#### 1. Introduction

The Examining Authority has requested the submission of a Land Rights Tracker in a simple table format. This tracker adopts the example provided by the Examining Authority, with minor amendments to the layout, headings and restricted inputs in certain columns to provide further clarity and functionality making the data more accessible.

Section 3 below explains the purpose and content of each of the columns of this tracker. The row that is titled "Notes to the ExA" explains the function of each column.

## 2. Description of Rights Requested

The Land Plans (Document Reference 2.1.2) show land and rights over which compulsory acquisition and temporary possession powers are sought and the powers being sought are also listed in the BoR (Document Reference 4.3).

On the Land Plans the plots are coloured to show the type of power that is required over each plot of land to deliver the Project. These same colours

Colour on Land Plans	Type of Acquisition
Pink	Land to be Acquired
Blue	Acquisition of Rights by the Creation of New Rights or the Imposition of Restrictive Covenants
Green	Land to be Used Temporarily
Yellow	Land not subject to Powers of Compulsory Acquisition or Temporary Use

For the avoidence of doubt, land shaded grey on the Land Plans is Land Outside of Land to be Acquired or Used and is there for is not refered to in the Land Rights Tracker.

### 3. Explanation of Tracker Headings

Cate as	Tracking			Agreements			Status Update				Details of the Land							Examination References

046 The National Trust (The Harry Broadbent-Coombe National Trust) (Batcheller Monkhouse)	e Draft Under Discussion Not Completed	Not Required	Outstanding	The National Trust has two interests affected by the proposed cable route. One being freehold land in Washington (pasture land) and one being a Covenant over Land at Climping (arable land). The National Trust does not own the land at Climping, therefore it is not inalienable. In addition, the interests are affected by a construction access and operational access. There is a proposed construction compound on the Covenant Land. Meetings were held in June 2023 and Heads of Terms issued in July 2023. All parties have confirmed that they will work collaboratively to agree terms.           Washington Land negotiations           Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs.           Discussions ongoing associated with rights of access and agreements required to be put on place associated with the access requirements over land occupied by the Lorica Trust. A call was held with the National Trust on 12/4/24 to discuss and agree the latest positions with regard to the progression of the voluntary agreements. Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
001	Arun District Council	The Land Interest holds a regulating lease to carry out foreshore maintenance over land owned by the Crown Estate and the Baird Farming Partnership (Plots 1/1, 1/2, 1/4, & 1/5) and other access rights.
		The Applicant has consulted with the Land Interest with respect to the carrying out of works on the land.
		It is anticipated that the Offshore Transmission lease to be granted by the Crown Estate to the Applicant, and any voluntary agreement with other landowner(s), will incorporate the land subject to the Lease.
		The Applicant has been corresponding with The Crown Estate as the "appropriate Crown authority" for consent to the making of the DCO in accordance with sections 135 (1) and (2) of the Planning Act 2008. It was confirmed in January 2024 that Town Legal has been instructed and will seek to work collaboratively with the Applicant.
002	Albon Family (Albon Family) On Behalf Of Albon Family (Albon	The Applicant's most recent contact with the Land Interest was by email on 23rd March 2024 The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land Interest on that basis on 14th October 2022.
	Family)	Plot 33/19 is included within the DCO boundary for both construction and operational access.
		The Land Interest was contacted by the Applicant in May 2023 via telephone in respect of the Confirmation schedule and confirmed that the ownership details were correct. The latest engagement was in October 2023, when the Applicant discussed the project over the phone and explained the nature of the Land Interest's presumed ownership of subsoil / half width of highway. The Land Interest confirmed on the phone that they did not think a site meeting was necessary.
		As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not yet been able to deduce title.
		The Applicant is not aware of outstanding issues other than accommodation works to be discussed in due course.
003	Alexander Langlands Pearse	The Land Interest is one of the landowners of the Oakendene Sub-Station site.
004	loromy Toylor	Please see narrative in the Knight Frank LLP row (RR-278). The Applicant understands the Land Interest's Category 2 Interest is in respect of rights of access over unregistered land and has therefore not entered discussions
004	Jeremy Taylor	over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
005	South Coast Nursing Homes Ltd (South Coast Nursing Homes Ltd)	Since August 2021 the Applicant has been in regular correspondence with the Land Interest via telephone and email.
		The Land Interest own and operate a care home near the proposed cable route and part of the driveway to the care home is affected by a proposed Rampion 2 operational access.
		An initial on-line video meeting was followed by an in-person meeting at the care home operator's Head office in Worthing in August 2022.
		The Land Interest's main concerns relate to the impact of the construction works on their residents and the functioning of the business.
		The Applicant offered Heads of Terms for a proposed operational access in December 2023. These were signed and returned later in December 2023, The latest correspondence with the Land Interest was an email in January 2024 detailing that the project's solicitors would be in touch with the Land Interest's solicitors regarding the signed Heads of Terms.
		The Land Interest is seeking to work collaboratively with the Applicant and have submitted queries that have been answered in part, with further accommodation works to be discussed in due course.
006	Washington Recreation Ground Charity (Washington Recreation	The Applicant has been in regular correspondence with the Land Interest since February 2021 (Please see RR-413).
	Ground Charity)	From November 2023 onwards, the Land Interest has requested that the Charity is registered as a separate interested party / Land Interest. The latest correspondence with the Land Interest was in March 2024. The Applicant has not yet heard directly from the Charity.
		The Applicant has included the Washington Recreation Ground Charity as a Land Interest on the basis they are an occupier.
		The Applicant understands the outstanding issues are the same as those of the freehold Land Interest.
007	Glenda Coralie Ayliffe	In April 2023, the Land Interest contacted the Applicant in response to the public consultation.
		The Land Interest own a property which has its rights of access affected by a Rampion 2 proposed operational access. Since April 2023, the Applicant has been in contact with the Land Interest on several occasions, including clarifying in June 2023 both by telephone and email how
		the Land Interest's property is impacted. In January 2024, the Applicant contacted the Land Interest to confirm the impact being operational access only.
		The Applicant understands the interest is in respect of rights of access over unregistered land and has therefore not entered into discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
008	Roger Hector Ayliffe	The Applicant has been in direct correspondence with the Land Interest, via his wife.

•	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
Number 013	Tim Facer	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2021
013	nim Facer	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2021. This Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The driveway to the Land Interest's residential property and two of
		the Land Interest's fields are also affected by a proposed Rampion 2 operational access.
		Site meetings were initially held in April and August 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to their dwelling (summarised in engagement notes).
		The cable route was subsequently amended to take it further to the East and away from the property. The amended route was presented to the Land Interest at a meeting in April 2022. The rationale for the route amendment was further summarised in emails from August, September and November 2022 and a Letter dated October 2023.
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.
		Key outstanding concerns include location of a temporary haul road, extent of operational access land requirement and accommodation works which are subject to ongoing discussions.
		The Applicant met with the Land Interest on site in December 2023, with the latest correspondence being a Letter dated 27 February 2024, an email on 11 March 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms.
014	Ancleggan Limited (Ancleggan Limited)	In April 2022 the Land Interest (who have an option agreement to provide storage capacity for electricity generated by renewable energy projects) wrote to the Applicant in response to the public consultation.
		Since July 2022 the Applicant has held regular meetings with the Land Interest providing project updates.
		One Planet Developments Limited submitted, on behalf of the Land Interest, a planning application to Mid Sussex District Council in March 2023 (Ref: DM/23/0769). The Applicant wrote a letter to the planning officer in April 2023 stating a 30m construction corridor, becoming a 20m permanent easement, was required for the proposed cable route for the Rampion 2 project.
		The Land Interest have stated that the proposed area required by the Applicant will render their proposed development economically unviable or significantly more expensive and technically complex to develop.
		The Land Interest is seeking to work collaboratively with the Applicant to find a workable project infrastructure designs that work for both parties. Further detailed cable route design work is pending confirmation of National Grid connection details, currently expected from National Grid in February 2024.
		The Applicant's latest communication with the Land Interest and their agent was via an on-line call in January 2024.
015	Southern Water Services Limited	The Applicant has been in discussion with the Land Interest since November 2022 regarding the project proposals and the carrying out of construction works on land where they have operational assets and associated rights.
		Protective Provisions are being negotiated following further contact with the Land Interest's legal department in July 2023.
		The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section 135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
016	Ronald Alan Leggett	The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land interest on that basis on 14th October 2022. The deadline for receipt of
		responses for this round of consultation was 29th November 2022. Plot 33/19 is included within the DCO boundary for both construction and operational access.
		In June 2023, the Applicant was contacted by Meera Smethurst on behalf of the Land Interest regarding the Confirmation schedule. The Applicant has since been in correspondence with Meera Smethurst who confirmed in June 2023 that she and her husband have Power of Attorney to act for the Land Interest for property and financial affairs.
		In October 2023, the Applicant met with the Land Interest and Jeremy Richard Smethurst and Meera Elizabeth Smethurst (both in their role as Power of Attorney for the Land Interest and as a presumed owner of subsoil / half width of highway) at the home of the Land Interest. The Applicant explained the nature of interest, the presumed ownership of subsoil / half width of highway, followed by a summary email.
		As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the land interest has not yet been able to deduce title.
		Remaining concerns include details around the design proposals within the DCO boundary at this location (including potential highways works) and accommodation works to be discussed in due course.
017	Richard Napier Luce	In October 2022, the Applicant contacted the Land Interest as part of the consultation.
		In June 2023, the Land Interest contacted the Applicant in response to the public consultation. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		In November 2023, the Applicant spoke with the Land Interest over the phone and explained the infrequent anticipated use of the proposed operational access.
		The Applicant is not seeking to agree Heads of Terms in this instance.
		The Applicant believes there are no outstanding issues, other than further explanation as to the anticipated use of the operational access and discussions on accommodation works if necessary.
018	Elizabeth Anne Leggett	Please see the narrative in the Ronald Alan Leggett row (RR-328).
019	Mark Renny	The Land Interest is a Director of Brookside Holiday Camp Limited.
020	loromy Creathurst	Please see the narrative in the Brookside Holiday Camp Limited row (RR-050).
020	Jeremy Smethurst Meera Smethurst	Please see the narrative in the Meera Smethurst row (RR-236). The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of
021		that highway comprising plot 33/19 (which is unregistered) and consulted with the Land Interest on that basis on 14th October 2022. The Land Interest wrote to the Applicant in response to the public consultation.
		Plot 33/19 is included within the DCO boundary for both construction and operational access.
		The Applicant has been in correspondence with the Land Interest since November 2022.
		In October 2023, the Applicant met with the Land Interest at the home of a neighbouring landowner. The Applicant explained the nature of their interest, the presumed ownership of subsoil / half width of highway, followed by a summary email.
		As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not yet been able to deduce title.
		Remaining concerns include details around the design proposals within the DCO boundary at this location (including potential highways works) and accommodation works to be discussed in due course.

