1. Introduction

The Examining Authority has requested the submission of a Land Rights Tracker in a simple table format. This tracker adopts the example provided by the Examining Authority, with minor amendments to the layout, headings and restricted inputs in certain columns to provide further clarity and functionality making the data more accessible. Section 3 below explains the purpose and content of each of the columns of this tracker. The row that is titled 'Notes to the ExA' explains the function of each column.

2. Description of Rights Requested

The Land Plans (Document Reference 2.1.2) show land and rights over which compulsory acquisition and temporary possession powers are sought and the powers being sought are also listed in the BoR (Document Reference 4.3).

On the Land Plans the plots are coloured to show the type of power that is required over each plot of land to deliver the Project. These same colours

Colour on Land Plans	Type of Acquisition
Pink	Land to be Acquired
Blue	Acquisition of Rights by the Creation of New Rights or the Imposition of Restrictive Covenants
Green	Land to be Used Temporarily
Yellow	Land not subject to Powers of Compulsory Acquisition or Temporary Use

For the avoidance of doubt, land shaded grey on the Land Plans is Land Outside of Land to be Acquired or Used and is there for is not referred to in the Land Rights Tracker.

Comments on status of objection / land negotiation

Unique Reference Number	Name of Land Interest	Comments on status of objection / land negotiation
001	Arun District Council	<p>The Land Interest holds a regulating lease to carry out foreshore maintenance over land owned by the Crown Estate and the Baird Farming Partnership (Plots 1/1, 1/2, 1/4, & 1/5) and other access rights.</p> <p>The Applicant has consulted with the Land Interest with respect to the carrying out of works on the land.</p> <p>It is anticipated that the Offshore Transmission lease to be granted by the Crown Estate to the Applicant, and any voluntary agreement with other landowner(s), will incorporate the land subject to the Lease.</p> <p>The Applicant has been corresponding with The Crown Estate as the "appropriate Crown authority" for consent to the making of the DCO in accordance with sections 135 (1) and (2) of the Planning Act 2008. It was confirmed in January 2024 that Town Legal has been instructed and will seek to work collaboratively with the Applicant.</p> <p>The Applicant's most recent contact with the Land Interest was by email on 23rd March 2024</p>
002	Albon Family (Albon Family) On Behalf Of Albon Family (Albon Family)	<p>The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land Interest on that basis on 14th October 2022.</p> <p>Plot 33/19 is included within the DCO boundary for both construction and operational access.</p> <p>The Land Interest was contacted by the Applicant in May 2023 via telephone in respect of the Confirmation schedule and confirmed that the ownership details were correct. The latest engagement was in October 2023, when the Applicant discussed the project over the phone and explained the nature of the Land Interest's presumed ownership of subsoil / half width of highway. The Land Interest confirmed on the phone that they did not think a site meeting was necessary.</p> <p>As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not yet been able to deduce title.</p> <p>The Applicant is not aware of outstanding issues other than accommodation works to be discussed in due course.</p>
003	Alexander Langlands Pearse	<p>The Land Interest is one of the landowners of the Oakendene Sub-Station site.</p> <p>Please see narrative in the Knight Frank LLP row (RR-278).</p>
004	Jeremy Taylor	<p>The Applicant understands the Land Interest's Category 2 Interest is in respect of rights of access over unregistered land and has therefore not entered discussions over Heads of Terms.</p> <p>The Applicant will respond directly to the Land Interest's relevant representation.</p>
005	South Coast Nursing Homes Ltd (South Coast Nursing Homes Ltd)	<p>Since August 2021 the Applicant has been in regular correspondence with the Land Interest via telephone and email.</p> <p>The Land Interest own and operate a care home near the proposed cable route and part of the driveway to the care home is affected by a proposed Rampion 2 operational access.</p> <p>An initial on-line video meeting was followed by an in-person meeting at the care home operator's Head office in Worthing in August 2022.</p> <p>The Land Interest's main concerns relate to the impact of the construction works on their residents and the functioning of the business.</p> <p>The Applicant offered Heads of Terms for a proposed operational access in December 2023. These were signed and returned later in December 2023, the latest correspondence with the Land Interest was an email in January 2024 detailing that the project's solicitors would be in touch with the Land Interest's solicitors regarding the signed Heads of Terms.</p> <p>The Land Interest is seeking to work collaboratively with the Applicant and have submitted queries that have been answered in part, with further accommodation works to be discussed in due course.</p> <p>Solicitor's have been instructed to progress the agreement at April 2024.</p>
006	Washington Recreation Ground Charity (Washington Recreation Ground Charity)	<p>The Applicant has been in regular correspondence with the Land Interest since February 2021 (Please see RR-413).</p> <p>From November 2023 onwards, the Land Interest has requested that the Charity is registered as a separate interested party / Land Interest. The latest correspondence with the Land Interest was in March 2024. The Applicant has not yet heard directly from the Charity.</p> <p>The Applicant has included the Washington Recreation Ground Charity as a Land Interest on the basis they are an occupier.</p> <p>The Applicant understands the outstanding issues are the same as those of the freehold Land Interest.</p>
007	Glenda Coralie Ayliffe	<p>In April 2023, the Land Interest contacted the Applicant in response to the public consultation.</p> <p>The Land Interest own a property which has its rights of access affected by a Rampion 2 proposed operational access.</p> <p>Since April 2023, the Applicant has been in contact with the Land Interest on several occasions, including clarifying in June 2023 both by telephone and email how the Land Interest's property is impacted. In January 2024, the Applicant contacted the Land Interest to confirm the impact being operational access only.</p> <p>The Applicant understands the interest is in respect of rights of access over unregistered land and has therefore not entered into discussions over Heads of Terms.</p> <p>The Applicant will respond directly to the Land Interest's relevant representation.</p>
008	Roger Hector Ayliffe	<p>The Applicant has been in direct correspondence with the Land Interest, via his wife.</p> <p>Please see the narrative in the Glenda Coralie Ayliffe row (RR-134).</p>
009	Simon Wolf	<p>The Applicant understands that the Land Interest's Category 2 Interest extends to rights contained within a conveyance dated 17 April 1982 as registered under title WSX60950.</p> <p>The Applicant has not entered discussions over Heads of Terms with the Land Interest.</p> <p>The Applicant will respond directly to the Land Interest's relevant representation.</p>
010	Turok Family (Turok Family) On Behalf Of Turok (Turok)	<p>Please see the narrative in Frederick Turok row (RR-125).</p>
011	Southern Gas Networks Plc	<p>The Applicant has been in correspondence with the Land Interest and their agents since June 2021.</p> <p>The Land Interest does not have land affected by the Rampion 2 proposals, but has its apparatus crossed eight times by the proposed cable route. There are proposed operational and construction accesses that also intersect with the Land Interest's apparatus.</p> <p>On-line meetings have been held in December 2021 and on 15 August 2023 where the discussions were held on crossing point requirements and protective provisions. The latest correspondence was sharing project information via email in September 2023.</p> <p>The Applicant understands that the Land Interest would like to work collaboratively to agree terms in line with protective provisions.</p> <p>Key outstanding concerns include agreeing protective provisions and accommodation works to be discussed in due course.</p>
012	Gateley Hamer Limited (Gateley Hamer Limited) On Behalf Of Stonegate Group / Unique Pub Properties Ltd (Stonegate Group / Unique Pub Properties Ltd)	<p>In September 2023, a representative for the Land Interest (who own a Public House where the garden hedgerow is impacted by a sliver of a visibility splay in Ashurst) contacted the Applicant in response to the public consultation.</p> <p>Plots 27/13 & 27/14 are included within the DCO boundary for temporary construction access.</p> <p>The Applicant has been in regular contact with the Land Interest's agent since September 2023, with the latest correspondence being in January 2024.</p> <p>The Applicant understands that the Land Interest would like to work collaboratively to agree terms. An offer was sent to the Land Interest via email in March 2024.</p> <p>The Applicant followed up with an email in April 2024 and May 2024 and July 2024.</p> <p>A meeting is due to be scheduled to discuss any commercial considerations and any accommodation works required if necessary.</p> <p>Since CAH1, a letter confirming the Applicant's position in respect of fees for professional advice was sent (on 3 July 2024) and a chaser email was sent to the landowner requesting feedback from them on the offer provided.</p>

