

Submission ID: 27151

Further to my previous WR I wish to add the following.

As the representative of our household [REDACTED], we state that we fully support and endorse the CowfoldvRampion Impact Statement and support the evidence presented by CowfoldvRampion who act for our community.

We also fully support the Cowfold Parish Council in their objection to the proposals voiced at their meeting of 26th February 2024. As a community we are united in the view that this is the wrong project in the wrong place.