Comments on status of o	bjection / land negotation
-------------------------	----------------------------

Unique Reference	Name of Land Interest	Comments on status of objection / land negotation
Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotiation
022	Nigel Allen Light	The Applicant has been in regular correspondence with the Land Interest and their agent since May 2021.
		The Land Interest own pasture land affected by the proposed Rampion 2 cable route and the entrance to the driveway to the Land Interest's residential property and
		equestrian complex is affected by a proposed Rampion 2 construction access. Site meetings were initially held in September 2021, where the Land Interest expressed concerns about the proximity of the proposed Rampion 2 cable route to
		their equestrian complex. The proposed cable route was amended in consideration of these concerns and re-routed further East, away from the equestrian facilities. The amended route was presented to the Land Interest at a site meeting in April 2022.
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with Applicant to agree terms.
		Remaining concerns include the impact on the equestrian complex, disturbance/ compensation considerations, removal of a strip of woodland, and accommodation works to be discussed in due course. A further meeting was held in December 2023 to discuss these issues and work collaboratively.
		The Applicant requested further feedback from the agent on the Heads of Terms in March 2024.
023	Sandra Albon	Please see the narrative in the Albon Family row (RR-006).
024	Henry Adams (Henry Adams) On	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
	Behalf Of Alan David Lewhellin Griffiths And Janice Elizabeth Griffiths (Alan David Lewhellin Griffiths And Janice Elizabeth	The Land Interest own and operate a dairy farm with pasture land affected by the proposed Rampion 2 cable route. In addition, the driveway to the Land Interest's residential property, farmland and associated holiday lets/ camping businesses, is affected by a proposed Rampion 2 construction and operational access.
	Griffiths)	The Applicant met with the Land Interest on site in August 2021 and at a Landowner Surgery in September 2021 where the Land Interest expressed concerns about the proximity of the proposed cable route to their proposed slurry pit and disruption to the dairy farm business.
		The proposed cable route was amended to avoid the slurry pit (and other major constraints nearby) taking a route to the West of the farmstead. The amended route was presented to the Land Interest at a site meeting in March 2022, subsequent engagement notes and a letter dated 20 September 2023.
		Heads of Terms were issued in March 2023 and the agent confirmed in Novemer 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant requested further feedback from the agent on the Heads of Terms via a Letter in March 2024.
		Key outstanding concerns include potential disruption to both the dairy farm business and the holiday let/ camping income. Other disturbance considerations and accommodation works to be discussed in due course.
025	Angela Lightburn	The Land Interest was first consulted with by the Applicant in April 2023.
		The Land Interest does not own land affected by the Rampion 2 proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access. In addition, the land Interest have rights contained within a transfer deed and restrictive covenants affected by the Applicant's proposals.
		The Applicant is not seeking to agree Heads of Terms in this instance.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access and a strip of unregistered land.
026	Brookside Holiday Camp Limited (Brookside Holiday Camp Limited)	Mr Mark Renny (a Director of the Land Interest) attended the public consultation event in Littlehampton with the Applicant in July 2021.
		Plot 4/11 is included within the DCO boundary for proposed temporary construction access.
		The Applicant has met with the Land Interest in August 2022 & October 2023 to provide updates on the project.
		The Land Interest's principal concern relates to the proximity of the proposed Rampion 2 operational access road and the construction access / haul road along the construction corridor to the caravan park and the noise levels and possible vibration levels.
		The Land Interest is seeking further details on the proposed volume of traffic along the construction corridor and an understanding of the impact of vibration on the ditch and bungalow structures.
		The Land Interest is concerned his business may be at risk from noise and vibration affecting the Land Interest's customers and their enjoyment / use of their caravans.
		The Applicant's latest correspondence with the Land Interest was in January 2024.
027	Frederick Turok	Following a further review of the Works Plans, the Applicant has determined tha Plot 4/11 is unregistered land and adopted highway. The Applicant has in this instance not entered tinto discussions over Heads of Terms. In October 2022, the Land Interest (who owns a property to the east of Kent Street and has a presumed ownership of subsoil / part width of highway) contacted the Applicant in response to the public consultation.
		Plot 33/4 is included within the DCO boundary for proposed temporary construction access.
		The Land Interest attended a public meeting in November 2022 and submitted a consultation response detailing his main concerns. These include the level of construction traffic along Kent Street and wanting clarity on project timescales amid concerns of a reduction in value of his property.
		In December 2022, the Land Interest submitted an Alternative Route proposal. The route was not taken forwards for consultation on the basis of environmental constraints.
		As the Category 1 interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not been able to deduce title.
		The Applicant is not aware of any outstanding issues other than accommodation works to be discussed in due course if necessary.
028	Janine Creaye	The Applicant has been in regular correspondence with the Land Interest since August 2021. The Land Interest does not own land affected by the proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is
		The Land Interest's primary concerns include the environmental impacts of the proposals. The Applicant received a letter in response to the consultation in August
		2021 and subsequently met with the Land Interest on site in September 2021. In August 2022, the Applicant responded formally via Letter to the consultation response.
		The Land Interest sent additional letters in response to consultation in August 2022 and March 2023.
		The Applicant is not seeking to agree Heads of Terms.
		The Applicant is not aware of any outstanding issues other than accommodation works to be discussed in due course if necessary.
029	Julian Thorpe	In October 2022 the Land Interest wrote to the Applicant in response to the public consultation, having also been consulted in July 2021.
		The Land Interest does not own land affected by the Rampion 2 proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access, but will also be affected by cable construction works in two places.
		The Applicant received questions from the Land Interest in November 2022 and responded in the same month. In addition, the Land Interest was consulted in April 2023.
		The Applicant is not seeking to agree Heads of Terms.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access, anticipated reinstatement proposals and accommodation works discussions in due course.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotiation
038	National Highways	The Applicant has been in correspondence with the Land Interest since September 2020.
		The Land Interest owns carriageway and highway verge land affected by the proposed Rampion 2 cable route. There are proposed Rampion 2 operational and construction accesses that also intersect with the Land Interest.
		An initial on-line meeting was held in October 2020, and the Land Interest responded to both the 2021 and 2022 consultations.
		The Applicant understands that the Land Interest would like to work collaboratively to agree terms. It is anticipated that an agreement will to be taken forward with the Land Interest's Property department. The latest correspondence was an on-line meeting held in November 2023.
		Key outstanding concerns include agreeing protective provisions and accommodation works to be discussed in due course.
039	Henry Adams (Henry Adams) On Behalf Of Susie Clare Fischel	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
	(Susie Clare Fischel)	The Land Interest has pasture land affected by the proposed Rampion 2 cable route, and a proposed Rampion 2 construction access on the southern boundary of their title.
		A site meeting was initially held in February 2021, followed by subsequent representation letters where the Land Interest expressed concerns about the environmental sensitivities of the proposed cable route. The Land Interest's views were also reiterated within further site meetings in May and July 2021 and various consultation responses. Subsequently, the route was amended to take a route further to the east, away from the aforementioned environmental constraints. The new proposed route was initially presented at a meeting in January 2022 and again in April 2022. The rationale for the route amendment and decision-making process was summarised in a letter dated 19th July 2022.
		An additional route amendment was presented by the Land Interest at a site meeting in April 2022 and in formal representations in September and November 2022, as a response to the Applicant's proposed re-route on their land. The rationale and decision-making process for not progressing with the additional route amendment to consultation was communicated in a letter dated 17th October 2023.
		Heads of Terms were issued in March 2023 and the agent confirmed in October 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback on a number of occasions, the last of which was in February 2024. The agent responded to the email in March 2024 and noted that they would not have time to respond until April 2024.
040	James Scott	Key outstanding concerns include environmental considerations and issues regarding engagement. The Applicant has been in correspondence with the Land Interest and their agent since February 2021.
040	James Scott	The Land Interest owns a driveway to their residential property and business (Plot 25/7, 25/8 and 25/9) which is proposed to be used as a Rampion 2 construction and operational access.
		The Land Interest is the Managing Director of a Company which owns the Freehold Title of paddock land (plot 25/6) which is affected by the proposed Rampion 2 cable route.
		Site meetings were initially held between May and August 2021 and the Land Interest attended a consultation event in July 2021. The Land Interest expressed concerns about the impact on the paddocks, proximity of the proposals to their dwelling and business, and inclusion of an additional Title of theirs within the boundary of the cable corridor, which seemed unnecessary. Subsequently, the route was amended to remove the additional Title, and reduce the total area of the paddocks impacted by the cable route proposals. The new proposals were presented at a site meeting in May 2022.
		The Land Interest (in conjunction with neighbouring landowners) put forward an alternative route that would bypass their land to the South. The Applicant provided the rationale for why this route had been discounted at the site visit in May 2022.
		Heads of Terms were issued in March 2023 in respect of the cable route and December 2023 in respect of the operational access. The agent confirmed in October 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant's latest correspondence with the Land Interest was a Letter sent in March 2024 requesting feedback on the Heads of Terms.
		Key outstanding concerns include further clarity on timescales, disturbance and mitigation, as well as accommodation works to be discussed in due course.
041	Susan Turok	Please see the narrative in the Frederick Turok row (RR-125).
042	(Maria) Teresa Natale	The Land Interest attended the public consultation event in Arundel in November 2022. The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route.
		The Applicant subsequently met with the Land Interest and fellow trustees / landowners in November 2022 (twice), February 2023 and May 2023 to discuss the
		projects impacts on the land and to discuss the Land Interest's / trustees' intended use of the land.
		The Applicant undertook a detailed assessment of the route options and set out the reasoning behind the preferred route in a letter to the Land Interest and fellow trustees in May 2023.
		This letter also included the Applicant setting out their position on the development proposals presented by the Land Interest and fellow trustees in the May 2023 meeting.
		Key outstanding concerns remain whether the cable route can be accommodated within any potential future development of the Land Interest's land.
		Heads of Terms were issued to the Land Interest and the fellow trustees in July 2023.
		The Applicant corresponded with the Land Interest in November 2023.
		The Applicant's last correspondence with the Land Interest was via a letter in March 2024.
		Please note this landowner is one of four Trustees who are: - (Maria) Teresa Natale (RR-001) - Gina Perella Lewis (RR-132) - Maria Natale Hacon (RR-215) - Teresa Natale Camilleri (RR-216)
043	Charles Roderick Worsley	The Applicant has held several rounds of discussions (on-site meetings) with the Land Interest in relation to providing regular updates on the project throughout 2022 and 2023.
		The Land Interest owns pasture land which is affected by the cable route (and is subject to an Option, please refer to RR-102).
		Heads of Terms were issued to the Land Interest in November 2023.
		The Land Interest's key concern relates to the Applicant requesting a larger area of land than the standard 40m construction corridor and is concerned about the impact on trees and hedgerows.
		The Applicant's last correspondence with the Land Interest's agent was in December 2023.

