operational accesses was removed.
		Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree terms. The Applicant has sought feedback from the Land Interest's agent, the latest such request was in February 2024 and via a Letter in March 2024.
		Key outstanding concerns include traffic levels associated with the proposed construction of the substation, clarification on the operational access extent and accommodation works to be discussed in due course.
LI La	LP) On Behalf Of Claudia angmead Farming Ltd (Claudia	The Applicant met with the Land Interest, the Land Interest's agent, the occupier and the occupier's agent in August & September 2022 to discuss and review the proposed cable route.
La	,	The Land Interest owns pasture land which is affected by a proposed Rampion 2 temporary construction access. The Land Interest was originally affected by both the cable route and the construction access, but following consultation and subsequent route amendments, there is now not cable route associated with this Land Interest.
		The Applicant was made aware that the occupier operates a 200-cow dairy herd and that access to the milking parlour through the farmstead was critical.
		The Applicant gave detailed consideration to this which resulted in the cable route being altered (and a route selected off the Land Interest's land) and a temporary construction access route only being required. The temporary construction access route follows the boundary of the farm / field which mitigates the level of impact on the dairy farm. This was presented to the Land Interest in a meeting in December 2023.
		Heads of Terms were issued to the Land Interest in December 2023.
		The Applicant met with the Land Interest, the Land Interest's agent, and the tenant's agent to discuss the Heads of Terms in December 2023. The Land Interest has requested further details on the construction methodology of the temporary construction road and is seeking to negotiate the easement consideration.
		The Applicant's last correspondence with the Land Interest was in December 2023.
		The Appliant met with the Land Interest and the Land Interest's agent to discuss and review the Heads of Terms in December 2023. The Applicant emailed the Land Interest in February 2024 setting out the basis of the Applicant's offer. The Applicant has chased the Land Interest for an update in March 2024. The key oustanding issue relates to the easement consideration being offered by the Applicant.
I		The Applicant consulted with the Land Interest in October 2022, and in April 2023 as part of Highways Consultation. Following this, the Land Interest approached the Applicant in October 2023, to gain an understanding of the project and the potential impact on their land.
		Plots 2/19 & 2/20 are included within the DCO boundary for proposed temporary construction access.
		The Land Interest has obtained outline planning consent for a 300-dwelling residential development on their land. As part of the development the Land Interest proposes to alter Church Lane and install a new roundabout onto the A259. The main entrance to the Land Interest's proposed development would be off Church Lane in close proximity to the Applicant's proposed access into the Climping construction Compound.
		In a meeting between the Applicant and the Land Interest in November 2023, the Land Interest's principal concern was the potential impact the construction compound will have upon the saleability (i.e. ability to sell and value of) when the new houses are completed and ready to be sold. The Land Interest was also concerned about how the two construction projects (access points) may interact.
		Heads of Terms were issued to the Land Interest in December 2023.
		The Land Interest has confirmed they are willing to work collaboratively with the Applicant towards reaching a voluntary agreement.
		The Applicant's last correspondence with the Land Interest was in January 2024.
		The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 4th March 2024, whereby Heads of Terms were reviewed in detail. Following the dicussion it was agreed that an agreement would be more appropriate than an Option Agreement and Deed of Easement. The Applicant will confirm to the Land Interest the form of the agreement to move forward with. The Applicant has had a number of discussions with the Land Interest's agent, over the period of 2021 to 2022, to review the cable route and operational access routes on the land.
	*	The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route, an operational access, and an area needed to store excavated materials.
		Heads of Terms were issued to the Land Interest in March 2023.
		The Land Interest's agent has particular concerns over the definition of a tree (within the draft Easement Agreement), what can and cannot be planted in the easement strip and has also raised concerns about the limitations of the use of the easement strip / cost implications of the maintenance liabilities being imposed on the Land Interest.
		The Applicant's last correspondence with the Land Interest' agent was in December 2023.