013	Tim Facer	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since April 2021.</p> <p>This Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route. The driveway to the Land Interest's residential property and two of the Land Interest's fields are also affected by a proposed Rampion 2 operational access.</p> <p>Site meetings were initially held in April and August 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to their dwelling (summarised in engagement notes).</p> <p>The cable route was subsequently amended to take it further to the East and away from the property. The amended route was presented to the Land Interest at a meeting in April 2022. The rationale for the route amendment was further summarised in emails from August, September and November 2022 and a Letter dated October 2023.</p> <p>Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.</p> <p>Key outstanding concerns include location of a temporary haul road, extent of operational access land requirement and accommodation works which are subject to ongoing discussions.</p> <p>The Applicant met with the Land Interest on site in December 2023, with correspondence by Letter dated 27 February 2024, an email on 11 March 2024 and a Letter in March 2024 and an email in April 2024 requesting feedback on the Heads of Terms. Latest correspondence being email to the land agent requesting a site meeting in April 2024 with an updated Heads of Terms plan with additional details (as requested by the land agent).</p> <p>In May 2024, following a request from the Land interest's agent, the Applicant sent a revised Heads of Terms plan, indicating the indicative trenchless crossing area, to the agent.</p> <p>Since CAH1 the Applicant sent a Letter to the Land Interest on 6 June 2024 to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms in June 2024, sent directly to the land interest (on 28 June 2024) and via email to the agent in July 2024. These had an enhanced commercial offer to progress discussions and reach agreement, and the Applicant is awaiting feedback.</p> <p>On 1st July 2024, the Applicant received 'tracked changes' word documents with comments included on the Option and Easement documents. The Applicant is due to respond on these points. The email from 1st July 2024 details the first set of formal comments on any of the documents that the Applicant has received from the Land agent. Since the Heads of Terms were issued in March 2023 (in their original format), no formal comments have been received from the land agent on the Heads of Terms themselves.</p>
014	Ancleggan Limited (Ancleggan Limited)	<p>In April 2022 the Land Interest (who have an option agreement to provide storage capacity for electricity generated by renewable energy projects) wrote to the Applicant in response to the public consultation.</p> <p>Since July 2022 the Applicant has held regular meetings with the Land Interest providing project updates.</p> <p>One Planet Developments Limited submitted, on behalf of the Land Interest, a planning application to Mid Sussex District Council in March 2023 (Ref: DM/23/0769). The Applicant wrote a letter to the planning officer in April 2023 stating a 30m construction corridor, becoming a 20m permanent easement, was required for the proposed cable route for the Rampion 2 project.</p> <p>The Land Interest have stated that the proposed area required by the Applicant will render their proposed development economically unviable or significantly more expensive and technically complex to develop.</p> <p>The Land Interest is seeking to work collaboratively with the Applicant to find a workable project infrastructure designs that work for both parties. Further detailed cable route design work is pending confirmation of National Grid connection details, currently expected from National Grid in February 2024.</p> <p>The Applicant's latest communication with the Land Interest and their agent was via an on-line call in January 2024. Further calls were held in February, March and April to discuss project progress, timeframes and the National Grid design work. Confirmation of a list of agreed points was requested by the Applicant on 22nd April 2024 but no response has been received from One Planet.</p> <p>The Applicant has exchanged emails in May 2024 with the Land Interest. A teams call was held with Ancleggan representatives on 7th June 2024 and with Mr Worsley (freehold owner and Ancleggan representative on 10th June as he was unable to attend the teams call on 7th). Rampion's design will be largely determined by 1) NGET's finalisation of the Bolney Extension connection point design and subsequent cable design work; 2) cable route refinement in light of pre-construction environmental surveys; 3) agreed construction designs and methods to ensure the protection of existing infrastructure in the ground (some of which might move between now and construction of the schemes). The Applicant is proceeding with targeted concept level cable design work utilising the survey data it has secured to date. It is expected that this design work will result in a more detailed picture of potential cable design, potential protection provision measures and associated land requirements. The Applicant is at this later stage likely to be able to determine if some areas will be required for construction only and confirm the ability to release temporarily required land back to the freehold owner further to construction. The Applicant has communicated this and the timeframes (September 24) to the Land Interest through the emails and teams call referred to above.</p> <p>Since CAH1, the Applicant has continued to exchange emails with the Land Interest.</p>
015	Southern Water Services Limited	<p>The Applicant has been in discussion with the Land Interest since November 2022 regarding the project proposals and the carrying out of construction works on land where they have operational assets and associated rights.</p> <p>Protective Provisions are being negotiated following further contact with the Land Interest's legal department in July 2023.</p> <p>The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section 135(2) of the Planning Act 2008, as the DCO includes a number of 'other provisions' applying to the land in which there are rights benefitting the Forestry Commission.</p>
016	Ronald Alan Leggett	<p>The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land interest on that basis on 14th October 2022. The deadline for receipt of responses for this round of consultation was 29th November 2022.</p> <p>Plot 33/19 is included within the DCO boundary for both construction and operational access.</p> <p>In June 2023, the Applicant was contacted by Meera Smethurst on behalf of the Land Interest regarding the Confirmation schedule. The Applicant has since been in correspondence with Meera Smethurst who confirmed in June 2023 that she and her husband have Power of Attorney to act for the Land Interest for property and financial affairs.</p> <p>In October 2023, the Applicant met with the Land Interest and Jeremy Richard Smethurst and Meera Elizabeth Smethurst (both in their role as Power of Attorney for the Land Interest and as a presumed owner of subsoil / half width of highway) at the home of the Land Interest. The Applicant explained the nature of interest, the presumed ownership of subsoil / half width of highway, followed by a summary email.</p> <p>As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the land interest has not yet been able to deduce title.</p> <p>Remaining concerns include details around the design proposals within the DCO boundary at this location (including potential highways works) and accommodation works to be discussed in due course.</p>
017	Richard Napier Luce	<p>In October 2022, the Applicant contacted the Land Interest as part of the consultation.</p> <p>In June 2023, the Land Interest contacted the Applicant in response to the public consultation. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.</p> <p>In November 2023, the Applicant spoke with the Land Interest over the phone and explained the infrequent anticipated use of the proposed operational access.</p> <p>The Applicant is not seeking to agree Heads of Terms in this instance.</p> <p>The Applicant believes there are no outstanding issues, other than further explanation as to the anticipated use of the operational access and discussions on accommodation works if necessary.</p>
018	Elizabeth Anne Leggett	<p>Please see the narrative in the Ronald Alan Leggett row (RR-328).</p>
019	Mark Renny	<p>The Land Interest is a Director of Brookside Holiday Camp Limited.</p> <p>Please see the narrative in the Brookside Holiday Camp Limited row (RR-050).</p>
020	Jeremy Smethurst	<p>Please see the narrative in the Meera Smethurst row (RR-236).</p>

021	Meera Smethurst	<p>The Land Interest's title borders an A road which is adopted highway. The Applicant identified the Land Interest as a presumed owner of part width of the subsoil of that highway comprising plot 33/19 (which is unregistered) and consulted with the Land Interest on that basis on 14th October 2022. The Land Interest wrote to the Applicant in response to the public consultation.</p> <p>Plot 33/19 is included within the DCO boundary for both construction and operational access.</p> <p>The Applicant has been in correspondence with the Land Interest since November 2022.</p> <p>In October 2023, the Applicant met with the Land Interest at the home of a neighbouring landowner. The Applicant explained the nature of their interest, the presumed ownership of subsoil / half width of highway, followed by a summary email.</p> <p>As the Category 1 Interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not yet been able to deduce title.</p> <p>Remaining concerns include details around the design proposals within the DCO boundary at this location (including potential highways works) and accommodation works to be discussed in due course.</p>
022	Nigel Allen Light	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since May 2021.</p> <p>The Land Interest own pasture land affected by the proposed Rampion 2 cable route and the entrance to the driveway to the Land Interest's residential property and equestrian complex is affected by a proposed Rampion 2 construction access.</p> <p>Site meetings were initially held in September 2021, where the Land Interest expressed concerns about the proximity of the proposed Rampion 2 cable route to their equestrian complex. The proposed cable route was amended in consideration of these concerns and re-routed further East, away from the equestrian facilities. The amended route was presented to the Land Interest at a site meeting in April 2022.</p> <p>Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with Applicant to agree terms.</p> <p>Remaining concerns include the impact on the equestrian complex, disturbance/ compensation considerations, removal of a strip of woodland, and accommodation works to be discussed in due course. A further meeting was held in December 2023 to discuss these issues and work collaboratively.</p> <p>The Applicant requested further feedback from the agent on the Heads of Terms in March 2024.</p> <p>An engineering site visit was carried out in April 2024.</p> <p>Latest correspondence being an email to the agent after the site visit in April 2024 requesting feedback on the Heads of Terms.</p> <p>Since CAH1 the Applicant sent a Letter to the Land Interest to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms in June 2024, sent directly to the land interest and via email to the agent. These contained an enhanced commercial offer to progress discussions and reach agreement. The Applicant has had various discussions via on-line teams meetings with the agent regarding the Heads of Terms (on a general basis for his clients). The Applicant has provided answers to queries in respect of Trial pits, marker posts, the calculation of construction access payments, operational access usage and areas for indicative HDD locations outside of the 40m working width. The Applicant has had discussions and email correspondence on 25 June 2024, 1 July 2024 and 3 July 2024. The agent is waiting on the following information: updated precedent documents and clarification on the construction access payment, and once these are provided, will provide some further feedback.</p>
023	Sandra Albon	<p>Please see the narrative in the Albon Family row (RR-006).</p>
024	Henry Adams (Henry Adams) On Behalf Of Alan David Lewhelin Griffiths And Janice Elizabeth Griffiths (Alan David Lewhelin Griffiths And Janice Elizabeth Griffiths)	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.</p> <p>The Land Interest own and operate a dairy farm with pasture land affected by the proposed Rampion 2 cable route. In addition, the driveway to the Land Interest's residential property, farmland and associated holiday lets/ camping businesses, is affected by a proposed Rampion 2 construction and operational access.</p> <p>The Applicant met with the Land Interest on site in August 2021 and at a Landowner Surgery in September 2021 where the Land Interest expressed concerns about the proximity of the proposed cable route to their proposed slurry pit and disruption to the dairy farm business.</p> <p>The proposed cable route was amended to avoid the slurry pit (and other major constraints nearby) taking a route to the West of the farmstead. The amended route was presented to the Land Interest at a site meeting in March 2022, subsequent engagement notes and a letter dated 20 September 2023.</p> <p>Heads of Terms were issued in March 2023 and the agent confirmed in November 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant requested further feedback from the agent on the Heads of Terms via a Letter in March 2024 and via email in April 2024.</p> <p>Key outstanding concerns include potential disruption to both the dairy farm business and the holiday let/ camping income. Other disturbance considerations and accommodation works to be discussed in due course.</p> <p>Latest correspondence being an email sent in May 2024 with an updated Heads of Terms plan attached with additional details (as requested by the land agent).</p> <p>Immediately following CAH1, the Applicant spoke to Mrs Griffiths after the hearing to talk through the process for fees. A number of concerns were raised by Mrs Griffiths and the Applicant explained the process of signing Heads of Terms. Since CAH1 the Applicant also sent a Letter to the Land Interest to clarify the position in respect of fees for professional advice. The Applicant (Land Transaction Manager and Engineer) attended a site visit with the Griffiths family on 25th June where the following matters were discussed: 1) Impacts on holiday accommodation and glamping - communications timeframes and compensation 2) construction impacts - vehicle types, works, programme and 3) potential use of different access for review. In addition, The Applicant issued revised Heads of Terms in June 2024, sent directly to the land interest on 28 June 2024 and via email to the agent in July 2024. These had an enhanced commercial offer to progress discussions and reach agreement and the Applicant is awaiting feedback.</p> <p>On 1st July 2024, the Applicant received 'tracked changes' word documents with comments included on the Option and Easement documents. The Applicant is due to respond on these points. The email from 1st July 2024 details the first set of formal comments on any of the documents that the Applicant has received from the Land agent. Since the Heads of Terms were issued in March 2023 (in their original format), no formal comments have been received from the land agent on the Heads of Terms themselves.</p>
025	Angela Lightburn	<p>The Land Interest was first consulted with by the Applicant in April 2023.</p> <p>The Land Interest does not own land affected by the Rampion 2 proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access. In addition, the land Interest have rights contained within a transfer deed and restrictive covenants affected by the Applicant's proposals.</p> <p>The Applicant is not seeking to agree Heads of Terms in this instance.</p> <p>The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access and a strip of unregistered land.</p>
026	Brookside Holiday Camp Limited (Brookside Holiday Camp Limited)	<p>Mr Mark Renny (a Director of the Land Interest) attended the public consultation event in Littlehampton with the Applicant in July 2021.</p> <p>Plot 4/11 is included within the DCO boundary for proposed temporary construction access.</p> <p>The Applicant has met with the Land Interest in August 2022 & October 2023 to provide updates on the project.</p> <p>The Land Interest's principal concern relates to the proximity of the proposed Rampion 2 operational access road and the construction access / haul road along the construction corridor to the caravan park and the noise levels and possible vibration levels.</p> <p>The Land Interest is seeking further details on the proposed volume of traffic along the construction corridor and an understanding of the impact of vibration on the ditch and bungalow structures.</p> <p>The Land Interest is concerned his business may be at risk from noise and vibration affecting the Land Interest's customers and their enjoyment / use of their caravans.</p> <p>The Applicant's latest correspondence with the Land Interest was in January 2024.</p> <p>Following a further review of the Works Plans, the Applicant has determined the Plot 4/11 is unregistered land and adopted highway. The Applicant has in this instance not entered into discussions over Heads of Terms.</p>