Unique Reference	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
Number		
044	Maria Teresa Camilleri	The Land Interest attended the public consultation event in Arundel in November 2022.
		The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route.
		The Applicant subsequently met with the Land Interest and fellow trustees / landowners in November 2022 (twice), February 2023 and May 2023 to discuss the projects impacts on the land and to discuss the Land Interest's / trustees' intended use of the land.
		The Applicant undertook a detailed assessment of the route options and set out the reasoning behind the preferred route in a letter to the Land Interest and fellow trustees in May 2023.
		This letter also included the Applicant setting out their position on the development proposals presented by the Land Interest and fellow trustees in the May 2023 meeting.
		Key outstanding concerns remain whether the cable route can be accommodated within any potential future development of the Land Interest's land.
		Heads of Terms were issued to the Land Interest and the fellow trustees in July 2023.
		The Applicant's last correspondence with the Land Interest was in November 2023.

)45	Knight Frank LLP (Knight Frank LLP) On Behalf Of Oakendene	The Applicant and the Land Interest have met on numerous occasions, over a three-year period (2021 to 2024) negotiating terms for an Agreement for Lease for the use of the land for the Rampion 2 Substation Site.
	Estate Langlands-Pearse And Others (Oakendene Estate Langlands-Pearse And Others)	The Land Interest owns pasture land that will be affected by the Substation Site, temporary construction access, construction compound, and the proposed cable route.
	Langianus-rearse And Others)	Solicitors have been appointed by both parties and the agreements have been issued for engrossment.
		During this period discussions have been ongoing between the Applicant and the Land Interest in relation to the Land Interest's wider concerns cited in their relevant representation.
		The Applicant's last correspondence with the Land Interest was in January 2024.
046	The National Trust (The National Trust)	Overview
		Several meetings have been held with the National Trust to discuss acquisition of rights on land under their ownership and land over which they have rights. The Applicant has been in regular correspondence with the National Trust's representatives and their agent since June 2022.
		The National Trust has two interests affected by the proposed cable route. One being freehold land in Washington (pasture land) and one being a Covenant over Land at Climping (arable land). The National Trust does not own the land at Climping, therefore it is not inalienable. In addition, the interests are affected by a construction access and operational access. There is a proposed construction compound on the Covenant Land. Meetings were held in June 2023 and Heads of Terms issued in July 2023. All parties have confirmed that they will work collaboratively to agree terms.
		Washington Land negotiations
		Feedback was received from the National Trust agent and representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs. Discussions ongoing associated with rights of access and agreements required to be put on place associated with the access requirements over land occupied by the Lorica Trust.
		The Land in question has been given special power by Parliament to declare land within the ownership of the National Trust as inalienable where it is considered as fit to be held for the benefit of the nation (s21(2) of the National Trust Act 1907). As a consequence, the National Trust is prevented from disposing of the freehold of such land. There is also additional protection when any such land is the subject of potential compulsory acquisition of the land itself or rights over that land.
		In the face of an objection to a compulsory purchase order by the National Trust, which has not been withdrawn by the time the confirming authority (the Minister) comes to making a decision on whether to confirm the CPO, the CPO becomes subject to 'special parliamentary procedure' (SPP). The CPO will not come into operation until the SPP process is concluded. The Applicant is engaging constructively to obtain the required rights over the inalienable land voluntarily so as to avoid the SPP process ensuring that any mitigations or benefits are secured.
		The land in question was gifted to the National Trust under the will of Mr A B Lloyd in 1942. The land has subsequently been declared inalienable. The majority of the land impacted by the scheme, is within a 99 year farm business tenancy granted to the Lorica Trust in 2004. The remainder of the land is managed in hand by the National Trust's local ranger team.
		Climping Covenant Land negotiations
		Feedback was received from the National Trust representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs.
		The National Trust is the beneficiary of an Existing Covenant that was put in place to protect a specific conservation interest on Land at Climping being the "Normanby Covenant", dated 10th December 1973 between The Most Honourable Grania Maeve Rosaura The Marchioness of Normanby (1) and the National Trust (2)
		The works required to implement the Development include Works to the Covenanted Land that may be deemed to be in contravention of the Existing Covenant but for the exercise of compulsory acquisition powers. The parties have negotiated terms, subject to internal sign off, that will enable the covenant to be temporarily suspended to the extent necessary to enable the Applicant to implement the Works. The parties have provisionally agreed to adhere to the terms of the agreement to be put in place that will ensure harm caused to the conservation interest by the Development is mitigated.
)47	Gina Perella Lewis	The Land Interest attended the public consultation event in Arundel in November 2022.
		The Land Interest owns pasture land which is affected by the proposed cable route.
		The Applicant subsequently met with the Land Interest and fellow trustees / landowners in November 2022 (twice), February 2023 and May 2023 to discuss the projects impacts on the land and to discuss the Land Interest's / trustees' intended use of the land.
		The Applicant undertook a detailed assessment of the route options and set out the reasoning behind the preferred route in a letter to the Land Interest and fellow
		trustees in May 2023. This letter also included the Applicant setting out their position on the development proposals presented by the Land Interest and fellow trustees in the May 2023
		meeting. Key outstanding concerns remain whether the cable route can be accommodated within any potential future development of the Land Interest's land.
		Heads of Terms were issued to the Land Interest and the fellow trustees in July 2023.
		The Applicant's last correspondence with the Land Interest was in November 2023.

Number		
048	Paula Newman	The Applicant has been in regular correspondence with the Land Interest and their agent since January 2021.
		The Land Interest has pasture land affected by the proposed Rampion 2 cable route.
		A site meeting was initially held in February 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to their dwelling. Subsequently, the route was amended to take a route further to the east, away from the dwelling, which was presented at a site meeting in August 2021.
		Heads of Terms were issued in March 2023. The Applicant has been in regular contact with the agent since issue of Heads of Terms, with last contact being a site meeting in January 2024. The Applicant awaits confirmation as to whether the Land Interest would like to proceed to negotiate terms. An email requesting comments on the Heads of Terms was sent to the agent in February 2024 and a Letter in March 2024.
		Key outstanding concerns include disturbance and mitigation, as well as accommodation works to be discussed in due course.
049	Toby Chapman	The Applicant met with the Land Interest in May 2021 outlining the proposed scheme.
		The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route.
		The Land Interest's principal concern was the potential impact the construction of the cable route would have on their proposed equine facility – that had just received planning consent – for a new stable block, and indoor and outdoor arenas.
		Following the Applicant obtaining copies of the drawings (accompanying the planning application) the Applicant gave detailed consideration to altering the cable route in order to mitigate the potential impact on the proposed equine facility. The results of this, a minor re-alignment and a small reduction in the size of the Red Line Boundary, were presented to the Land Interest in an on-site meeting in May 2022.
		Heads of Terms were issued to the Land Interest in March 2023. The Applicant has sought feedback from the Land Interest's agent on a number of occasions, the last of which was via a Letter in March 2024.
		The Land Interest continues to have concerns about the impact that the construction period will have on the equine facility.
		The Land Interest contacted the Applicant via telephone directly in April 2024 to communicate concerns. The Applicant has arranged an in-person meeting to address concerns.
050	Clair Chapman	Please see the narrative in the Toby Chapman row (RR-402).
051	John O'Rourke	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
		The Land Interest owns pasture land affected by the proposed cable route.
		Site meetings were initially held in August and September 2021, with regular dialogue via on-line video calls since. The Land Interest expressed concerns about the proposed substation on their land, which was removed from the project design in July 2022. The Applicant is using reasonable endeavours to work with the Land Interest where possible.
		Heads of Terms were issued in July 2023. The Applicant is awaiting feedback from the Land Interest and their agent that they would like to work collaboratively to agree terms, the last of which was via email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms.
		Key outstanding concerns include the total area of land that is included as part of the DCO application and accommodation works to be discussed in due course.
052	Stephen Christopher Turner	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2022.
		The Land Interest owns pasture land affected by a proposed Rampion 2 temporary construction access. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		Site meetings were initially held in April and May 2022, where the Land Interest expressed a preference for the route to be moved to their far eastern field, and for an alternative construction access to be used instead. The original proposal remained in scope and the Applicant provided the rationale behind the route positioning through the Land Interest's land.
		Heads of Terms were issued in December 2023 in respect of the proposed construction access and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The Applicant has requested feedback from the Land Interest's agent, including at a site meeting in January 2024 and via email in February 2024. In February 2024, the Land Interest responded via email concluding that the rate offered for the proposed construction access was not sufficient.
		Key outstanding concerns include accommodation works to be discussed in due course.
053	Andrew Porter	The Land Interest's Category 2 Interest is in relation to rights and contributions towards maintenance of access road contained within a transfer dated 25 October 1993 and a Deed dated 1 November 2021 registered under title SX17882.
		The Applicant in this instance has not entered discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
054		The Applicant and the Land Interest and their agent(s) have held a number of meetings and exchanged a number of letters in relation to the proposed Rampion 2
	LLP, The Angmering Park Estate	cable route running through the Angmering Park Estate over the course of a three year period from 2021 to 2024. The Land Interest owns a mixture of arable and pasture land as well as woodland which is affected by the proposed Rampion 2 cable route and proposed
		construction and operational access.
		Through early engagement with the Land Interest, and the resident agent, during 2021 and 2022, a number of concerns have been resolved including providing alternative cable routes to mitigate engineering and environmental concerns, which resulted in further rounds of public consultation in the autumn of 2022.
		Heads of Terms were issued to the Land Interest in June 2023.
		The Land Interest's agent has raised concerns over joint bay locations. Whilst these locations are not known at present, detail will be provided in due course. In addition, the Applicant understands the Land Interest has concerns about HDD locations across the Estate.
		The Applicant continues to work collaboratively with the Land Interest and the Land Interest's agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents. The Land Interest is willing to work towards agreeing terms with the Applicant.
		The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section
		135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
		The Applicant's last correspondence with the Land Interest's agent was in January 2024.
		The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 1st March 2024, whereby Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issue relates to the optionality on Michelgrove Bank, which will only be determined upon the Applicant undertaking ground investigation works programmed for the summer 2024.
055		The Applicant has been in regular correspondence with the Land Interest since June 2021.
	Electricity Transmission Plc (Ardent On Behalf Of National Grid Electricity Transmission Plc)	The Land Interest has pasture land affected by the proposed Rampion 2 cable route and a proposed substation extension which would form permanent infrastructure.
		The Applicant visited the proposed location of the cable in February 2023 to undertake surveys on the area. Since then, the Applicant has had regular contact with the Land Interest, most recently via on-line meetings in November and December 2023.
		Heads of Terms were issued in November 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. Meetings have been held with the Land Interest in January and February 2024 to negotiate and agree points within the Heads of Terms.