		The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Land Interest's agent confirmed that there were no outstanding issues. The Applicant has emailed the Land Interest's agent, in March 2024, seeking for the Heads of Terms to be signed and returned.
	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Grant	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
Ta	albot And Theresa Talbot (Grant albot And Theresa Talbot)	This Land Interest owns pasture land which is affected by the proposed cable route, including an area of land adjacent to the cable route (Plot 31/2) proposed to be used for construction and operational access. In addition, part of track owned by the Land Interest (Plot 30/15) is affected by a proposed construction and operational access.
		Site meetings were initially held in April 2021 and May 2022, where the Land Interest expressed concerns about the disruption to their farming activities as a result of the two proposed cable route options on their land. In addition, the Land Interest expressed concerns about multiple proposed construction and operational accesses which affected their land. In July 2022, the location of the substation was communicated to the Land Interest, which subsequently removed one of the proposed cable routes from their land.
		Further site meetings were held in August 2022 and February 2023, where the Land Interest expressed concerns about the proposed construction and operational accesses through their fields and through the farmyard/ equine business. Subsequently, the construction and operational access through the farmyard was removed from the design and communicated to the Land Interest via telephone in April 2023. This left one construction and operational access affecting part of a track owned by the Land Interest (Plot 30/15) and a section of pasture land affected by a construction and operational access (Plot 31/2).
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback from the Land Interest's agent on a number of occasions, the last of which was via email in December 2023 and via a Letter in March 2024.
		Key outstanding concerns include the impact of the cable route on their forage business operations and the impact on land drainage, as well as accommodation works to be discussed in due course.

	,	The Land Interest owns pasture land and woodland (planted saplings) which is affected by the proposed cable route.
		The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calls), in June, August, October 2021, March, April, May, June 2022, and attempted to arrange meetings (via telephone and Letter) in 2023 with the Land Interest and the Land Interest's agents.
		The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest, and the Land Interest's agents, and offering explanations as to how the Applicant has selected the cable route across the land.
		The Applicant sought to discuss Heads of Terms with the Land Interest and the Land Interest's agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or the Land Interest's agents.
		The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024.
		Heads of Terms were issued to the Land Interest in January 2024.
		The Applicant has contacted the Land Interest's newly appointed Agent to seek to meet (in March 2024) to discuss further the Heads of Terms issued in January 2024.
062	Joanne Higgins	The Land Interest does not own land affected by the proposals but has access rights over a lane which leads to their residential property. The lane is proposed to be used as an operational access and will also be affected by cable construction works in two places. In addition, the Land Interest has a Category 2 Interest in relation to rights contained within a transfers dated 4 May 1972 and 27 October 1995 registered under title SX17882.
		In April 2023, the Land Interest contacted the Applicant in response to the public consultation. The Applicant spoke with the Land Interest via telephone and followed up with an email in April 2023. In October 2023, the Applicant discussed the Land Interest's concerns over the telephone and followed up with an email confirming how their rights are affected.
		The Applicant is not seeking to agree Heads of Terms.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access, anticipated reinstatement proposals and accommodation works discussions in due course.

	Mark Cleaver And Mrs Karen Cleaver (Mr Mark Cleaver And Mrs Karen Cleaver)	The Land Interest operate a campsite affected by the proposed cable route. The campsite is also located adjacent to a proposed construction compound. The Land Interest have built a dwelling in proximity to the proposed cable route and construction compound and resides on site.
		A site meeting was initially held in February 2021, where the Land Interest expressed concerns about the project boundary intersecting with their property (which was under construction at the time). Subsequently, the boundary was amended to avoid the dwelling. A further site meeting was held in July 2022 where the Applicant explained that the section of cable route in this location is intended to be installed by HDD methodology and no open trenching is proposed. At the site meeting and subsequent consultation event in November 2022, the Land Interest raised concerns about the impact of the construction compound and associated works on their business and future property development on site.
		Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree terms. The Applicant has sought feedback from the Land Interest's agent, the last of which was a Letter in March 2024.

	Hutchings (Mssrs Hutchings)	The Land Interest owns pasture land which is affected by the proposed cable route, areas needed temporarily for cable duct stringing and storage of excavated materials, and a proposed operational access.
		The Land Interest's agent has made the Applicant aware of an Option Agreement with a Developer for a second solar farm on the Land Interest's land. The Applicant is willing to work collaboratively with the Land Interest to seek to reach an amicable agreement on accommodating the cables and the solar farm on the land. Discussions between the Applicant and the Land Interest and the Land Interest's agent are ongoing.
		The Land Interest's agent has also made the Applicant aware that part of the cable route will pass through a landfill area. The Applicant has given detailed consideration to this, as well as considering minor cable routing amendments in this area. The results of this have been communicated to the Land Interest's agent.
		The Land Interest's agent has raised a concern in relation to the cable route severing the Land Interest's fields and rendering them redundant (i.e. unable to farm due to access and size of the severed fields). The Applicant has confirmed that access to all parts of the land will be maintained throughout construction.
		Heads of Terms were issued to the Land Interest in March 2023.
		The Land Interest's agent has raised a concern relating to the Applicant seeking to plant trees on the Land Interest's land to meet their Biodiversity Net Gain ("BNG") requirements. The Applicant is reviewing this and will respond to the Land Interest accordingly.

068	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Muntham Farm LLP (Muntham Farm LLP)	The Applicant has been in regular correspondence with the Land Interest and their agent since August 2021. The Land Interest owns arable and pasture land affected by the proposed cable route, and a proposed temporary construction access which partially follows a track and partially follows the edge of a field within their ownership. In addition, there is a proposed operational access which follows along an existing road access to the farm (which also provides the access to other dwellings).
		A site meeting was initially held in August 2021 to discuss the original PIER cable route proposal. Later meetings were held between May and August 2022, following the conception of the Longer Alternative Cable Route ("LACR") and Alternative Access ("AA") affecting their property, where the Land Interest expressed concerns about the direct route of the proposed cable across the farm. The Land Interest was collaborative and worked with the Applicant to agree on a variation of the existing route following site meetings in December 2022 and February 2023, which was put forward for a localised public 28-day consultation in March 2023. Subsequently, the route was amended to take a route further to the West, minimising impact on the farm where possible. The construction route and operational access route remained within scope.
		Heads of Terms were issued in July 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The latest correspondence was Letter to the Land Interest and their agent in March 2024requesting feedback on the Heads of Terms documentation. Key outstanding concerns include the impacts on farming and businesses on site, disturbance and accommodation works to be discussed in due course.

	John Marcel Hutchinson)	Site meetings were initially held in March and September 2021, where the Land Interest raised concerns about the timescales of construction, but no route amendments were put forward by the Land Interest. In July 2022, another meeting was held to discuss a minor route amendment that was being considered on their land as a result of design modifications. Subsequently, the new route was taken forwards following consultation.
		Heads of Terms were issued in March 2023 and the Applicant has been sent a number of queries regarding the documentation by the agent. Feedback has been sought from the Land Interest's agent via email in December 2023, with further correspondence in January 2024 and a Letter in March 2024.
		Key outstanding concerns include the total area of land included within the DCO boundary and accommodation works to be discussed in due course.
070	Peter Christopher May	The Land Interest was first consulted by the Applicant in July 2021. The Land Interest owns a small parcel of land within the DCO boundary. The parcel of land borders an existing lane, which is a proposed Rampion 2 operational access route. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		Despite attempts, the Applicant has been unable to make contact with the Land Interest.
		It is anticipated that Heads of Terms will be issued in due course.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access.