027	Frederick Turok	<p>In October 2022, the Land Interest (who owns a property to the east of Kent Street and has a presumed ownership of subsoil / part width of highway) contacted the Applicant in response to the public consultation.</p> <p>Plot 33/4 is included within the DCO boundary for proposed temporary construction access.</p> <p>The Land Interest attended a public meeting in November 2022 and submitted a consultation response detailing his main concerns. These include the level of construction traffic along Kent Street and wanting clarity on project timescales amid concerns of a reduction in value of his property.</p> <p>In December 2022, the Land Interest submitted an Alternative Route proposal. The route was not taken forwards for consultation on the basis of environmental constraints.</p> <p>As the Category 1 interest is presumed ownership of subsoil / part width of highway, the Applicant is not seeking to agree Heads of Terms as the Land Interest has not been able to deduce title.</p> <p>The Applicant is not aware of any outstanding issues other than accommodation works to be discussed in due course if necessary.</p>
028	Janine Creaye	<p>The Applicant has been in regular correspondence with the Land Interest since August 2021.</p> <p>The Land Interest does not own land affected by the proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access but will also be affected by cable construction works in two places.</p> <p>The Land Interest's primary concerns include the environmental impacts of the proposals. The Applicant received a letter in response to the consultation in August 2021 and subsequently met with the Land Interest on site in September 2021. In August 2022, the Applicant responded formally via Letter to the consultation response.</p> <p>The Land Interest sent additional letters in response to consultation in August 2022 and March 2023.</p> <p>The Applicant is not seeking to agree Heads of Terms.</p> <p>The Applicant is not aware of any outstanding issues other than accommodation works to be discussed in due course if necessary.</p>
029	Julian Thorpe	<p>In October 2022 the Land Interest wrote to the Applicant in response to the public consultation, having also been consulted in July 2021.</p> <p>The Land Interest does not own land affected by the Rampion 2 proposals. The Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access, but will also be affected by cable construction works in two places.</p> <p>The Applicant received questions from the Land Interest in November 2022 and responded in the same month. In addition, the Land Interest was consulted in April 2023.</p> <p>The Applicant is not seeking to agree Heads of Terms.</p> <p>The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access, anticipated reinstatement proposals and accommodation works discussions in due course.</p>
030	Kathryn Victoria Winfield	<p>The Applicant has been in correspondence with the Land Interest since May 2021.</p> <p>The Land Interest owns paddock land affected by the proposed Rampion 2 cable route.</p> <p>The Applicant has met with the Land Interest on site in June 2021 and March 2022, with a subsequent letter sent in March 2022 summarising the engagement meeting.</p> <p>Head of Terms were issued in March 2023, and the Applicant has sought feedback on a number of occasions, the last of which was via a Letter in March 2024. The Land Interest Responded via text message and email, the Applicant attempted contact but has received no response.</p> <p>The Latest correspondence being an email and phone call to the land interest in May 2024, requesting feedback on the Heads of Terms and offering an in-person meeting.</p> <p>The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated reinstatement proposals and accommodation works discussions in due course.</p> <p>The Applicant issued revised Heads of Terms in June 2024 (awaiting feedback). These were delivered in person on 27 June 2024.</p> <p>The Applicant met with the Land Interest and their recently appointed agent on 27 June 2024 to talk through the revised offer within the Heads of Terms and understand how the project can mitigate against some of her concerns. Feedback is awaited from the agent.</p> <p>The Applicant is due to respond on points regarding hedgerow retention and screening during the works.</p>

033	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Mrs Nicola Crichton-Brown (Mrs Nicola Crichton-Brown)	<p>The Applicant has been in regular correspondence with the Land Interest and their agents since January 2021.</p> <p>The Land Interest own arable and pasture land affected by the proposed Rampion 2 cable route. The entrance to the driveway to the Land Interest's residential property and other farm buildings is also affected by a proposed construction access. In addition, part of the aforementioned driveway is affected by a proposed operational access required for Rampion 2 project.</p> <p>Site meetings were initially held in February and August 2021, where the Land Interest expressed concerns about the severance of fields as well as use of the driveway as a construction access. The Land Interest's views were also reiterated within various consultation responses and an Impact Report dated 22 March 2021.</p> <p>Subsequently, the route was amended to take a route towards the edge of the field to minimise severance. The construction access was amended to exclude the majority of the driveway and these amendments were presented at a site meeting in May 2022.</p> <p>The Land Interest also put forward an alternative location for the construction access which was reviewed and not taken forward for consultation on the basis of highways considerations. The rationale for this was presented verbally at a consultation event and in a Letter in January 2024.</p> <p>Heads of Terms were issued in July 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms.</p> <p>Key outstanding concerns include the use of the bell mouth of the driveway as a construction access and detail within the Option documentation. A further site meeting was held in September 2023 to work collaboratively with the Land Interest on these issues. The latest correspondence was A Letter was sent in January 2024, to which the Land Interest responded (in March 2024) with associated queries.</p> <p>The Applicant sent the Land Interest a Letter in March 2024 regarding feedback on the Heads of Terms. The Applicant received a Letter from the land agent in May 2024.</p> <p>Latest correspondence was An online meeting with the agent was held in May 2024, followed up by an email with updated Heads of Terms and a response to the letter in May 2024.</p> <p>Following the appointment of a new agent by the landowner, the parties have been moving forwards positively with discussions. A letter was sent on 6 June 2024, to clarify the position in respect of fees for professional advice. Since CAH1, the Applicant issued revised Heads of Terms in June 2024, both directly to the landowner (by post) and via email to the agent. These Heads of Terms have an enhanced commercial offer to progress discussions and reach agreement. The Applicant has had a number of meetings with the Landowner's agent since CAH1, to discuss the general form of the Heads of Terms and specific points in relation to the land at Eatons Farm.</p> <p>These are further documented within the LER, but to summarise, an online meeting was held on 6 June 2024 and the Applicant responded with comments on 10 June 2024. On 12 June 2024 the Applicant met with the agent at Eatons Farm to discuss the remaining concerns. On 25 June 2024, the Applicant received a tracked changes word copy of the Heads of Terms from the agent (on the same day that the revised Heads of Terms were circulated). On 27 June 2024, the Applicant sent a detailed summary of answers on the outstanding points, including hedgerow removal, the construction access and the operational access. On 1 July 2024, a further meeting was held to discuss the Heads of Terms, and the Applicant sent over a tracked changes version of the revised Heads of Terms (cross referenced with his previous queries) on 2 July 2024. This included suggested wording for amending the operation access if desired. The Applicant awaits a response as at Deadline 5. As of Deadline 5, all reasonable agents fees incurred to date (and invoiced) have been paid in respect of advising Nicola Crichton-Brown.</p>