Unique Reference	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
Number		
056	Christopher John Waller	The Applicant has been in contact with the Land Interest and their agent since March 2021.
		The Land Interest has pasture land affected by the proposed Rampion 2 cable route and a proposed Rampion 2 operational access affecting their land.
		A site meeting was initially held in March 2021 followed by a Landowner surgery in July 2021, where the Land Interest expressed concerns about the proposed cable route and proposed operational accesses onto their land. Subsequently, and following a visual inspection in January 2023, one of the operational accesses was removed.
		Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree terms. The Applicant has sought feedback from the Land Interest's agent, the latest such request was in February 2024 and via a Letter in March 2024.
		Key outstanding concerns include traffic levels associated with the proposed construction of the substation, clarification on the operational access extent and accommodation works to be discussed in due course.
057	Henry Adams LLP (Henry Adams LLP) On Behalf Of Claudia Langmead Farming Ltd (Claudia	The Applicant met with the Land Interest, the Land Interest's agent, the occupier and the occupier's agent in August & September 2022 to discuss and review the proposed cable route.
	Langmead Farming Ltd)	The Land Interest owns pasture land which is affected by a proposed Rampion 2 temporary construction access. The Land Interest was originally affected by both the cable route and the construction access, but following consultation and subsequent route amendments, there is now not cable route associated with this Land Interest.
		The Applicant was made aware that the occupier operates a 200-cow dairy herd and that access to the milking parlour through the farmstead was critical.
		The Applicant gave detailed consideration to this which resulted in the cable route being altered (and a route selected off the Land Interest's land) and a temporary construction access route only being required. The temporary construction access route follows the boundary of the farm / field which mitigates the level of impact on the dairy farm. This was presented to the Land Interest in a meeting in December 2023.
		Heads of Terms were issued to the Land Interest in December 2023.
		The Applicant met with the Land Interest, the Land Interest's agent, and the tenant's agent to discuss the Heads of Terms in December 2023. The Land Interest has requested further details on the construction methodology of the temporary construction road and is seeking to negotiate the easement consideration.
		The Appliant met with the Land Interest and the Land Interest's agent to discuss and review the Heads of Terms in December 2023. The Applicant emailed the Land Interest in February 2024 setting out the basis of the Applicant's offer. The Applicant has followed up with the Land Interest for an update in March 2024. The key oustanding issue relates to the easement consideration being offered by the Applicant.
		After this email correspondence has been ongoing with the Land Interest throughout April 2024.
058	Climping Homes (Climping Homes)	The Applicant consulted with the Land Interest in October 2022, and in April 2023 as part of Highways Consultation. Following this, the Land Interest approached the Applicant in October 2023, to gain an understanding of the project and the potential impact on their land.
		Plots 2/19 & 2/20 are included within the DCO boundary for proposed temporary construction access.
		The Land Interest has obtained outline planning consent for a 300-dwelling residential development on their land. As part of the development the Land Interest proposes to alter Church Lane and install a new roundabout onto the A259. The main entrance to the Land Interest's proposed development would be off Church Lane in close proximity to the Applicant's proposed access into the Climping construction Compound.
		In a meeting between the Applicant and the Land Interest in November 2023, the Land Interest's principal concern was the potential impact the construction compound will have upon the saleability (i.e. ability to sell and value of) when the new houses are completed and ready to be sold. The Land Interest was also concerned about how the two construction projects (access points) may interact.
		Heads of Terms were issued to the Land Interest in December 2023.
		The Land Interest has confirmed they are willing to work collaboratively with the Applicant towards reaching a voluntary agreement.
		The Applicant's last correspondence with the Land Interest was in January 2024.
		The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 4th March 2024, whereby Heads of Terms were reviewed in detail. Following the dicussion it was agreed that an agreement would be more appropriate than an Option Agreement and Deed of Easement. The Applicant will confirm to the Land Interest the form of the agreement to move forward with.

059		The Applicant has had a number of discussions with the Land Interest's agent, over the period of 2021 to 2022, to review the cable route and operational access
	LLP) On Behalf Of Executors Of D	routes on the land.
	Bowerman (Executors Of D	
	Bowerman)	The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route, an operational access, and an area needed to store excavated materials.
		Heads of Terms were issued to the Land Interest in March 2023.
		The Land Interest's agent has particular concerns over the definition of a tree (within the draft Easement Agreement), what can and cannot be planted in the easement strip and has also raised concerns about the limitations of the use of the easement strip / cost implications of the maintenance liabilities being imposed on the Land Interest.
		The Applicant's last correspondence with the Land Interest' agent was in December 2023.
		The Applicant has held several high level discussions with the Land Interest's agent, since receiving an initial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Land Interest's agent confirmed that there were no outstanding issues. The Applicant has emailed the Land Interest's agent, in March 2024, seeking for the Heads of Terms to be signed and returned. A letter was also sent by the Applicant in March 2024.
060	Batcheller Monkhouse (Batcheller	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
	Monkhouse) On Behalf Of Grant Talbot And Theresa Talbot (Grant Talbot And Theresa Talbot)	This Land Interest owns pasture land which is affected by the proposed cable route, including an area of land adjacent to the cable route (Plot 31/2) proposed to be used for construction and operational access. In addition, part of track owned by the Land Interest (Plot 30/15) is affected by a proposed construction and operational access.
		Site meetings were initially held in April 2021 and May 2022, where the Land Interest expressed concerns about the disruption to their farming activities as a result of the two proposed cable route options on their land. In addition, the Land Interest expressed concerns about multiple proposed construction and operational accesses which affected their land. In July 2022, the location of the substation was communicated to the Land Interest, which subsequently removed one of the proposed cable routes from their land.
		Further site meetings were held in August 2022 and February 2023, where the Land Interest expressed concerns about the proposed construction and operational accesses through their fields and through the farmyard/ equine business. Subsequently, the construction and operational access through the farmyard was removed from the design and communicated to the Land Interest via telephone in April 2023. This left one construction and operational access affecting part of a track owned by the Land Interest (Plot 30/15) and a section of pasture land affected by a construction and operational access (Plot 31/2).
		Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback from the Land Interest's agent on a number of occasions, the last of which was via email in December 2023 and via a Letter in March 2024.
		Key outstanding concerns include the impact of the cable route on their forage business operations and the impact on land drainage, as well as accommodation works to be discussed in due course.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
061	Lester Aldridge LLP (Lester	The Applicant has had detailed dialogue with the Land Interest and the Land Interest's land agents commencing from April 2021.
	Aldridge LLP) On Behalf Of Green Properties (Kent & Sussex) Ltd	The Land Interest owns pasture land and woodland (planted saplings) which is affected by the proposed cable route.
	(Green Properties (Kent & Sussex) Ltd)	The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calls), in June, August, October 2021, March, April, May, June 2022, and attempted to arrange meetings (via telephone and Letter) in 2023 with the Land Interest and the Land Interest's agents.
		The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest, and the Land Interest's agents, and offering explanations as to how the Applicant has selected the cable route across the land.
		The Applicant sought to discuss Heads of Terms with the Land Interest and the Land Interest's agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or the Land Interest's agents.
		The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024. Heads of Terms were issued to the Land Interest in January 2024.
		The Applicant has contacted the Land Interest's newly appointed Agent to seek to meet (in March 2024) to discuss further the Heads of Terms issued in January 2024.
062	Joanne Higgins	The Land Interest does not own land affected by the proposals but has access rights over a lane which leads to their residential property. The lane is proposed to be used as an operational access and will also be affected by cable construction works in two places. In addition, the Land Interest has a Category 2 Interest in relation to rights contained within a transfers dated 4 May 1972 and 27 October 1995 registered under title SX17882.
		In April 2023, the Land Interest contacted the Applicant in response to the public consultation. The Applicant spoke with the Land Interest via telephone and followed up with an email in April 2023. In October 2023, the Applicant discussed the Land Interest's concerns over the telephone and followed up with an email confirming how their rights are affected.
		The Applicant is not seeking to agree Heads of Terms.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access, anticipated reinstatement proposals and accommodation works discussions in due course.
		The Applicant will respond directly to the Land Interest's relevant representation.
063	Henry Adams LLP (Henry Adams LLP) On Behalf Of Mr And Mrs G Woolgar (Mr And Mrs G Woolgar)	The Applicant has been in regular correspondence with the Land Interest and their agent since April 2021. The Land Interest has pasture land affected by the proposed cable route.
		A site meeting was held in August 2021, as a project introduction, where the Land Interest expressed concerns about the loss of grazing. There have been no route
		amendments proposed by the Land Interest. Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree
		terms. The latest correspondence was an email in January 2024 requesting feedback on the Heads of Terms documentation and a Letter in March 2024.
064	Batcheller Monkhouse (Batcheller	Key outstanding concerns include queries about the key term documentation and accommodation works to be discussed in due course. The Applicant has been in regular correspondence with the Land Interest since September 2021.
	Monkhouse) On Behalf Of Mr Charles How (Mr Charles How)	The Land Interest does not own land affected by the proposals. The Land Interest is a tenant farmer who farms pasture land affected by the proposed Rampion 2 cable route.
		The Applicant has met the Land Interest on site in May 2023, accompanied by the freehold landowner, to discuss the impact on the farming business.
		The Applicant is not seeking to agree Heads of Terms with the tenant but has been working collaboratively with the Land Interest's landlord. The Applicant is not aware of any outstanding issues other than compensation for disturbance and accommodation works to be discussed in due course.
065	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Mr D H	The Applicant has been in regular correspondence with the Land Interest and their agent since May 2021.
	Monkhouse) On Behalf Of Mr D H Dumbrell, Mrs L Dumbrell & Mr R Dumbrell (Mr D H Dumbrell, Mrs L Dumbrell & Mr R Dumbrell)	The Land Interest owns pasture land affected by the proposed cable route.
		A site meeting was initially held in August 2021 for a project introduction. A further meeting was held in April 2022 to discuss a minor route amendment that was being considered on their land as a result of design modifications. Subsequently, the new route was taken forwards following consultation. Heads of Terms were issued in March 2023. The agent has put forward questions on the documentation and confirmed that the Land Interest would like to work
		collaboratively with the Applicant to agree terms. The Applicant has sought feedback from the Land Interest's agent, the last of which was an email in December 2023 and a Letter in March 2024.
		Key outstanding concerns include the total area included within the DCO boundary and accommodation works to be discussed in due course.
066	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Mr Mark Cleaver And Mrs Karen Cleaver (Mr Mark Cleaver And Mrs Karen Cleaver)	The Applicant has been in correspondence with the Land Interest and their agent since January 2021.
		The Land Interest operate a campsite affected by the proposed cable route. The campsite is also located adjacent to a proposed construction compound. The Land Interest have built a dwelling in proximity to the proposed cable route and construction compound and resides on site.
		A site meeting was initially held in February 2021, where the Land Interest expressed concerns about the project boundary intersecting with their property (which was under construction at the time). Subsequently, the boundary was amended to avoid the dwelling. A further site meeting was held in July 2022 where the Applicant explained that the section of cable route in this location is intended to be installed by HDD methodology and no open trenching is proposed. At the site meeting and subsequent consultation event in November 2022, the Land Interest raised concerns about the impact of the construction compound and associated works on their business and future property development on site.
		Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree terms. The Applicant has sought feedback from the Land Interest's agent, the last of which was a Letter in March 2024.
		Key outstanding concerns include disturbance and mitigation, as well as accommodation works to be discussed in due course.
007		The Applicant will respond directly to the Land Interest's relevant representation.
067	Henry Adams LLP (Henry Adams LLP) On Behalf Of Mssrs Hutchings (Mssrs Hutchings)	The Applicant and the Land Interest have had a number of discussions about the cable route and the Rampion 2 project requirements over the period of 2021 to 2024.
		The Land Interest owns pasture land which is affected by the proposed cable route, areas needed temporarily for cable duct stringing and storage of excavated materials, and a proposed operational access.
		The Land Interest's agent has made the Applicant aware of an Option Agreement with a Developer for a second solar farm on the Land Interest's land. The Applicant is willing to work collaboratively with the Land Interest to seek to reach an amicable agreement on accommodating the cables and the solar farm on the land. Discussions between the Applicant and the Land Interest and the Land Interest's agent are ongoing.
		The Land Interest's agent has also made the Applicant aware that part of the cable route will pass through a landfill area. The Applicant has given detailed consideration to this, as well as considering minor cable routing amendments in this area. The results of this have been communicated to the Land Interest's agent.
		The Land Interest's agent has raised a concern in relation to the cable route severing the Land Interest's fields and rendering them redundant (i.e. unable to farm due to access and size of the severed fields). The Applicant has confirmed that access to all parts of the land will be maintained throughout construction.
		Heads of Terms were issued to the Land Interest in March 2023.
		The Land Interest's agent has raised a concern relating to the Applicant seeking to plant trees on the Land Interest's land to meet their Biodiversity Net Gain ("BNG") requirements. The Applicant is reviewing this and will respond to the Land Interest accordingly.
		The Applicant's latest correspondence with the Land Interest's agent was in December 2023.
		The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issues relate to whether the DCO Boundary can be refined and whether the proposed cable route can be as far West as possible (within the DCO Boundary).