072	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of R G Nash & Sons (R G Nash & Sons)	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021. The Land Interest owns and operates a mixed dairy, beef and arable farming business which is affected by the proposed cable. There is also a proposed Rampion 2 construction access that affects part of the existing driveway (the entrance to the farm), part of an existing track, and agricultural land within the farm. There is also a proposed Rampion 2 soil storage area affecting agricultural land, and a proposed construction and operational access affecting agricultural land and an existing track.
		An initial site meeting was held in February 2021, where the Land Interest expressed concerns about the proposed cable route intersecting with a slurry pit (and associated infrastructure) that was under construction on their land. Subsequently, the route was amended to avoid this area.
		Further site meetings were held in May 2022 and December 2022, where the Land Interest expressed concerns about the impact of the Rampion 2 proposals on the operation of the business. At the December 2022 site meeting, the Land Interest expressed concerns about the route of the construction access on their land. The Land Interest was collaborative and worked with the Applicant to agree on a variation to the existing route which was put forward for consultation in April 2023. The construction access was subsequently amended within the design proposals.
		Heads of Terms were issued to the in July 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback on a number of occasions, including an on-line meeting to discuss concerns in November 2023, the last of which was a Letter in March 2024.
		Key outstanding concerns relates to the impact of the proposals on the operation of the dairy business and drainage. The Applicant has confirmed that this will be discussed in more detail in the accommodation works in due course.
073	Knight Frank (Knight Frank) On Behalf Of R J Goring, R H Goring,	The Applicant has consulted (both formally and informally) with the Land Interest (Wiston Estate) at both stakeholder level and landowner level, over the period 2020 to 2024.
	P Goring, Wiston Estate Partnership (R J Goring, R H Goring, P Goring, Wiston Estate Partnership)	The Land Interest has arable and pasture land affected by the proposed Rampion 2 cable route, and a number of proposed construction and operational access routes.
		A site meeting was initially held in September 2021, where the Land Interest expressed a number of concerns about macro and micro re-routing of the cable. These views were reiterated within various consultation responses.
		An alternative route, to the south of Washington village, was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting in April 2022.
		In addition, in September 2021, the Land Interest proposed an alternative construction access route and removal of a proposed operational access. Subsequently both requests were factored into the design, and presented to the Land Interest at a site meeting in April 2022.
		Further site meetings were held in January 2023 and May 2023, with the Applicant working in conjunction with the Land Interest and the farm tenants to understand the main concerns.
		Heads of Terms were issued to the Land Interest in March 2023. The agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has been corresponding with the Land Interest, including meeting with various tenants on site in May 2023. The latest correspondence being from an in person meeting in January 2024 and online meetings in February 2024 and March 2024 to negotiate and agree points within the Heads of Terms.
		Key outstanding concerns include the impact on the future commercial operation of the estate, the preference for the alternative route to the south of Washington, the treatment of farm tenants, the safety of the construction compound location, as well as accommodation works for discussion in due course.
074	Ruth Taylor	Discussions have been held in relation to non-intrusive survey access, resulting in a survey access licence agreement being signed up to with the Land Interest.
		The Land Interest owns an access track which is affected by the proposed cable route.
		The Applicant met with the Land Interest in July 2022 and May 2023 to provide an update of the project's progress, and to discuss the impacts of the proposed cable route on their land. During this period the Applicant exchanged several emails with the Land Interest.
		Heads of Terms were issued to the Land Interest in June 2023 with a revised Heads of Terms issued in July 2023. An on-site meeting was held between the Applicant and the Land Interest in December 2023 to discuss the revised Heads of Terms and any of the Land Interest's concerns.
		The Land Interest's principal concern is how their horses will cross the proposed construction corridor during construction. The Land Interest is also not content with the proposed consideration being offered. The Applicant is awaiting further detailed information in relation to financial settlement.