A site meeting was initially held in September 2021 where the Land Interest expressed concerns about the proximity of the proposed substation to their dwelling (which was under construction at the time) and expressed a desire for the alternative substation location (Wineham Lane North) to be selected. In addition, the Land Interest expressed concerns about the cable route affecting their pasture land (which was originally within the design). The Applicant received an objection to the proposals as a response to the consultation in September 2021.</p> <p>In July 2022, the Applicant contacted the Land Interest to advise that a substation location had been selected (Oakendene). In August 2023, the Applicant contacted the Land Interest to advise that the cable link between the proposed substation and the grid connection point had been selected, and subsequently, the cable route would no longer affect their land. The Land Interest submitted a further consultation response in November 2022 reiterating their concerns about the project and the proposed substation location.</p> <p>The latest correspondence with the Land Interest was in December 2023, when the Applicant provided answers to some of the Land Interest's queries in December 2023.</p> <p>It is anticipated that Heads of Terms will be issued in due course.</p> <p>Key outstanding concerns include construction traffic impacts on the local area around Kent Street, substation design and accommodation works to be discussed in due course.</p> <p>The Applicant will respond directly to the relevant representation. 039	Henry Adams (Henry Adams) On Behalf Of Susie Clare Fischel (Susie Clare Fischel)	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.</p> <p>The Land Interest has pasture land affected by the proposed Rampion 2 cable route, and a proposed Rampion 2 construction access on the southern boundary of their title.</p> <p>A site meeting was initially held in February 2021, followed by subsequent representation letters where the Land Interest expressed concerns about the environmental sensitivities of the proposed cable route. The Land Interest's views were also reiterated within further site meetings in May and July 2021 and various consultation responses. Subsequently, the route was amended to take a route further to the east, away from the aforementioned environmental constraints. The new proposed route was initially presented at a meeting in January 2022 and again in April 2022. The rationale for the route amendment and decision-making process was summarised in a letter dated 19th July 2022.</p> <p>An additional route amendment was presented by the Land Interest at a site meeting in April 2022 and in formal representations in September and November 2022, as a response to the Applicant's proposed re-route on their land. The rationale and decision-making process for not progressing with the additional route amendment to consultation was communicated in a letter dated 17th October 2023.</p> <p>Heads of Terms were issued in March 2023 and the agent confirmed in October 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. 040	James Scott	<p>The Applicant has been in correspondence with the Land Interest and their agent since February 2021.</p> <p>The Land Interest owns a driveway to their residential property and business (Plot 25/7, 25/8 and 25/9) which is proposed to be used as a Rampion 2 construction and operational access.</p> <p>The Land Interest is the Managing Director of a Company which owns the Freehold Title of paddock land (plot 25/6) which is affected by the proposed Rampion 2 cable route.</p> <p>Site meetings were initially held between May and August 2021 and the Land Interest attended a consultation event in July 2021. The Land Interest expressed concerns about the impact on the paddocks, proximity of the proposals to their dwelling and business, and inclusion of an additional Title of theirs within the boundary of the cable corridor, which seemed unnecessary. Subsequently, the route was amended to remove the additional Title, and reduce the total area of the paddocks impacted by the cable route proposals. The new proposals were presented at a site meeting in May 2022.</p> <p>The Land Interest (in conjunction with neighbouring landowners) put forward an alternative route that would bypass their land to the South. The Applicant provided the rationale for why this route had been discounted at the site visit in May 2022.</p> <p>Heads of Terms were issued in March 2023 in respect of the cable route and December 2023 in respect of the operational access. The agent confirmed in October 2023 that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant's latest correspondence with the Land Interest was a Letter sent in March 2024 requesting feedback on the Heads of Terms.</p> <p>Key outstanding concerns include further clarity on timescales, disturbance and mitigation, as well as accommodation works to be discussed in due course.</p> <p>The land agent requested an additional plan to append to the Heads of Terms in April 2024, to which the Applicant sought clarification on.</p> <p>Latest correspondence was The Applicant sent an email from to the Land Interest's agent in June 2024 attaching an updated Heads of Terms plan with additional details (as requested by the land agent).</p> <p>Since CAH1 the Applicant sent a letter to the Land Interest to clarify the position in respect of fees for professional advice. A teams call was held with Mr Worsley on 10th June. The Applicant has communicated that Rampion's design will be largely determined by 1) NGET's finalisation of the Bolney Extension connection point design and subsequent cable design work; 2) cable route refinement in light of pre-construction environmental surveys; 3) agreed construction designs and methods to ensure the protection of existing infrastructure in the ground (some of which might move between now and construction of the schemes). The Applicant is proceeding with targeted concept level cable design work utilising the survey data it has secured to date. It is expected that this design work will result in a more detailed picture of potential cable design, potential protection provision measures and associated land requirements. The Applicant is at this later stage likely to be able to determine if some areas will be required for construction only and confirm the ability to release temporarily required land back to the freehold owner further to construction. The Applicant has been in regular correspondence with the National Trust's representatives and their agent since June 2022.</p> <p>The National Trust has two interests affected by the proposed cable route. One being freehold land in Washington (pasture land) and one being a Covenant over Land at Climping (arable land). The National Trust does not own the land at Climping, therefore it is not inalienable. In addition, the interests are affected by a construction access and operational access. There is a proposed construction compound on the Covenant Land. Meetings were held in June 2023 and Heads of Terms issued in July 2023. All parties have confirmed that they will work collaboratively to agree terms. Full documents have been negotiated and agreed in principle for a "Covenant Deed of Release" for the Climping land. Signing awaits all National Trust documentation to be at the same final stage for board approvals and signing.</p> <p>The Applicant has reached an agreement to both the Washington land key terms in principle with the National Trust (that has received the Applicant's Board's approval) (May 24). Full draft documents for the Washington land have been issued to National Trust's solicitors for review and agreement.</p> <p>Washington Land negotiations</p> <p>Feedback was received from the National Trust agent and representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject-to-necessary-sign-offs. Discussions ongoing associated with rights of access and agreements required to be put on place associated with the access requirements over land occupied by the Loric Trust. The Applicant's solicitor has been instructed to prepare draft voluntary agreement documentation. Key commercial terms have been agreed with the Loric Trust, the National Trust's long term tenant occupying the land to be used for a construction access.</p> <p>The Land in question has been given special power by Parliament to declare land within the ownership of the National Trust as inalienable where it is considered as fit to be held for the benefit of the nation (s21(2) of the National Trust Act 1907). As a consequence, the National Trust is prevented from disposing of the freehold of such land. There is also additional protection when any such land is the subject of potential compulsory acquisition of the land itself or rights over that land.</p> <p>In the face of an objection to a compulsory purchase order by the National Trust, which has not been withdrawn by the time the confirming authority (the Minister) comes to making a decision on whether to confirm the CPO, the CPO becomes subject to 'special parliamentary procedure' (SPP). The CPO will not come into operation until the SPP process is concluded. The Applicant is engaging constructively to obtain the required rights over the inalienable land voluntarily so as to avoid the SPP process ensuring that any mitigations or benefits are secured.</p>

		<p>The land in question was gifted to the National Trust under the will of Mr A B Lloyd in 1942. The land has subsequently been declared inalienable. The majority of the land impacted by the scheme, is within a 99 year farm business tenancy granted to the Lorica Trust in 2004. The remainder of the land is managed in hand by the National Trust's local ranger team.</p> <p>Climping Covenant Land negotiations</p> <p>Feedback was received from the National Trust representatives in connection with the proposed key terms. Heads of Terms have been subject to ongoing negotiations and discussions and are provisionally agreed subject to necessary sign offs. The Applicant's board has now approved the Heads of Terms.</p> <p>The National Trust is the beneficiary of an Existing Covenant that was put in place to protect a specific conservation interest on Land at Climping being the "Normanby Covenant", dated 10th December 1973 between The Most Honourable Grania Maeve Rosaura The Marchioness of Normanby (1) and the National Trust (2)</p> <p>The works required to implement the Development include Works to the Covenanted Land that may be deemed to be in contravention of the Existing Covenant but for the exercise of compulsory acquisition powers. The parties have negotiated terms, subject to internal sign off, that will enable the covenant to be temporarily suspended to the extent necessary to enable the Applicant to implement the Works. The parties have provisionally agreed to adhere to the terms of the agreement to be put in place that will ensure harm caused to the conservation interest by the Development is mitigated.</p>

049	Toby Chapman	<p>The Applicant met with the Land Interest in May 2021 outlining the proposed scheme.</p> <p>The Land Interest owns pasture land which is affected by the proposed Rampion 2 cable route.</p> <p>The Land Interest's principal concern was the potential impact the construction of the cable route would have on their proposed equine facility – that had just received planning consent – for a new stable block, and indoor and outdoor arenas.</p> <p>Following the Applicant obtaining copies of the drawings (accompanying the planning application) the Applicant gave detailed consideration to altering the cable route in order to mitigate the potential impact on the proposed equine facility. The results of this, a minor re-alignment and a small reduction in the size of the Red Line Boundary, were presented to the Land Interest in an on-site meeting in May 2022.</p> <p>Heads of Terms were issued to the Land Interest in March 2023. The Applicant has sought feedback from the Land Interest's agent on a number of occasions, the last of which was via a Letter in March 2024.</p> <p>The Land Interest continues to have concerns about the impact that the construction period will have on the equine facility.</p> <p>The Land Interest contacted the Applicant via telephone directly in April 2024 to communicate concerns. The Applicant has arranged an in-person meeting to address concerns. The Applicant met with the Land interest in April 2024 on site at the property and followed up with an email in May 2024. A further email was sent to the Land interest in May 2024 with a plan detailing various constraints on their land holding.</p> <p>Since CAH1, following the appointment of a new agent, the parties have been moving forwards positively with discussions. The Applicant has had a number of email exchanges with the land interest since CAH1. On 6 June 2024, a letter was sent to the land interest confirming the Applicant's position in respect of fees for professional advice. The Land Interest asked a number of questions via email on 10 June 2024, to which the Applicant replied on 10 June 2024 with details on fencing, compensation, nature and duration of the proposed works and area impacted (with associated documentation attached to the email). Further clarification was sent via email on 10 June 2024 regarding the proposed haul road, the easement payment, compensation available and links to useful websites.</p> <p>On 17 June 2024 the Land Interest emailed the Applicant with queries regarding the BOR plots. The Applicant responded on 18 June 2024 and provided detailed comments on these 25 June 2024, as well as issuing the revised Heads of Terms offer with enhanced commercial terms to progress discussions and reach agreement.</p> <p>On 25 June 2024, the revised Heads of Terms were sent to the agent which followed meetings with the agent to understand outstanding 'blockers' to progressing</p>