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of	The Applicant has been in regular correspondence with the Land Interest and their agent since August 2021.
	Monknouse) On Benair Of Muntham Farm LLP (Muntham Farm LLP)	The Land Interest owns arable and pasture land affected by the proposed cable route, and a proposed temporary construction access which partially follows a track and partially follows the edge of a field within their ownership. In addition, there is a proposed operational access which follows along an existing road access to the farm (which also provides the access to other dwellings).
		A site meeting was initially held in August 2021 to discuss the original PIER cable route proposal. Later meetings were held between May and August 2022, following the conception of the Longer Alternative Cable Route ("LACR") and Alternative Access ("AA") affecting their property, where the Land Interest expressed concerns about the direct route of the proposed cable across the farm. The Land Interest was collaborative and worked with the Applicant to agree on a variation of the existing route following site meetings in December 2022 and February 2023, which was put forward for a localised public 28-day consultation in March 2023. Subsequently, the route was amended to take a route further to the West, minimising impact on the farm where possible. The construction route and operational access route remained within scope.
		Heads of Terms were issued in July 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The latest correspondence wasa Letter to the Land Interest and their agent in March 2024requesting feedback on the Heads of Terms documentation.
		Key outstanding concerns include the impacts on farming and businesses on site, disturbance and accommodation works to be discussed in due course.
069	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Patrick John Marcel Hutchinson (Patrick	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021. The Land Interest has pasture land affected by the proposed cable route and a proposed operational access (which affects the edge of a field).
	John Marcel Hutchinson)	Site meetings were initially held in March and September 2021, where the Land Interest raised concerns about the timescales of construction, but no route amendments were put forward by the Land Interest. In July 2022, another meeting was held to discuss a minor route amendment that was being considered on their land as a result of design modifications. Subsequently, the new route was taken forwards following consultation.
		Heads of Terms were issued in March 2023 and the Applicant has been sent a number of queries regarding the documentation by the agent. Feedback has been sought from the Land Interest's agent via email in December 2023, with further correspondence in January 2024 and a Letter in March 2024.
		Key outstanding concerns include the total area of land included within the DCO boundary and accommodation works to be discussed in due course.
070	Peter Christopher May	The Land Interest was first consulted by the Applicant in July 2021.
		The Land Interest owns a small parcel of land within the DCO boundary. The parcel of land borders an existing lane, which is a proposed Rampion 2 operational access route. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.
		Despite attempts, the Applicant has been unable to make contact with the Land Interest.
		It is anticipated that Heads of Terms will be issued in due course.
		The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access.
		The Applicant will respond directly to the relevant representation.
)71	Chris May and Elaine May	Please refer to response to Peter Christopher May (RR-300).
072	Batcheller Monkhouse (Batcheller	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
	Monkhouse) On Behalf Of R G Nash & Sons (R G Nash & Sons)	The Land Interest owns and operates a mixed dairy, beef and arable farming business which is affected by the proposed cable. There is also a proposed Rampion 2 construction access that affects part of the existing driveway (the entrance to the farm), part of an existing track, and agricultural land within the farm. There is also a proposed Rampion 2 soil storage area affecting agricultural land, and a proposed construction and operational access affecting agricultural land and an existing track.
		An initial site meeting was held in February 2021, where the Land Interest expressed concerns about the proposed cable route intersecting with a slurry pit (and associated infrastructure) that was under construction on their land. Subsequently, the route was amended to avoid this area.
		Further site meetings were held in May 2022 and December 2022, where the Land Interest expressed concerns about the impact of the Rampion 2 proposals on the operation of the business. At the December 2022 site meeting, the Land Interest expressed concerns about the route of the construction access on their land. The Land Interest was collaborative and worked with the Applicant to agree on a variation to the existing route which was put forward for consultation in April 2023. The construction access was subsequently amended within the design proposals.
		Heads of Terms were issued to the in July 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback on a number of occasions, including an on-line meeting to discuss concerns in November 2023, the last of which was a Letter in March 2024.
		Key outstanding concerns relates to the impact of the proposals on the operation of the dairy business and drainage. The Applicant has confirmed that this will be discussed in more detail in the accommodation works in due course.
)73	Knight Frank (Knight Frank) On Behalf Of R J Goring, R H Goring,	The Applicant has consulted (both formally and informally) with the Land Interest (Wiston Estate) at both stakeholder level and landowner level, over the period 2020 to 2024
	P Goring, Wiston Estate Partnership (R J Goring, R H Goring, P Goring, Wiston Estate Partnership)	The Land Interest has arable and pasture land affected by the proposed Rampion 2 cable route, and a number of proposed construction and operational access routes.
		A site meeting was initially held in September 2021, where the Land Interest expressed a number of concerns about macro and micro re-routing of the cable. These views were reiterated within various consultation responses.
		An alternative route, to the south of Washington village, was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting in April 2022.
		In addition, in September 2021, the Land Interest proposed an alternative construction access route and removal of a proposed operational access. Subsequently both requests were factored into the design, and presented to the Land Interest at a site meeting in April 2022.
		Further site meetings were held in January 2023 and May 2023, with the Applicant working in conjunction with the Land Interest and the farm tenants to understand the main concerns.
		Heads of Terms were issued to the Land Interest in March 2023. The agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has been corresponding with the Land Interest, including meeting with various tenants on site in May 2023. The latest correspondence being from an in person meeting in January 2024 and online meetings in February 2024 and March 2024 to negotiate and agree points within the Heads of Terms.
		Key outstanding concerns include the impact on the future commercial operation of the estate, the preference for the alternative route to the south of Washington,
)74	Ruth Taylor	the treatment of farm tenants, the safety of the construction compound location, as well as accommodation works for discussion in due course. Discussions have been held in relation to non-intrusive survey access, resulting in a survey access licence agreement being signed up to with the Land Interest.
		The Land Interest owns an access track which is affected by the proposed cable route.
		The Applicant met with the Land Interest in July 2022 and May 2023 to provide an update of the project's progress, and to discuss the impacts of the proposed cable route on their land. During this period the Applicant exchanged several emails with the Land Interest.
		Heads of Terms were issued to the Land Interest in June 2023 with a revised Heads of Terms issued in July 2023. An on-site meeting was held between the Applicant and the Land Interest in December 2023 to discuss the revised Heads of Terms and any of the Land Interest's concerns.
		The Land Interest's principal concern is how their horses will cross the proposed construction corridor during construction. The Land Interest is also not content with the proposed consideration being offered. The Applicant is awaiting further detailed information in relation to financial settlement.
		The Applicant has agreed that reasonable legal fees will be reimbursed and that the Land Interest may commence engagement with their legal representatives. The Applicant's last correspondence with the Land Interest was in December 2023. The Land Interest is awaiting engineering feedback on construction details from the Applicant and accommodation works which are subject to ongoing discussions