		The Applicant has agreed that reasonable legal fees will be reimbursed and that the Land Interest may commence engagement with their legal representatives. The Applicant's last correspondence with the Land Interest was in December 2023. The Land Interest is awaiting engineering feedback on construction details from

	The Applicant met with the Land Interest in January 2024, where it susbequently transpired that the Land Interest does not occupy Plot 8/3. Therefore the Land Interest has no interest in the land and will therefore no longer require to be consulted with during the project. The Applicant wll ensure the BoR and the Change Log are updated accordingly.
The Baird Farming Partnership	The Applicant and the Land Interest and their agent have been engaged and in ongoing discussions over the period 2021 to 2024.
On Behalf Of The Baird Farming Partnership (The Baird Farming	The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access, an area needed temporarily for the storage of excavated materials and construction compound.
T dittioistiip)	Heads of Terms were issued to the Land Interest in June 2023.
	The Land Interest's principal concerns relate to; the construction compound location; the restrictions sought to be imposed on the easement strip (as defined in the draft Deed of Easement document); the impact of the cable route on the adjacent Littlehampton Economic Growth Area ("LEGA"); the impact of the construction corridor and construction compound on the existing land drainage.
	The Applicant has given detailed consideration to these concerns. The Applicant has sought to mitigate the impact of the cable route on LEGA by moving the cable route further to the West (away from) of the proposed area.
	The Applicant continues to be in discussions with the Land Interest and their agent over the Land Interest's concerns listed above and the wider concerns as detailed in the Land Interest's relevant representation.
	The Applicant's last correspondence with the Land Interest was in January 2024.
	The Applicant met with the Land Interest and the Land Interest's agent on 12th March 2024 and reviewed the Heads of Terms, draft Option Agreement, draft Deed of Easement documents. The key issues outstanding, are assurances being sought on contamination of the site compound, rates (£ per square metre) on the site compound, and clarity on what the site compound is to be used for.

Executors Of Lady Sarah Margaret Clutton)	The Land Interest owns arable land which is affected by the proposed cable route and temporary construction access.
	Heads of Terms were issued to the Land Interest in June 2023.
	The Land Interest's agent has raised concerns over joint / transmission bay locations and whilst these locations are not known at present, will be provided in due course.
	The Applicant continues to work collaboratively with the Land Interest and their agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents.
	The Applicant's latest correspondence with the Land Interest's agent was in January 2024.
	The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 1st March 2024, whereby Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issue relates to the optionality on Michelgrove Bank, which will only be determined upon the Applicant undertaking ground investigation works programmed for the summer 2024.
Lester Aldridge LLP (Lester Aldridge LLP) On Behalf Of Thomas Ralph Dickson (Thomas Ralph Dickson)	The Applicant has had detailed dialogue with the Land Interest and their agents commencing from April 2021.
	The Land Interest owns pasture land which is affected by the proposed cable route.
	The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calling), in June, August, October 2021, March, April, May, June 2022, and March 2023 with the Land Interest and their agents. The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest and their agents, offering explanations as to how the Applicant has selected the cable route across the land.
	The Applicant sought to discuss Heads of Terms with the Land Interest and their agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or their agent.
	The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024.
	Heads of Terms were issued to the Land Interest in January 2024.
	The Applicant has contacted the Land Interest's newly appointed Agent to seek to meet to discuss further the Heads of Terms issued in January 2024.
Tiffinny Myatt-Wells	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
	The Land Interest has pasture land affected by the proposed cable route.
	A site meeting was initially held in August 2021, where the project was discussed. In November 2022, the Land Interest responded to the consultation and expressed concerns about the proposed operational access, which was subsequently removed from scope. Further correspondence regarding construction works was discussed in March 2023.
	Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The latest correspondence was an email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms documentation.
	Key outstanding concerns include accommodation works to be discussed in due course.
Henry Adams LLP (Henry Adams LLP) On Behalf Of Timothy	The Applicant has been in dialogue with the Land Interest and their agent over the period 2021 to 2024.