051	John O'Rourke	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.</p> <p>The Land Interest owns pasture land affected by the proposed cable route.</p> <p>Site meetings were initially held in August and September 2021, with regular dialogue via on-line video calls since. The Land Interest expressed concerns about the proposed substation on their land, which was removed from the project design in July 2022. The Applicant is using reasonable endeavours to work with the Land Interest where possible.</p> <p>Heads of Terms were issued in July 2023. The Applicant is awaiting feedback from the Land Interest and their agent that they would like to work collaboratively to agree terms. The Applicant followed up with the land interest in an email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms.</p> <p>Last contact was via an email was sent in May 2024 where the Applicant requested feedback on the Heads of Terms and suggested an online Teams meeting.</p> <p>Key outstanding concerns include the total area of land that is included as part of the DCO application and accommodation works to be discussed in due course.</p> <p>Since CAH1 the Applicant sent the land interest a letter on 6 June 2024 to confirm the project's position in respect of fees for professional advice. The Applicant had a meeting with the land interest's agent on 12 June 2024 to discuss the main concerns with the Heads of Terms and understand any outstanding 'blockers' to reaching agreement. On 14 June 2024 an on-line teams call with Mr O'Rourke and his agent was held to discuss the project's Heads of Terms and to gain a better understanding of his concerns. The Applicant understands that the Land interest does not want to sign Heads of Terms unless the DCO Order Limits are amended in this location. The Applicant has explained that until engineering surveys and detailed design has been carried out in the vicinity of Bolney substation, the project cannot commit to reducing the Order Limits in this location. Every effort has been made to route the indicative cable route to the north of the field at the Land Interest's request (in order to allow him flexibility to hopefully develop another project (which is currently unconsented) on the same parcel of land, but to the south). However, firm commitments cannot be made at this stage as a wider area is required by the project at this stage.</p> <p>In addition to this, following CAH1 the Applicant issued revised Heads of Terms on 3 July 2024 via post direct to the Land interest and via email direct to the agent (on 8 July 2024) with an enhanced commercial offer to progress discussions and reach agreement.</p>
052	Stephen Christopher Turner	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since April 2022.</p> <p>The Land Interest owns pasture land affected by a proposed Rampion 2 temporary construction access. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.</p> <p>Site meetings were initially held in April and May 2022, where the Land Interest expressed a preference for the route to be moved to their far eastern field, and for an alternative construction access to be used instead. The original proposal remained in scope and the Applicant provided the rationale behind the route positioning through the Land Interest's land.</p> <p>Heads of Terms were issued in December 2023 in respect of the proposed construction access and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The Applicant has requested feedback from the Land Interest's agent, including at a site meeting in January 2024 and via email in February 2024. In February 2024, the Land Interest responded via email concluding that the rate offered for the proposed construction access was not sufficient.</p> <p>Latest correspondence being following up-The Applicant sent emails in April 2024 and May 2024 to the agent, requesting feedback on the Heads of Terms.</p> <p>Key outstanding concerns include accommodation works to be discussed in due course.</p> <p>Since CAH1 the Applicant sent a letter to the Land Interest on 6 June 2024 to clarify the position in respect of fees for advice on the project. In addition, the Applicant had a meeting with the Land interest's agent on 12 June 2024 to discuss the concerns with the Heads of Terms and understand any outstanding 'blockers' to reaching agreement. Updates following this meeting were sent on 21 June 2024 and 27 June 2024 (via email). As a result, the Applicant is due to issue a revised Heads of Terms document with enhanced commercial offer to progress discussions and reach agreement on the temporary construction access Heads of Terms.</p>

054	Savills UK Ltd (Savills UK Ltd) On Behalf Of Angmering Park Farms LLP, The Angmering Park Estate Trust, (Angmering Park Farms LLP, The Angmering Park Estate Trust.)	<p>The Applicant and the Land Interest and their agent(s) have held a number of meetings and exchanged a number of letters in relation to the proposed Rampion 2 cable route running through the Angmering Park Estate over the course of a three year period from 2021 to 2024.</p> <p>The Land Interest owns a mixture of arable and pasture land as well as woodland which is affected by the proposed Rampion 2 cable route and proposed construction and operational access.</p> <p>Through early engagement with the Land Interest, and the resident agent, during 2021 and 2022, a number of concerns have been resolved including providing alternative cable routes to mitigate engineering and environmental concerns, which resulted in further rounds of public consultation in the autumn of 2022.</p> <p>Heads of Terms were issued to the Land Interest in June 2023.</p> <p>The Land Interest's agent has raised concerns over joint bay locations. Whilst these locations are not known at present, detail will be provided in due course. In addition, the Applicant understands the Land Interest has concerns about HDD locations across the Estate.</p> <p>The Applicant continues to work collaboratively with the Land Interest and the Land Interest's agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents. The Land Interest is willing to work towards agreeing terms with the Applicant.</p> <p>The Applicant has also sought to contact the Forestry Commission as the "appropriate Crown authority" for consent to the making of the DCO, for the purposes of section</p>

058	Climping Homes (Climping Homes)	<p>The Applicant consulted with the Land Interest in October 2022, and in April 2023 as part of Highways Consultation. Following this, the Land Interest approached the Applicant in October 2023, to gain an understanding of the project and the potential impact on their land.</p> <p>Plots 2/19 & 2/20 are included within the DCO boundary for proposed temporary construction access.</p> <p>The Land Interest has obtained outline planning consent for a 300-dwelling residential development on their land. As part of the development the Land Interest proposes to alter Church Lane and install a new roundabout onto the A259. The main entrance to the Land Interest's proposed development would be off Church Lane in close proximity to the Applicant's proposed access into the Climping construction Compound.</p> <p>In a meeting between the Applicant and the Land Interest in November 2023, the Land Interest's principal concern was the potential impact the construction compound will have upon the saleability (i.e. ability to sell and value of) when the new houses are completed and ready to be sold. The Land Interest was also concerned about how the two construction projects (access points) may interact.</p> <p>Heads of Terms were issued to the Land Interest in December 2023.</p> <p>The Land Interest has confirmed they are willing to work collaboratively with the Applicant towards reaching a voluntary agreement.</p> <p>The Applicant's last correspondence with the Land Interest was in January 2024.</p> <p>The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 4th March 2024, whereby Heads of Terms were reviewed in detail. Following the discussion it was agreed that an agreement would be more appropriate than an Option Agreement and Deed of Easement. The Applicant will confirm to the Land Interest the form of the agreement to move forward with.</p> <p>Revised Heads of Terms were issued to the Land Interest on 29th April 2024. The Applicant has chased the Land Interest for an update on their position via an email dated 28th May 2024.</p> <p>Since CAH1, the Applicant has chased the Land Interest for a response on 10th June, 24th June and 3rd July 2024.</p>

The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21st February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Land Interest's agent confirmed that there were no outstanding issues. The Applicant has emailed the Land Interest's agent, in March 2024, seeking for the Heads of Terms to be signed and returned. A letter was also sent by the Applicant in March 2024.</p> <p>The Applicant chased the Land Interest's agent for an update, and during a telephone conversation with the Land Interest's agent in May 2024, the Land Interest's agent raised a concern with the easement strip prejudicing the Land Interest's ability to grant Network Rail access (over the cables) to the railway (Arundel Junction). Upon providing the Land Interest assurances / further information on this point, the Applicant anticipates that Heads of Terms will be signed and returned.</p> <p>Since CAH1, the Applicant spoke with the Land Interest's agent on an on-line video (TEAMS) call on 23th June 2024, whereby the Land Interest's agent outlined the Land Interest's primary concern in relation to the Rampion easement prejudicing the Land Interest from being able to grant Network Rail access rights over their land. The Applicant agreed to review some wording that could be added to the HoTs to mitigate this concern.</p> <p>The Applicant issued revised Heads of Terms in June 2024 and is awaiting feedback.</p>