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
	Suzy Smith Racing Ltd (Suzy Smith Racing Ltd)	The Land Interest occupies part of the Angmering Park Estate.
		The Land Interest occupies pasture land which is affected by the proposed cable route.
		The Applicant has noted the concerns raised in the relevant representation, in relation to the proximity of the construction corridor to the grass gallops / Lower Combe Stables and will discuss accommodation works / ways to mitigate the impact of the construction works in due course.
		The Applicant's last correspondence with the landowner (Angmering Park Estate) was in January 2024.
		The Applicant met with the Land Interest in January 2024, where it susbequently transpired that the Land Interest does not occupy Plot 8/3. Therefore the Land Interest has no interest in the land and will therefore no longer require to be consulted with during the project. The Applicant wll ensure the BoR and the Change Log are updated accordingly.
076	The Baird Farming Partnership (The Baird Farming Partnership)	The Applicant and the Land Interest and their agent have been engaged and in ongoing discussions over the period 2021 to 2024.
	On Behalf Of The Baird Farming Partnership (The Baird Farming Partnership)	The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access, an area needed temporarily for the storage of excavated materials and construction compound.
		Heads of Terms were issued to the Land Interest in June 2023.
		The Land Interest's principal concerns relate to; the construction compound location; the restrictions sought to be imposed on the easement strip (as defined in the draft Deed of Easement document); the impact of the cable route on the adjacent Littlehampton Economic Growth Area ("LEGA"); the impact of the construction corridor and construction compound on the existing land drainage.
		The Applicant has given detailed consideration to these concerns. The Applicant has sought to mitigate the impact of the cable route on LEGA by moving the cable route further to the West (away from) of the proposed area.
		The Applicant continues to be in discussions with the Land Interest and their agent over the Land Interest's concerns listed above and the wider concerns as detailed in the Land Interest's relevant representation.
		The Applicant's last correspondence with the Land Interest was in January 2024.
		The Applicant met with the Land Interest and the Land Interest's agent on 12th March 2024 and reviewed the Heads of Terms, draft Option Agreement, draft Deed of Easement documents. The key issues outstanding, are assurances being sought on contamination of the site compound, rates (£ per square metre) on the site compound, and clarity on what the site compound is to be used for.
		The Applicant and the Land Interest and their agent have held a number of meetings and exchanged a number of letters in relation to the proposed cable route running through the Land Interest's land since the introduction of the Longer Alternative Cable Routes in 2022.
	Executors Of Lady Sarah Margaret Clutton)	The Land Interest owns arable land which is affected by the proposed cable route and temporary construction access.
		Heads of Terms were issued to the Land Interest in June 2023.
		The Land Interest's agent has raised concerns over joint / transmission bay locations and whilst these locations are not known at present, will be provided in due course.
		The Applicant continues to work collaboratively with the Land Interest and their agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents.
		The Applicant's latest correspondence with the Land Interest's agent was in January 2024.
		The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 1st March 2024, whereby Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issue relates to the optionality on Michelgrove Bank, which will only be determined upon the Applicant undertaking ground investigation works programmed for the summer 2024.
078	Lester Aldridge LLP (Lester Aldridge LLP) On Behalf Of	The Applicant has had detailed dialogue with the Land Interest and their agents commencing from April 2021.
	Thomas Ralph Dickson (Thomas Ralph Dickson)	The Land Interest owns pasture land which is affected by the proposed cable route.
		The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calling), in June, August, October 2021, March, April, May, June 2022, and March 2023 with the Land Interest and their agents. The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest and their agents, offering explanations as to how the Applicant has selected the cable route across the land.
		The Applicant sought to discuss Heads of Terms with the Land Interest and their agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or their agent.
		The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024.
		Heads of Terms were issued to the Land Interest in January 2024.
		The Applicant has contacted the Land Interest's newly appointed Agent to seek to meet to discuss further the Heads of Terms issued in January 2024.
079	Tiffinny Myatt-Wells	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
		The Land Interest has pasture land affected by the proposed cable route.
		A site meeting was initially held in August 2021, where the project was discussed. In November 2022, the Land Interest responded to the consultation and expressed concerns about the proposed operational access, which was subsequently removed from scope. Further correspondence regarding construction works was discussed in March 2023.
		Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The latest correspondence was an email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms documentation.
		Key outstanding concerns include accommodation works to be discussed in due course.
	Henry Adams LLP (Henry Adams LLP) On Behalf Of Timothy	The Applicant has been in dialogue with the Land Interest and their agent over the period 2021 to 2024.
	Longhurst (Timothy Longhurst)	The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access and an areas needed temporarily for thee storage of excavated materials.
		The Applicant and the Land Interest and their agent met in April 2022 to discuss the new Alternative Cable Route ("ACR").
		The Land Interest raised a concern that this route passed through land that the Land Interest has they believe has long-term development potential. The Land Interest sought to have the proposed ACR moved as far to the South of his land as was possible. The Applicant has provided the Land Interest's agent with the rationale behind the cable route positioning through the Land Interest's land.
		Heads of Terms were issued to the Land Interest in April 2023.
		The Land Interest's agent has raised concerns with the wording of the draft Easement document in relation to the restrictions being sought to be imposed over the easement strip. The Applicant is reviewing this and will respond to the Land Interest and their agent accordingly.
		The Applicant's last correspondence with the Land Interest was via a letter sent in March 2024.
		The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The principal outstanding issues are the Land Interest's agent's position on long-term "hope" development value for the land and not accepting the Applicant's easement consideration amount, and the positioning of the proposed cable route through the middle of the land holding potentially sterlising the whole of the land holding, will prevent the land from being developed.
		The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Te 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the dra Agreement and the draft Deed of Easement were reviewed in detail. The principal outstanding issues are the Land Interest's agent's position on le development value for the land and not accepting the Applicant's easement consideration amount, and the positioning of the proposed cable routed.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
081	Savills (Savills) On Behalf Of Trustees Of The 16th Duke Of Norfolk's 1958 Reserve Fund. (Trustees Of The 16th Duke Of Norfolk's 1958 Reserve Fund.)	The Land Interest owns the river bed of the River Arun which is affected by the proposed cable route. The Applicant and the Land Interest's resident agent have had several discussions about the proposed cable route running underneath the river bed of the River Arun.
		Heads of Terms were issued to the Land Interest in June 2023. The Applicant continues to work collaboratively with the Land Interest and their agent and are in the process of reviewing the draft Option Agreement and draft Deed of Easement documents.
		The Applicant's last correspondence with the Land Interest's agent was in December 2023.
082	Forestry Commission	The Land Interest's Category 2 Interest is in respect of restrictive covenants contained within, a deed of covenant dated 21 January 1959 registered under title WSX30616, and a deed of covenant dated 20 May 1954 registered under title WSX327958.
		The Applicant in this instance has not entered into discussions over Heads of Terms.
		The Applicant will respond directly to the Land Interest's relevant representation.
		The Applicant has also sought to contact the Land Interest as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section 135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.
083	Charles Robert Denys Arbuthnot	The Applicant has been in regular correspondence with the Land Interest since May 2021.
		The Land Interest has pasture land affected by the proposed cable route.
		A site meeting was initially held in June 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to the gas main on their property. The Land Interest also attended consultation events in September 2021 and October 2022. At the latter event, the Land Interest raised concerns about a proposed construction access located in proximity to the gas main on their land and requested it was moved further to the East. A further site meeting was held in December 2023 to explain the protective provisions and safety considerations that will be agreed with the statutory undertaker before any construction work can progress.
		Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest does not want to progress discussions at this stage. The latest correspondence with the Land Interest was via email to their agent in February 2024 and a Letter to the Land Interest and their agent in March 2024.
		Key outstanding concerns include assurances about safety when working in proximity to a gas main and accommodation works to be discussed in due course.
084	Washington Parish Council	The Applicant has consulted (both formally and informally) with the Land Interest at both stakeholder level and landowner level, over the period 2021 to 2024.
		The Land Interest own land which forms a recreation ground and allotments that is affected by the proposed cable route. This section of the route is proposed to be constructed using HDD methodology.
		The Land Interest's principal concerns relate to the cable route going through the middle of the village of Washington, rather than to the South of the village. An alternative route was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision making process for not progressing with the route to consultation was communicated verbally by the Applicant at a Parish Council meeting in November 2022.
		The Land Interest is also concerned about the proximity of a construction compound to the village of Washington and in particular traffic and road safety.
		Heads of Terms were issued to the Land Interest in March 2023. The Land Interest confirmed in February 2024 that they would like to progress discussions on the Heads of Terms.
005	laha Qaring an hahalf af Wistor	The latest correspondence with the Land Interest was via email and a Letter in March 2024 and via a Letter in March 2024, to which the Land Interest responded over financial issues and issues previously stated.
085	John Goring on behalf of Wiston Parish Council (Wiston Parish Council)	The Applicant has been in correspondence with the Land Interest (John Goring) since June 2020. The Land Interest is also a Parish Councillor for Wiston Parish Council. We are responding to the Land Interest.
		The Land Interest owns pasture and arable land which is affected by the proposed Rampion 2 cable route. In addition, the Land Interest owns part of a track / public bridleway which is affected by the proposed cable route.
		The Land Interest attended a Parish Council meeting in February 2021. In addition the Land Interest attended meetings in September 2021 and April 2022 (in conjunction with neighbouring Land Interests), where they expressed concerns about the impact of the proposed cable route on their agricultural land. The Land Interest also attended consultation events in September 2021 and November 2022.
		Following a Parish Council meeting in February 2021 (and via subsequent email correspondence and consultation responses), the Land Interest submitted an alternative cable route proposal. The proposal was submitted in conjunction with neighbouring landowners and detailed a route to the south of Washington, as opposed to through the village. The proposal was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting at a neighbouring landowner in April 2022 and verbally at a Parish Council meeting in November 2022.
		Heads of Terms were issued in March 2023. The latest correspondence was in August 2023, when the Applicant provided answers to various queries on the impact of the proposals on the Land Interest's agricultural land. The Applicant is awaiting further feedback following a Letter requesting comments on the Heads of Terms sent in March 2024.
		Key outstanding concerns include the preference for the alternative route to the south of Washington, compensation queries and accommodation works to be discussed in due course.
086	The Crown Estate (The Crown Estate)	The Applicant is in discussion with the Land Interest with regard to the agreement of terms for a lease for an area of foreshore within the Land Interest's ownership, which is subject of a regulating lease to Arun District Council (please see narrative in the Arun District Council row (RR- 033) and a number of coast protection work consents.
		The Land Interest has confirmed to the Applicant that the intention is for the foreshore areas (subject to the Arun District Council regulating lease) will be included in the Transmission Asset Agreement for Lease (29.06.23)
		The Applicant has been corresponding with the Land Interest as the "appropriate Crown authority" for consent to the making of the DCO in accordance with sections 135 (1) and (2). It was confirmed in January 2024 that Town Legal has been instructed and will seek to work collaboratively with the Applicant.
087	Richard John Clifford	The Land Interest submitted a relevant representation making The Applicant aware that they are an occupier of a unit at Oakendene Industrial Estate and lives to the north of the A272.
		The Applicant in this instance has not entered into discussions over Heads of Terms.
088	Kingley Gate (Littlehampton) Management Company Limited	Following the Public Consultation event in October 2022, the Land Interest has opened dialogue with the Applicant. The Land Interest owns the roadways through the residential housing estate Kingley Vale retaining management responsibilities of all the roadways, pathways and green spaces on the housing estate.
		The Applicant is seeking an operational access route through the housing estate in order to be able to access the cable route for maintenance purposes. Heads of Terms were issued in December 2023. The Applicant has followed up with the Land Interest for an update / response in March 2024.
089	Carole Gwendolyn Rosetta Langmead, Keith William Langmead and Richard Henry Julian Venables Kyrke (as	The Land Interest owns a mixture of arable anda pasture land that is affected by the proposed cable route. The Applicant has been in correspondence with the Land Interest since April 2021, and a number of alternative proposed cable routes have been considered across the Land Interest's land holding. The Applicant's current proposed cable route mitigates impacts on the Land Interest's farming business and longer-term development aspirations (or part of the Land Interest's land holding adjoining the A27, which is no longer affected).
	Trustees of the J L 1994 (A&M) Settlement)	The Applicant issed Heads of Terms to the Land Interest in July 2023. The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October
		2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle, and or to be informed of any outstanding issues.
		The Applicant has followed up with the Land Interest in a Letter in March 2024.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
090	Keith William Langmead	The Land Interest owns a mixture of arable anda pasture land that is affected by the proposed cable route. The Applicant has been in correspondence with the Land Interest since April 2021, and a number of alternative proposed cable routes have been considered across the Land Interest's land holding. The Applicant's current proposed cable route mitigates impacts on the Land Interest's farming business and longer-term development aspirations (or part of the Land Interest's land holding adjoining the A27, which is no longer affected).
		The Applicant issed Heads of Terms to the Land Interest in July 2023. The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle, and or to be informed of any outstanding issues.
091	John Keith Langmead	The Applicant has followed up with the Land Interest in a Letter in March 2024. The Land Interest owns a mixture of arable and a pasture land that is affected by the proposed cable route. The Applicant has been in correspondence with the Land Interest since April 2021, and a number of alternative proposed cable routes have been considered across the Land Interest's land holding. The Applicant's current proposed cable route mitigates impacts on the Land Interest's farming business and longer-term development aspirations (or part of the Land Interest's land holding adjoining the A27, which is no longer affected).
		The Applicant issed Heads of Terms to the Land Interest in July 2023. The Applicant has held several high level discussions with the Land Interest's agent, since receiving an intial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle, and or to be informed of any outstanding issues.
092	Sharon Louise Jackson & Hilary Frances Mary Campbell Rennie	The Applicant has followed up with the Land Interest in a Letter in March 2024. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising Plots 6/2 & 6/6 and consulted with the Land Interest on that basis in October 2022. Plots 6/2 & 6/6 are included within the DCO boundary for the proposed cable route. As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not in this intance seeking to agree Heads of Terms.
093	Matthew James Benson	The proposed cable route does not pass through the Land Interest's land holding, and it is anticipated that through further refinement of the DCO Boundary that the proposed cable route / construction corridor will not affect the Land Interest. The Applicant in this instance has not entered into discussions over Heads of Terms.
094	Jennifer Hall & The Executor of	The Land Interest has signed and returned HoTs in May 2023. The Applicant's legal adviors have been instructed to draw up the Option Agreement and Deed of
095	James Rodney Hall Michael Edward Cooper & Mary	Easement. The Land Interest has signed and returned HoTs in April 2023. The Applicant's legal advisors have been instructed to draw up the Option Agreeement and Deed of
	Patricia Cooper	Easement.
096	Kenneth Rozier & Susan Ann Stanley	The Land Interest owns part of a private access road where Swillage Lane ends being an adopted highway and becomes a private access road. The Land Interest is affected by a proposed operational access along Swillage Lane (Plots 7/33 & 7/34). Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
097	Caroline Jane Mcintosh	The Land Interest owns a parcel of land (Plot 12/8) that adjons a stable block and Michelgrove Lane. This parcel of land contains a groundwater run-off drain and a septic tank. The Applicant is seeking temporary possession of this area of land as a passing place along a temporary construction and operational access route along Michelgrove Lane.
		Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
098	Worthing Borough Council	The Land Interest owns part of Michelgrove Lane (including verges eitherside). The Applicant is seeking temporary possession of existing passing spaces (Plots 12/6, 12/7 & 12/8) along a temporary construction and operational access route along Michelgrove Lane. Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
099	Myrtle Stables Limited	The Land Interest has signed and returned HoTs in August 2023. The Applicant's legal advisors have been instructed to draw up the Option Agreeement and Deed of Easement.
100		The Applicant has been in correspondence with the Land Interest since July 2022.
	Hewerdine	The Land Interest owns pasture land which is affected by the proposed cable route.
		Heads of Terms were issued to the Land Interest in June 2023. The Land Inerest has requested that their solicitors open dialogue with the Applicant's solicitors – despite not being willing to sign the Heads of Terms. The Applicant has requested the Land Interest to confirm they are willing to proceed to signing Heads of Terms before instructing their legal advisors.
101	West Sussex County Council	The Applicant has been in regular correspondence with the Land Interest and their agents since Feburary 2021.
		The Land Interest has pasture land affected by the proposed Rampion 2 cable route, and a proposed construction and operational access. In addition, the Land Interest has a number of highway verges (both adopted and unadopted) which are affected by the proposed Rampion 2 cable in locations where horizontal directional drilling is the proposed construction methodology. There are also adopted highways which are affected by the proposed Rampion 2
		cable route in locations where horizontal directional drilling is the proposed construction methodology. A site meeting was initially held in May 2022 where no alternative routes were proposed. A further meeting was held with the Land Interest's agent in November
		2023 where the Heads of Terms were discussed and preferences for the route micro-siting were highlighted. Heads of Terms were issued to the Land Interest in March 2023 (for the cable route impacted land) and November 2023 (for the Highway verges). The agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has been corresponding with the Land Interest's
		agent to try and facilitate progression of matters with the latest correspondence being from March 2024. Key outstanding concerns include comments on the Heads of Terms and details of hedgerow removal.
102	Grahame Rhone Kittle	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
		The Land Interest owns pasture and arable land affected by the proposed Rampion 2 cable route. The Land Interest has part of an existing track and edge of a field affected by a proposed construction access.
		An initial site meeting was held in August 2021 to present the original cable routing proposals. Following consultation and feedback, a route amendment, LACR 1C was consulted upon in October 2022. Further feedback and consultation was undertaken
		which resulted in an additional amendment, LACR 1D being consulted upon in February 2023. LACR 1D was taken forwards within the final Order Limits. There were three cable routes considered further to the south of Sullington Hill (south of the Land Interest's farm). As a result there were three different consultations and site meetings (including routes and accompanying sets of plans, which were presented to the landowner). Over this period, the Land Interest did
		not put forward an alternative route on their land, but did request feedback on the route to the south of Washington, which was presented at a Parish Council meeting (which was attended by the Land Interest) in February 2021. Heads of Terms were issued on 31 July 2023 and re-circulated on 15 January 2024. The Applicant is awaiting feedback on the Heads of Terms from the Land
		Heads of Terms were issued on 31 July 2023 and re-circulated on 15 January 2024. The Applicant is awaiting feedback on the Heads of Terms from the Land Interest and their agent. The Applicant's latest correspondence with the Land Interest has been via email in February 2024 and a Letter in March 2024, requeating feedback on the Heads of Terms.