Longhurst (Timothy Longhurst)	The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access and an areas needed temporarily for thee storage of excavated materials.
	The Applicant and the Land Interest and their agent met in April 2022 to discuss the new Alternative Cable Route ("ACR").
	The Land Interest raised a concern that this route passed through land that the Land Interest has they believe has long-term development potential. The Land Interest sought to have the proposed ACR moved as far to the South of his land as was possible. The Applicant has provided the Land Interest's agent with the rationale behind the cable route positioning through the Land Interest's land.
	Heads of Terms were issued to the Land Interest in April 2023.
	The Land Interest's agent has raised concerns with the wording of the draft Easement document in relation to the restrictions being sought to be imposed over the easement strip. The Applicant is reviewing this and will respond to the Land Interest and their agent accordingly.
	The Applicant's last correspondence with the Land Interest was in December 2023.
	The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The principal outstanding issues are the Land Interest's agent's position on long-term "hope" development value for the land and not accepting the Applicant's easement consideration amount, and the positioning of the proposed cable route through the middle of the land holding potentially sterlising the whole of the land holding, will prevent the land from being developed.

		The Applicant has also sought to contact the Land Interest as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section 135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
083	Charles Robert Denys Arbuthnot	The Applicant has been in regular correspondence with the Land Interest since May 2021.
		The Land Interest has pasture land affected by the proposed cable route.
		A site meeting was initially held in June 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to the gas main on their property. The Land Interest also attended consultation events in September 2021 and October 2022. At the latter event, the Land Interest raised concerns about a proposed construction access located in proximity to the gas main on their land and requested it was moved further to the East. A further site meeting was held in December 2023 to explain the protective provisions and safety considerations that will be agreed with the statutory undertaker before any construction work can progress.
		Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest does not want to progress discussions at this stage. The latest correspondence with the Land Interest was via email to their agent in February 2024 and a Letter to the Land Interest and their agent in March 2024.
		Key outstanding concerns include assurances about safety when working in proximity to a gas main and accommodation works to be discussed in due course.
084	Washington Parish Council	The Applicant has consulted (both formally and informally) with the Land Interest at both stakeholder level and landowner level, over the period 2021 to 2024.
		The Land Interest own land which forms a recreation ground and allotments that is affected by the proposed cable route. This section of the route is proposed to be constructed using HDD methodology.
		The Land Interest's principal concerns relate to the cable route going through the middle of the village of Washington, rather than to the South of the village. An alternative route was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision making process for not progressing with the route to consultation was communicated verbally by the Applicant at a Parish Council meeting in November 2022.
		The Land Interest is also concerned about the proximity of a construction compound to the village of Washington and in particular traffic and road safety.
		Heads of Terms were issued to the Land Interest in March 2023. The Land Interest confirmed in February 2024 that they would like to progress discussions on the Heads of Terms.

		The Land Interest attended a Parish Council meeting in February 2021. In addition the Land Interest attended meetings in September 2021 and April 2022 (in conjunction with neighbouring Land Interests), where they expressed concerns about the impact of the proposed cable route on their agricultural land. The Land Interest also attended consultation events in September 2021 and November 2022.
		Following a Parish Council meeting in February 2021 (and via subsequent email correspondence and consultation responses), the Land Interest submitted an alternative cable route proposal. The proposal was submitted in conjunction with neighbouring landowners and detailed a route to the south of Washington, as opposed to through the village. The proposal was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting at a neighbouring landowner in April 2022 and verbally at a Parish Council meeting in November 2022.
		Heads of Terms were issued in March 2023. The latest correspondence was in August 2023, when the Applicant provided answers to various queries on the impact of the proposals on the Land Interest's agricultural land. The Applicant is awaiting further feedback following a Letter requesting comments on the Heads of Terms sent in March 2024.
		Key outstanding concerns include the preference for the alternative route to the south of Washington, compensation queries and accommodation works to be discussed in due course.