In addition, part of track owned by the Land Interest (Plot 30/15) is affected by a proposed construction and operational access.</p> <p>Site meetings were initially held in April 2021 and May 2022, where the Land Interest expressed concerns about the disruption to their farming activities as a result of the two proposed cable route options on their land. In addition, the Land Interest expressed concerns about multiple proposed construction and operational accesses which affected their land. In July 2022, the location of the substation was communicated to the Land Interest, which subsequently removed one of the proposed cable routes from their land.</p> <p>Further site meetings were held in August 2022 and February 2023, where the Land Interest expressed concerns about the proposed construction and operational accesses through their fields and through the farmyard/ equine business. Subsequently, the construction and operational access through the farmyard was removed from the design and communicated to the Land Interest via telephone in April 2023. This left one construction and operational access affecting part of a track owned by the Land Interest (Plot 30/15) and a section of pasture land affected by a construction and operational access (Plot 31/2).</p> <p>Heads of Terms were issued in March 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant sought feedback from the Land Interest's agent on a number of occasions, such as via email in December 2023 and via a Letter in March 2024.</p> <p>The Applicant met with the Land Interest's newly appointed agent in May 2024 and followed up with an email clarifying various points. The Applicant is awaiting feedback. Key outstanding concerns include the impact of the cable route on their forage business operations and the impact on land drainage, as well as accommodation works to be discussed in due course.</p> <p>Since CAH1, due to the appointment of a new agent, the Applicant has been moving forwards positively with discussions. Following CAH1, a Letter was sent to the Land Interest on 6 June 2024 to confirm the project's position in relation to fees for professional advice. In addition, the Applicant issued revised Heads of Terms on 25 June 2024, both directly to the landowner (by post) and via email to the agent. These had an enhanced commercial offer to progress discussions and reach agreement. The Applicant has had a number of meetings with the Land Interest's agent, to discuss the general form of the Heads of Terms and specific points in relation to the land at Gratwicke Farm.</p> <p>An online teams meeting was held with the agent on 6 June 2024 and the Applicant responded with comments on 10 June 2024. A site meeting was held with the Land Interest and their agent on 12 June 2024 to understand outstanding 'blockers' in respect of progressing the agreement. A number of points were taken away and on 17 June 2024 the Applicant received a tracked changes word copy of the Heads of Terms from the agent. On 25 June 2024 the Applicant sent over the revised Heads of Terms, and on 27 June 2024 circulated a tracked changes version which dealt with a number of specific points that the agent had raised. This included suggested wording for fencing required (owing to the presence of horses), the preferred location of crossing points and clarification on a number of points which could not be removed from the Heads of Terms (due to construction requirements).</p> <p>The Land Interest signed and returned the revised Heads of Terms in July 2024.</p>

061	Lester Aldridge LLP (Lester Aldridge LLP) On Behalf Of Green Properties (Kent & Sussex) Ltd (Green Properties (Kent & Sussex) Ltd)	<p>The Applicant has had detailed dialogue with the Land Interest and the Land Interest's land agents commencing from April 2021.</p> <p>The Land Interest owns pasture land and woodland (planted saplings) which is affected by the proposed cable route.</p> <p>The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calls), in June, August, October 2021, March, April, May, June 2022, and attempted to arrange meetings (via telephone and Letter) in 2023 with the Land Interest and the Land Interest's agents.</p> <p>The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest, and the Land Interest's agents, and offering explanations as to how the Applicant has selected the cable route across the land.</p> <p>The Applicant sought to discuss Heads of Terms with the Land Interest and the Land Interest's agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or the Land Interest's agents.</p> <p>The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024.</p> <p>Heads of Terms were issued to the Land Interest in January 2024.</p> <p>The Applicant has contacted the Land Interest's new Agent to meet (in March 2024) to discuss further the Heads of Terms issued in January 2024.</p> <p>Further to the Land Interest's request, an on-site meeting has been arranged for 24th April 2024, and the Land Interest's agent has requested to discuss the Heads of Terms issued to the Land Interest at that meeting.</p> <p>The Applicant can confirm that Heads of Terms were discussed, but the Land Interest was more focussed on seeking to reach agreement on the Land Interest's preferred alternative cable route.</p> <ul style="list-style-type: none"> > The Applicant agreed to review the Land Interest's proposed alternative cable route (as per the Land Interest & Land Interest agent's request) > Tree planting over MUCH smaller area than anticipated - adjacent to Kent Street - trees / saplings will have to be removed / replaced / replanted to facilitate access > The Land Interest has left an approx. 50m strip of land alongside southern boundary of his land - where he would like the cables to be laid > HDD location discussed. Land Interest requested HDD to be lengthened into "Field 2" avoiding tree planting area > RLB discussed. The Land Interest's agent queried what extent of the RLB will actually be required - i.e. 40m corridor within 100m RLB > Access point - it was noted that this has been blocked off. The Land Interest would prefer for this access not to be used <p>The Applicant has exchanged emails with the Land Interest's agent in respect of the Heads of Terms and the Applicant provided the Land Interest's agent with copies of the draft Option and draft Deed of Easement documents. The Applicant continues to work with the Land Interest's agent in seeking to reach a voluntary agreement.</p> <p>Since CAH1, the Applicant has been working with the Land Interest and the Land Interest's agent to find a possible acceptable cable route through the Land Interest's holding. Extending the HDD pit (further from the Oakdene Substation) has been considered (in order to mitigate the impact on the Land Interest's tree planting) and a new access directly off Kent Street, within the DCO Order Limits, is also being considered by the Applicant. The Applicant issued revised Heads of Terms in July 2024 and is awaiting feedback.</p>
062	Joanne Higgins	<p>The Land Interest does not own land affected by the proposals but has access rights over a lane which leads to their residential property. The lane is proposed to be used as an operational access and will also be affected by cable construction works in two places. These had an enhanced commercial offer to progress discussions and reach agreement. The Applicant has had various discussions via on-line teams meetings with the agent regarding the Heads of Terms (on a general basis for his clients). The Applicant has provided answers to queries in respect of Trial pits, marker posts, the calculation of construction access payments, operational access usage and areas for indicative HDD locations outside of the 40m working width. The Applicant had discussions and email correspondence with the land Interest's agent on 25th June 2024, 1st July 2024 and 3rd July 2024. The Land Interest's agent is waiting to receive the updated precedent documents, however, we understand the Land Interest has no further concerns regarding the Heads of Terms with respect of specific impacts on their land.</p> <p>The Applicant received confirmation from the agent that terms are agreed in respect of Muntham Farm 2013 Trust Heads of Terms in July 2024.</p>
066	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Mr Mark Cleaver And Mrs Karen Cleaver (Mr Mark Cleaver And Mrs Karen Cleaver)	<p>The Applicant has been in correspondence with the Land Interest and their agent since January 2021.</p> <p>The Land Interest operate a campsite affected by the proposed cable route. The campsite is also located adjacent to a proposed construction compound. The Land Interest have built a dwelling in proximity to the proposed cable route and construction compound and resides on site.</p> <p>A site meeting was initially held in February 2021, where the Land Interest expressed concerns about the project boundary intersecting with their property (which was under construction at the time). Subsequently, the boundary was amended to avoid the dwelling. A further site meeting was held in July 2022 where the Applicant explained that the section of cable route in this location is intended to be installed by HDD methodology and no open trenching is proposed. At the site meeting and subsequent consultation event in November 2022, the Land Interest raised concerns about the impact of the construction compound and associated works on their business and future property development on site.</p> <p>Heads of Terms were issued in March 2023. The Applicant is awaiting confirmation from the agent that the Land Interest would like to work collaboratively to agree terms. The Applicant sought feedback from the Land Interest's agent via a Letter in March 2024.</p> <p>The Applicant followed up with the Land Interest via email in May 2024 in order to set up a suitable date to discuss the voluntary agreement and any outstanding concerns regarding the Heads of Terms.As at May 2024, the Applicant understands the Land Interest has appointed a new agent and is awaiting confirmation.</p> <p>Key outstanding concerns include disturbance and mitigation, as well as accommodation works to be discussed in due course.</p> <p>The Applicant will respond directly to the Land Interest's relevant representation.</p> <p>Since CAH 1, due to the appointment of a new agent, the Applicant has been moving forwards positively with discussions.</p> <p>Since CAH1 the Applicant sent a Letter on 6th June 2024 to the Land Interest to clarify the position in respect of fees for professional advice. 067	Henry Adams LLP (Henry Adams LLP) On Behalf Of Mssrs Hutchings (Mssrs Hutchings)	<p>The Applicant and the Land Interest have had a number of discussions about the cable route and the Rampion 2 project requirements over the period of 2021 to 2024.</p> <p>The Land Interest owns pasture land which is affected by the proposed cable route, areas needed temporarily for cable duct stringing and storage of excavated materials, and a proposed operational access.</p> <p>The Land Interest's agent has made the Applicant aware of an Option Agreement with a Developer for a second solar farm on the Land Interest's land. The Applicant is willing to work collaboratively with the Land Interest to seek to reach an amicable agreement on accommodating the cables and the solar farm on the land. Discussions between the Applicant and the Land Interest and the Land Interest's agent are ongoing.</p> <p>The Land Interest's agent has also made the Applicant aware that part of the cable route will pass through a landfill area. The Applicant has given detailed consideration to this, as well as considering minor cable routing amendments in this area. The results of this have been communicated to the Land Interest's agent.</p> <p>The Land Interest's agent has raised a concern in relation to the cable route severing the Land Interest's fields and rendering them redundant (i.e. unable to farm due to access and size of the severed fields). The Applicant has confirmed that access to all parts of the land will be maintained throughout construction.</p> <p>Heads of Terms were issued to the Land Interest in March 2023.</p> <p>The Land Interest's agent has raised a concern relating to the Applicant seeking to plant trees on the Land Interest's land to meet their Biodiversity Net Gain ("BNG") requirements. The Applicant is reviewing this and will respond to the Land Interest accordingly.</p> <p>The Applicant's latest correspondence with the Land Interest's agent was in December 2023.</p> <p>The Applicant has held several high level discussions with the Land Interest's agent, since receiving an initial generic response to the Heads of Terms in October 2023.</p> <p>The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21st February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issues relate to whether the DCO Boundary can be refined and whether the proposed cable route can be as far West as possible (within the DCO Boundary).</p> <p>The Applicant chased the Land Interest's agent for an update, and during a telephone conversation with the Land Interest's agent in May 2024, the Land Interest's agent informed the Applicant that due to a bovine tuberculosis testing in the immediate locality the Land Interest's cattle are not allowed to leave the farm for the next 12 months. In addition to this, the Land Interest had been considering retirement and the land that had been on the market (for sale) has now been withdrawn due to the bovine TB issue. Because of these reasons, the Land Interest is reconsidering his options / future and is unable to make a commitment to Rampion 2 at this time. The Applicant's last correspondence with the Land Interest was via a letter in March 2024.</p> <p>The Applicant chased the Land Interest's agent for an update, and during a telephone conversation with the Land Interest's agent in May 2024, the Land Interest's agent informed the Applicant that due to a bovine tuberculosis testing in the immediate locality the Land Interest's cattle are not allowed to leave the farm for the next 12 months. 068	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of Muntham Farm LLP (Muntham Farm LLP)	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since August 2021. The Land Interest owns arable and pasture land affected by the proposed cable route, and a proposed temporary construction access which partially follows a track and partially follows the edge of a field within their ownership. In addition, there is a proposed operational access which follows along an existing road access to the farm (which also provides the access to other dwellings).</p> <p>A site meeting was initially held in August 2021 to discuss the original PIER cable route proposal. Later meetings were held between May and August 2022, following the conception of the Longer Alternative Cable Route ("LACR") and Alternative Access ("AA") affecting their property, where the Land Interest expressed concerns about the direct route of the proposed cable across the farm. The Land Interest was collaborative and worked with the Applicant to agree on a variation of the existing route following site meetings in December 2022 and February 2023, which was put forward for a localised public 28-day consultation in March 2023. Subsequently, the route was amended to take a route further to the West, minimising impact on the farm where possible. The construction route and operational access route remained within scope.</p> <p>Heads of Terms were issued in July 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The Applicant sent a Letter to the Land Interest and their agent in March 2024 requesting feedback on the Heads of Terms documentation.</p> <p>The Applicant chased the Land Interest via email in May 2024 in order to set up a suitable date to discuss the voluntary agreement and any outstanding concerns regarding the Heads of Terms. As at May 2024, the Applicant understands the Land Interest has appointed a new agent and is awaiting confirmation. Key outstanding concerns include the impacts on farming and businesses on site, disturbance and accommodation works to be discussed in due course.</p> <p>Since CAH1, the Land interest recently appointed a new agent, who inspected the property for the first time on 21st June 2024, which has slowed discussions somewhat. However, due to the appointment of a new agent, the Applicant has been moving forwards positively with discussions.</p> <p>Since CAH1 the Applicant sent a letter to the Land Interest on 6th June 2024 to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms on 25th June 2024, sent directly to the land interest (via post) and via email to the agent. The Applicant had discussions and email correspondence with the land interest's agent on 25th June 2024, 1st July 2024 and 3rd July 2024. On 3rd July 2024 the agent confirmed there are no formal tenancies on the land. The agent is waiting to receive the updated precedent documents, however, we understand the land interest does not want to sign the Heads of Terms as he has requested greater financial compensation.</p>
070	Peter Christopher May	<p>The Land Interest was first consulted by the Applicant in July 2021.</p> <p>The Land Interest owns a small parcel of land within the DCO boundary. The parcel of land borders an existing lane, which is a proposed Rampion 2 operational access route. In addition, the Land Interest has access rights over a lane which leads to their residential property. The lane is proposed to be used as a Rampion 2 operational access.</p> <p>Despite attempts, the Applicant has been unable to make contact with the Land Interest.</p> <p>It is anticipated that Heads of Terms will be issued in due course. Heads of Terms were issued in April 2024.</p> <p>The Applicant understands there are no outstanding issues, other than further explanation as to the anticipated use of the operational access.</p> <p>The Applicant will respond directly to the relevant representation.</p>

