You don't often get email from [REDACTED]

Dear sir/madam,

I am a resident of [REDACTED] which joins Kent street near the A272 junction, just in case my online submission hasn't been registered I am emailing my objection.

Kent street is a single track country lane with soft verges and limited passing places, it is used by walkers, cyclists and horse riders. It is therefore totally unsuitable for heavy traffic and particularly hgvs. I've noted the Shermanbury local council estimate copied below.

Regards,

Toby chapman

[REDACTED]

It is estimated there will be over a 1300 HGVs and 828 LGVs a week down Kent Street and a large volume of Rampion construction vehicles through Partridge Green.