103	Florian-Marie Pignat, Marie- Joseph De Guitaut, Norbert	The Applicant has been in correspondence with the Land Interest since October 2022.
	Lepretre & Patrick William Howarth	The Land Interest owns pasture land under a long-term occupation by a third party affected by the proposed cable route.
	nowanti	Heads of Terms were issued to the Land Interest in April 2023. The Applicant has followed up with the Land Interest's agent for an update / response, and with the Land Interest directly via a letter in March 2024.
104	Lesley Kay Overington & Stuart Anthony Overington	The Applicant has been in correspondence with the Land Interest and their agent since July 2021.
		The Land Interest has a sliver (2 sq m) of their freehold Title affected by a proposed operational access.
		A site meeting was initially held on 6th June 2023, followed by an email summarising the meeting sent later that week.
		Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
105	Mary Ann Baker	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
		This Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The cable route affects the land in three separate places. The Land Interest also owns a private Lane (Kings Lane), which provides access to their residential dwelling as well as other dwellings along the lane. The Lane is included within the Order Limits as a proposed operational access.
		Site meetings were initially held in March 2021, May 2022 and July 2022, where the project proposals were explained to the Land Interest. No alternative routes were proposed by the Land Interest.
		Heads of Terms were issued in March 2023 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
		The Applicant's latest correspondence was an email to the Land Interest's agent requesting feedback on the Heads of Terms in February 2024 and a Letter in
		March 2024.
106	Karen Mary Elizabeth Knights & Simon Paul Knights	The Applicant has been in correspondence with the Land Interest since October 2022.
		Operational access to Muntham Farm
107	Richard Thomas Stewart Denman	Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms. The Applicant has been in contact with the Land Interest and their agent since May 2021.
		The Land Interest owns an existing track which is included within the Order Limits as a proposed operational access. The Land Interest owns an existing track and
		pasture land, a small section/ sliver of which is affected by a proposed construction access.
		A site meeting was initially held in August 2022, where the project proposals were explained to the Land Interest.
		Heads of Terms have not yet been issued to this party, but will be issued by the Applicant in due course.
		The latest correspondence with the Land Interest's agent was in February 2023, requesting further detail on the Land Interest's land holding (which is currently unregistered).
		Outstanding actions include confirmation on whether the area included within the proposed construction access would require widening of the existing track.
108	Gordon Matthew Singer & Jennifer	The Applicant has been in correspondence with the Land Interest since July 2021.
		The Land Interest owns a small section of road/ layby to the west of Chantry Lane which is included within the Order Limits as a proposed operational access.
		Despite attempts (including a 'door knock' in June 2023), the Applicant has been unable to make contact with the Land Interest.
		The Applicant has not heard directly from the Land Interest, but has sent the necessary Consultation material to the Land Interest's address.
		Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
109	Denton & Co. Trustees Limited &	The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.
	Fiona Isabel Douglas	The Land Interest's pension fund (Dentons) owns pasture and arable land affected by the proposed Rampion 2 cable route. The Land Interest's pension fund also
		owns pasture and arable land affected by a proposed construction access and by a proposed operational access. In addition, the Land Interest's residential property (which is owned by the Land Interest personally), is accessed via a Lane (Barns Farm Lane), which is included
		within the Order Limits as a proposed operational access.
		A site meeting was initially held in August 2021 with the Land Interest and their tenants, where the Land Interest expressed concerns about the route of the cable route within the fields, outlining a preference for the cable route to follow the southern edge of the field boundary as much as possible. In addition, concerns were raised about the impact on the operator of the gallops and the farming operations of the tenant farmers. The cable route was subsequently amended to take it as far south, to the southern border of the field boundary as possible, which was presented to the Land Interest in a site meeting in April 2022.
		Heads of Terms were issued in March 2023 and the Applicant understands the Land Interest would like to work collaboratively with the Applicant to agree terms.
		Key outstanding concerns include the operation of the gallops during construction and accommodation works to be discussed in due course.
		The Applicant met with the Land Interest on site in November 2023 and January 2024, with the latest correspondence being an email on 27 February 2024
		providing answers to queries raised by the Land Interest, and a Letter in March 2024.
110	Andrew Fryer & Yvonne Fryer	The Applicant has been in correspondence with the Land Interest since July 2021.
		The Land Interest owns a residential dwelling which is accessed along a lane (Barns Farm Lane) which is included within the Order Limits as a proposed operational access. A sliver of the Land Interest's title which border Barns Farm Lane is included within the Order Limits as a proposed operational access (Plot 21/8 on the Land Plans Onshore (APP-007)).
		The Applicant met with the Land Interest on site in May 2023, where the project's proposals were explained to the Land Interest.
		Heads of Terms were issued in April 2024 and the Applicant is awaiting feedback from the Land Interest on the Heads of Terms.
111	Catherine Julie Purcell & Patrick	The Applicant has been in correspondence with the Land Interest since August 2021.
	Purcell	The Land Interest owns a residential dwelling which borders an existing private track (which provides access to their residential dwelling). The track is included within the Order Limits as a proposed operational access.
		A site meeting was initially held in October 2022, where the project's proposals were explained to the Land Interest.
		Heads of Terms were issued in December 2023 (which was the latest correspondence with the Land Interest) and the Applicant is awaiting feedback from the Land
		Interest.
110		The Applicant has followed up with the Land Interest for an update in March 2024 via letter.
112	Lorica Trust Limited	The Applicant issued the introductory project letter to the Land Interest in November 2020. The initial engagement meeting was held in March 2021 to confirm interested party details. A walk over of the proposed route of access was completed in March 2022. Subsequent correspondence with the Land Interest to facilitate survey access was carried out from January 2023 through to May 2023. Key terms with associated plans were issued to and a meeting arranged with the Interested Party to progress the access lease in March 2024.
		The Land Interest is a Charity which holds a lease over pasture land affected by a proposed Rampion 2 construction access.

