You don't often get email from [REDACTED]@outlook.com. [REDACTED]

Reference 20045111

I write to confirm that I have read and contributed to the submissions submitted by the Cowfold v Rampion committee and endorse completely all the objections

I continue to be dumbfounded that this proposed project has ever got this far given the significant trauma this proposed project has already caused and will in the future to residents, the environment, wild life, property values, traffic and peace-full enjoyment of our community

I urge the planning committee to reject this project immediately

Fred And Sue Turok

If you feel too daunted by the increasingly complicated process to send in anything yourself, please at least email the planning inspectorate to say you have read/contributed to and endorse the views submitted by CowfoldvRampion or they represent you/your views or similar.

Better still, add this to comments of your own!

Add your Interested Party number, or if you never registered, email them anyway-they may not publish what you say but at least they will have read it themselves .