072	Batcheller Monkhouse (Batcheller Monkhouse) On Behalf Of R G Nash & Sons (R G Nash & Sons)	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since February 2021.</p> <p>The Land Interest owns and operates a mixed dairy, beef and arable farming business which is affected by the proposed cable. There is also a proposed Rampion 2 construction access that affects part of the existing driveway (the entrance to the farm), part of an existing track, and agricultural land within the farm. There is also a proposed Rampion 2 soil storage area affecting agricultural land, and a proposed construction and operational access affecting agricultural land and an existing track.</p> <p>An initial site meeting was held in February 2021, where the Land Interest expressed concerns about the proposed cable route intersecting with a slurry pit (and associated infrastructure) that was under construction on their land. Subsequently, the route was amended to avoid this area.</p> <p>Further site meetings were held in May 2022 and December 2022, where the Land Interest expressed concerns about the impact of the Rampion 2 proposals on the operation of the business. At the December 2022 site meeting, the Land Interest expressed concerns about the route of the construction access on their land. The Land Interest was collaborative and worked with the Applicant to agree on a variation to the existing route which was put forward for consultation in April 2023. The construction access was subsequently amended within the design proposals.</p> <p>Heads of Terms were issued to the in July 2023 and the agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has sought feedback on a number of occasions, including an on-line meeting to discuss concerns in November 2023 and a Letter in March 2024.</p> <p>An online meeting was held with the agent in April 2024, followed by an email with updated Heads of Terms.</p> <p>The Applicant chased the land interest's agent for further comments on the Heads of Terms in order to progress discussions on the voluntary agreement in May 2024.</p> <p>Key outstanding concerns relates to the impact of the proposals on the operation of the dairy business and drainage. The Applicant has confirmed that this will be discussed in more detail in the accommodation works in due course.</p> <p>The Applicant issued revised Heads of Terms in June 2024 and is awaiting feedback.</p>

073	Knight Frank (Knight Frank) On Behalf Of R J Goring, R H Goring, P Goring, Wiston Estate Partnership (R J Goring, R H Goring, P Goring, Wiston Estate Partnership)	<p>The Applicant has consulted (both formally and informally) with the Land Interest (Wiston Estate) at both stakeholder level and landowner level, over the period 2020 to 2024. The Land Interest has arable and pasture land affected by the proposed Rampion 2 cable route, and a number of proposed construction and operational access routes.</p> <p>A site meeting was initially held in September 2021, where the Land Interest expressed a number of concerns about macro and micro re-routing of the cable. These views were reiterated within various consultation responses.</p> <p>An alternative route, to the south of Washington village, was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting in April 2022.</p> <p>In addition, in September 2021, the Land Interest proposed an alternative construction access route and removal of a proposed operational access. Subsequently both requests were factored into the design, and presented to the Land Interest at a site meeting in April 2022.</p> <p>Further site meetings were held in January 2023 and May 2023, with the Applicant working in conjunction with the Land Interest and the farm tenants to understand the main concerns.</p> <p>Heads of Terms were issued to the Land Interest in March 2023. The agent has confirmed that the Land Interest would like to work collaboratively with the Applicant to agree terms. The Applicant has been corresponding with the Land Interest, including meeting with various tenants on site in May 2023. The latest correspondence being from an in person meeting in January 2024 and online meetings in February 2024 and March 2024 to negotiate and agree points within the Heads of Terms.</p> <p>A 5 hour negotiation meeting was held between the Applicant and the Land Interest on 27th May. There are many points relating to the key terms now agreed. As of Deadline 4, the Applicant is awaiting further information from the Land Interest as part of the ongoing discussions.</p> <p>Since CAH1 the Applicant sent a letter on 6th June 2024 to the Land Interest to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms on 17th June 2024 with an enhanced commercial offer to progress discussions and reach agreement. On 4th July 2024 the Applicant re-circulated the Heads of Terms with amendments associated with construction access payments and updates from the Land Registry. As at Deadline 5 the Applicant is awaiting feedback from the Wiston Estate and their agent including from the landowners solicitor on the updated Heads of Terms. Further engagement with the landowner is detailed within the Wiston Estate Landowner Engagement Report.</p>
074	Ruth Taylor	<p>Discussions have been held in relation to non-intrusive survey access, resulting in a survey access licence agreement being signed up to with the Land Interest.</p> <p>The Land Interest owns an access track which is affected by the proposed cable route.</p> <p>The Applicant met with the Land Interest in July 2022 and May 2023 to provide an update of the project's progress, and to discuss the impacts of the proposed cable route on their land. During this period the Applicant exchanged several emails with the Land Interest.</p> <p>Heads of Terms were issued to the Land Interest in June 2023 with a revised Heads of Terms issued in July 2023. An on-site meeting was held between the Applicant and the Land Interest in December 2023 to discuss the revised Heads of Terms and any of the Land Interest's concerns.</p> <p>The Land Interest's principal concern is how their horses will cross the proposed construction corridor during construction. The Land Interest is also not content with the proposed consideration being offered. The Applicant is awaiting further detailed information in relation to financial settlement.</p> <p>The Applicant has agreed that reasonable legal fees will be reimbursed and that the Land Interest may commence engagement with their legal representatives.</p> <p>The Applicant's last correspondence with the Land Interest was in December 2023. The Land Interest is awaiting engineering feedback on construction details from the Applicant and accommodation works which are subject to ongoing discussions</p> <p>The Applicant will seek to arrange an on-site meeting, in June July 2024, with the Land Interest to explain the construction methodology and have a further discussion in relation to the level of compensation payable.</p> <p>The Applicant issued revised Heads of Terms in June 2024 and is awaiting feedback.</p>
075	Suzy Smith Racing Ltd (Suzy Smith Racing Ltd)	<p>The Land Interest occupies part of the Angmering Park Estate.</p> <p>The Land Interest occupies pasture land which is affected by the proposed cable route.</p> <p>The Applicant has noted the concerns raised in the relevant representation, in relation to the proximity of the construction corridor to the grass gallops / Lower Combe Stables and will discuss accommodation works / ways to mitigate the impact of the construction works in due course.</p> <p>The Applicant's last correspondence with the landowner (Angmering Park Estate) was in January 2024.</p> <p>The Applicant met with the Land Interest in January 2024, where it subsequently transpired that the Land Interest does not occupy Plot 8/3. Therefore the Land Interest has no interest in the land and will therefore no longer require to be consulted with during the project. The Applicant will ensure the BoR and the Change Log are updated accordingly.</p>
076	The Baird Farming Partnership (The Baird Farming Partnership) On Behalf Of The Baird Farming Partnership (The Baird Farming Partnership)	<p>The Applicant and the Land Interest and their agent have been engaged and in ongoing discussions over the period 2021 to 2024.</p> <p>The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access, an area needed temporarily for the storage of excavated materials and construction compound.</p> <p>Heads of Terms were issued to the Land Interest in June 2023.</p> <p>The Land Interest's principal concerns relate to; the construction compound location; the restrictions sought to be imposed on the easement strip (as defined in the draft Deed of Easement document); the impact of the cable route on the adjacent Littlehampton Economic Growth Area ("LEGA"); the impact of the construction corridor and construction compound on the existing land drainage.</p> <p>The Applicant has given detailed consideration to these concerns. The Applicant has sought to mitigate the impact of the cable route on LEGA by moving the cable route further to the West (away from) of the proposed area.</p> <p>The Applicant continues to be in discussions with the Land Interest and their agent over the Land Interest's concerns listed above and the wider concerns as detailed in the Land Interest's relevant representation.</p> <p>The Applicant's last correspondence with the Land Interest was in January 2024.</p> <p>The Applicant met with the Land Interest and the Land Interest's agent on 12th March 2024 and reviewed the Heads of Terms, draft Option Agreement, draft Deed of Easement documents. The key issues outstanding, are assurances being sought on contamination of the site compound, rates (£ per square metre) on the site compound, and clarity on what the site compound is to be used for.</p> <p>Further to the Land Interest's meeting with the Land Interest and the Land Interest's agent on 12th March 2024, the Applicant has followed up this meeting with subsequent emails in May 2024 and with a letter dated 24th May 2024. The Applicant awaits a response from the Land Interest, and is hopeful that a voluntary agreement can be reached.</p> <p>Since CAH1, the Land Interest responded to the Applicant's email of 24th May 2024 in an email dated 30th May 2024 whereby further questions have been raised in relation to BNG, temporary compound, temporary site compound, potential land contamination and underdrainage works. The Applicant submitted a detailed response to all of the issues raised in the Land Interest's email of 30th May 2023 to the Land Interest in an email on 19th June 2024.</p> <p>The Applicant and the Land Interest had an on-line video (TEAMS) call to discuss a possible BNG opportunity with the Land Interest on 17th June 2024.</p> <p>The Applicant issued revised Heads of Terms in June 2024 and is awaiting feedback.</p>