113	Lady Meryl Patricia Walters	The Applicant has been in contact with the Land Interest since November 2020.
	Lady Weryl Fathcia Walters	The Land Interest owns agricultural land, woodland and a pond affected by the proposed cable route. The proposed construction methodology in this location is horizontal directional drilling.
		Heads of Terms were issued to the Land Interest in March 2023, a site meeting followed in March 2023 to discuss the contents of the Heads of Terms. The Applicant sent an additional copy of the Heads of Terms at the Land Interest's request in April 2023. The Applicant has contacted the Land Interest for an update in March 2024.
114	Carol Anne Cummings & Robert	The Applicant is actively discussing Heads of Terms with the Land Interest, with the latest communication being in April 2024. The Applicant has been in correspondence with the Land Interest and their agent since January 2021.
	William Cummings	Please refer to Land Interest-066. The Cummings are the freehold owners as per the Land Registry, however, the Land Interest has confirmed that title has now been transferred from the ownership of the Cummings to the ownership of the Cleavers.
115	Kevin Byrne & Lisa Marie Byrne	The Applicant has been in regular correspondence with the Land Interest and the agent since February 2021. The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The proposed construction methodology in this location is horizonta
		directional drilling. A site meeting was initially held in February 2021, where the project's proposals were explained to the Land Interest. A subsequent site meeting was held in May 2022 (where the Applicant met with the Land Interest's agent, not the Land Interest), to explain how a route amendment to the south of the Land Interest's title amended the cable route over their land holding.
		Heads of Terms were issued in March 2023. The Applicant understands the Land Interest does not want to work collaboratively with the Applicant to agree terms.
		Key outstanding concerns include the impact of the construction works on the saleability of the property which is currently under construction.
		The Applicant met with the Land Interest on site in October 2023, which was the latest correspondence with the Land Interest where they confirmed they did not want to progress discussions regarding the Heads of Terms. The Applicant sent the Land Interest a Letter in March 2024 to confirm their position on the Heads of Terms discussions.
		The Land Interest responded restating their position via email.
116	Louise Jane Shoosmith & Mark Stephen Shoosmith	The Applicant has been in correspondence with the Land Interest since July 2021.
		The Land Interest owns a residential dwelling with some pasture land. A sliver of the pasture land/ hedgerow border (17 sqm) at the north-eastern corner of the land holding is included within the Order Limits as a proposed construction and operational access.
		The Applicant attempted to engage with the Land Interest directly in person via a door knock in June 2023. The Applicant was able to obtain contact details and followed up with an email.
		Heads of Terms were issued in December 2023, and the Applicant understands the Land Interest would like to work collaboratively with the Applicant to agree terms.
		The Applicant's latest correspondence with the Land Interest was via telecom in January 2024 and a subseqent follow up email regarding queries about the Heads of Terms in January 2024.
		A letter was sent in March 2024 requesting feedback on the Heads of Terms.
117	Jason Harold Young & Nicola Young	The Applicant has been in correspondence with the Land Interest since July 2021. The Land Interest owns a small section of driveway/ verge (12 sqm) adjacent to an existing track which is affected by a proposed construction and operational
		A brief initial meeting was held in June 2023, where the Applicant met with the Land Interest at their property and followed up with an email and the offer another meeting.
		Head of Terms were issued in December 2023 and the Applicant is awaiting feedback from the Land Interest to work collaboratively to agree terms. A Letter was sent in March 2024 requesting feedback on the Heads of Terms.
118	Benjamin Matthew Marten	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.
	Leathers & Joanna Margaret Leathers	The Land Interest owns pasture land/ equine paddocks which are affected by the proposed Rampion 2 cable route. The driveway to the Land Interest's residential property (and equine complex) and three of their fields are included within the Order Limits as a proposed operational access.
		Site meetings were initially held in March 2021 and September 2021, where the project's proposals were explained to the Land Interest. The Land Interest and the Applicant discussed the proposed operational access, with another alternative option being subsequently consulted upon and included within the final design.
		Heads of Terms were issued in May 2023 and the Applicant is awaiting comments on the Heads of Terms from the Land Interest and their agent.
		The Applicant met with the Land Interest on site again in March 2022, with the latest correspondence being an email to the Land Interest's agent requesting feedback on the Heads of Terms in February 2024 and a Letter in March 2024.
119	Fortgate Investments Limited	The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021. The Land Interest owns pasture land (which is occassionally used as a motorcross track) which is affected by the proposed Rampion 2 cable route. The Land
		Interest owns an existing track / road which has been included within the Order Limits as a proposed construction access. Site meeting were initially held in March 2021 and May 2022 where the project proposals were explained to the Land Interest. The Land Interest expressed a
		preference for a soil storage area to be included within the Order Limits on their land, which was subsequently taken forwards for consultation and incorporated into the design.
		Heads of Terms were issued in March 2023 and the Applicant is awaiting comments on the Heads of Terms from the Land Interest and their agent. The Applicant met with the Land Interest on site again in June 2023, with the latest correspondence being a Letter requesting feedback on the Heads of Terms in
		March 2024.
120	Shermanbury Grange Land Management Company Limited	The Land Interest has signed and returned Heads of Terms in May 2023.
121	John David Kempley & Yvonne	Latest correspondence via an on-line Teams call in March 2024 to discuss amendments to the Heads of Terms. The Applicant has been in correspondence with the Land Interest and their agent since May 2021.
	Mary Kempley	The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The Land Interest's pasture land is also included within the Order
		Limits as a proposed operational access. A site meeting was initally held in September 2021, where the project's proposals were explained to the Land Interest.
		Heads of Terms were issued in March 2023 and the Applicant is awaiting comments on the Heads of Terms from the Land Interest and their agent.
		Latest correspondence being an email requesting feedback on the Heads of Terms to the Land Interest's agent in December 2023 and a Letter in March 2024.
122	Anne Christine Deakin & The	The Applicant has been in regular correspondence with the Land Interest since December 2020.
	Executor of Robin John Burdett Deakin	The Land Interest owns pasture land (which is overgrown with vegetation) which is affected by the proposed Rampion 2 cable route.
		The Applicant has been in regular contact with the Land Interest via email and telecom, with a site meeting being held in May 2023 with their newly appointed agent in attendance.
		Heads of Terms were issued in March 2023 and the Applicanat is awaiting comments on the Heads of Terms from the Land Interest and their agent.
	1	Latest correspondence being a Letter in March 2024 requesting feedback on the Heads of Terms.

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotation Comments on status of objection / land negotiation
123	Julian Clennell Harvey Tomlinson & Kym Louise Francis Tomlinson	The Applicant has been in correspondence with the Land Interest since May 2021. The Land Interest owns a hedgerow bordering an A road (the A272), a small section of which (xsq m) is affected by a proposed construction and operational
		access.
		The Applicant has been in contact with the Land Interest via email and telecom throughout the duration of the project, with a site meeting being held in June 2023.
		Heads of Terms were issued in December 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.
		The Applicant's latest correspondence with the Land Interest's agent was via email in February 2024 regarding queries about the Heads of Terms.
124	-	The Applicant has been in correspondence with the Land Interest and their agent since March 2021.
	Executor of Lloyd Brand	The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route (onshore connection works).
		Site meetings were held in March 2021, August 2021 and December 2021, where the Land Interest expressed concerns about the cable route impacting their land, and a preference for the alternative route to the substation (which would avoid their land). Another site meeting was held in November 2022 to discuss the project timescales and other queries with their agent present. In May 2023, a letter was sent to the Land Interest confirming the route selection connecting the proposed substation to the Bolney substation, which would impact their land holding.
		Heads of Terms were issued in July 2023 and the Applicant is awaiting feedback from the Land Interest's agent on the Heads of Terms.
125		The Applicant's latest correspondence with the Land Interest and their agent was via a Letter in March 2024 requesting feedback on the Heads of Terms. The Applicant has been in regular correspondence with the Land Interest since March 2021.
		The Land Interest owns pasture land / paddock land / livery and an equine gallops which is affected by the proposed Rampion 2 cable route. In addition, an existing track (providing access to their residential dwelling and equine livery) and part of the pasture land is included within the Order Limits as a proposed operational access.
		An initial site meeting was held in March 2021, where the project's proposals were explained to the Land Interest. A subsequent meeting was held in August 2021 to review the route of the operational access access in this location, followed by meetings in July 2022 and August 2022. Subsequently, a revised operational access route was consuted upon in October 2022 and incorporated into the design, which reduced the impact on the gallops.
		Heads of Terms were issued in July 2023 (and re-circulated in November 2023) and the Applicant is awaiting feedback from the Land Interest.
		The Applicant's latest correspondence with the Land Interest were site meetings in November and December 2023 to understand the best way to mitigate impacts in this location and a Letter in March 2024 requesting feedback on the Heads of Terms.
126	Louise Sturdy	The Applicant has been in correspondence with the Land Interest and their agent since March 2021.
		The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. In addition, the access track to their residential property (which is owned by a separate Land Interest) is included within the Order Limits as a proposed operational access.
		An initial site meeting was held in March 2021, where the project's proposals were explained to the Land Interest. An additional meeting was held in July 2022 (with a neighbouring Land Interest) and in August 2022, following which the Land Interest appointed an agent.
		Heads of Terms were issued in July 2023 and the agent confirmed in October 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms.
		The Applicant's latest correspdondence with the Land Interest was an email in December 2023 to their agent requesting feedback on the Heads of Terms and a Letter in March 2024.
127	James Alfred Charles Hyatt & Lorraine Hyatt	The Applicant has been in correspondence with the Land Interest since March 2021.
		The Land Interest owns pasture land (including an area which is used as a private race track) and part of the driveway to their residential property, which is affected by the proposed Rampion 2 cable route (onshore connection works).
		An initial site meeting was held in March 2021, where the project's proposals were explained to the Land Interest. A further site meeting was held in October 2022 with the agent present, where an alternative route was proposed by the Land Interest. The alternative route was was given due consideration, but due to constraints (the rationale for which was explained via email in March 2023), it was not taken forwards for consultation.
		Heads of Terms were issued in July 2023 and the Applicant is awaiting feedback from the Land Interest's agent. The Applicant's latest correspondence with the Land Interest was a Letter in March 2024 to their agent requesting feedback on the Heads of Terms.
128	Karen Henderson	The Applicant has been in correspondence with the Land Interest since June 2021.
		The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route (onshore connection works). The proposed construction methodology in this location is horizontal directional drilling.
		Site meetings were held in November 2021 and again in October 2022 where the project's proposals were explained to the Land Interest.