077	Savills (Savills) On Behalf Of The Personal Executors Of Lady Sarah Margaret Clutton (The Personal Executors Of Lady Sarah Margaret Clutton)	<p>The Applicant and the Land Interest and their agent have held a number of meetings and exchanged a number of letters in relation to the proposed cable route running through the Land Interest's land since the introduction of the Longer Alternative Cable Routes in 2022.</p> <p>The Land Interest owns arable land which is affected by the proposed cable route and temporary construction access.</p> <p>Heads of Terms were issued to the Land Interest in June 2023.</p> <p>The Land Interest's agent has raised concerns over joint / transmission bay locations and whilst these locations are not known at present, will be provided in due course.</p> <p>The Applicant continues to work collaboratively with the Land Interest and their agent and is in the process of reviewing the draft Option Agreement and draft Deed of Easement documents.</p> <p>The Applicant's latest correspondence with the Land Interest's agent was in January 2024.</p> <p>The Applicant had an on-line video (TEAMS) call with the Land Interest's agent, on 1st March 2024, whereby Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The Applicant is awaiting confirmation from the Land Interest that terms have been agreed in principle. The principal outstanding issue relates to the optionality on Michelgrove Bank, which will only be determined upon the Applicant undertaking ground investigation works programmed for the summer 2024.</p> <p>The Applicant will seek to arrange a meeting, in June 2024, with the Land Interest's agent to seek clarification on any outstanding matters, and is hopeful that a voluntary agreement can be reached.</p> <p>Since CAH1, the Applicant's agent spoke with the Land Interest's agent, on 14th June 2024, who confirmed that new Trustees had been appointed and that these details would be provided to the Applicant shortly. The Land Interest's agent confirmed he would seek confirmation of his instructions and revert shortly.</p> <p>The Applicant issued revised Heads of Terms in June 2024 amid is awaiting feedback.</p>
078	Lester Aldridge LLP (Lester Aldridge LLP) On Behalf Of Thomas Ralph Dickson (Thomas Ralph Dickson)	<p>The Applicant has had detailed dialogue with the Land Interest and their agents commencing from April 2021.</p> <p>The Land Interest owns pasture land which is affected by the proposed cable route.</p> <p>The Applicant has sought to consult with the Land Interest through attending several meetings (both on-site at College Wood Farm or via on-line video calling), in June, August, October 2021, March, April, May, June 2022, and March 2023 with the Land Interest and their agents. The Applicant has followed up these meetings in writing, through either providing Site Meeting Notes or in a letter, giving detailed consideration of all of the issues raised by the Land Interest and their agents, offering explanations as to how the Applicant has selected the cable route across the land.</p> <p>The Applicant sought to discuss Heads of Terms with the Land Interest and their agents. In May 2023, the Land Interest specifically requested that the Applicant does not issue Heads of Terms to the Land Interest or their agent.</p> <p>The Applicant has continued to offer to work collaboratively with the Land Interest, and the latest correspondence with the Land Interest was in January 2024.</p> <p>Heads of Terms were issued to the Land Interest in January 2024.</p> <p>The Applicant has contacted the Land Interest's newly appointed Agent to seek to meet to discuss further the Heads of Terms issued in January 2024.</p> <p>The Applicant can confirm that Heads of Terms were discussed, but the Land Interest was more focussed on seeking to reach agreement on the Land Interest's preferred alternative cable route.</p> <ul style="list-style-type: none"> > The Applicant agreed to review the Land Interest's proposed alternative cable route (as per the Land Interest & Land Interest agent's request) > Tree planting over MUCH smaller area than anticipated - adjacent to Kent Street - trees / saplings will have to be removed / replaced / replanted to facilitate access > The Land Interest has left an approx. 50m strip of land alongside southern boundary of his land - where he would like the cables to be laid > HDD location discussed. Land Interest requested HDD to be lengthened into "Field 2" avoiding tree planting area > RLB discussed. The Land Interest's agent queried what extent of the RLB will actually be required - i.e. 40m corridor within 100m RLB > Access point - it was noted that this has been blocked off. The Land Interest would prefer for this access not to be used <p>The Applicant has exchanged emails with the Land Interest's agent in respect of the Heads of Terms and the Applicant provided the Land Interest's agent with copies of the draft Option and draft Deed of Easement documents. The Applicant continues to work with the Land Interest's agent in seeking to reach a voluntary agreement.</p> <p>The Applicant has been in discussions with Mr Dickson since CA Hearing 1. Emails have been exchanged and site visits carried out as detailed below:</p> <p>28th May 24- Email from the Applicant to Simon Mole querying which months of the year Cattle are kept at College Wood Farm and request for information relating to farm management. Subsequent call on 31st May with Simon Mole where he reported that Cattle are usually bought in Spring and sold in Autumn, however the cattle were being brought onto the land later this year due to the wet weather.</p> <p>30th May 24- Email from the Applicant to Simon Mole. Email requested a call to discuss Mr Dickson's latest position on the HDD of College Wood farm driveway. The email contained information that has been put together to inform the hearing regarding trenchless crossing timeframes likely to be required at this location which was also included in the Deadline 4 submission. The email set out the Applicant's commitment relating to retained access for Mr Dickson along College Wood Drive, assuming 'open cut' trenching methods are used across the driveway for comparison and asked if Simon Mole could confirm Mr Dickson's latest position with regard to the request for the HDD of College Wood farm in light of the information presented as this affects the Applicant's response to Mr Dickson's proposed "Alternative 3" "without trees" proposal put forward. The Applicant stated that it will provide uninterrupted access along the private access track throughout the duration of the construction period. When the cables are installed through the private access track, an alternative access route via a short diversion will be provided (through the Construction Corridor) of suitable material (i.e. bog matting) to ensure uninterrupted access is maintained for farm vehicles, HGVs, and for emergency vehicles. The relevant principles around Private Means of Access (PMA) as detailed in section 5.7.10 in the Outline Code of Construction Practice [REP3-025] apply to this.</p> <p>31st May 24- Teams call with Simon Mole, Vicky Portwain and Nigel Abbot to discuss matters raised in the email of 30th May above, tree removal at College Wood Farm, cable route amendments at College Wood farm and current cattle operations.</p> <p>6th June 24 - Email from the Applicant to Simon Mole setting out the conclusions of the Applicant's assessment of Mr Dickson's proposed "Alternative 3" in light of Mr Dickson having very recently felled the belt of trees in the north east field and in this case for the Applicant to put forward our "best compromise". The email confirmed that the project team last week had reviewed the proposed "Alternative 3" put forward in the Written Representations in light of the reported felled trees and noted that the Applicant cannot take account of the felling in the context of Environmental Assessment- as the assessment needs to be based on the point of time used within the application.</p> <p>The conclusions from the Project team remain against taking forward the proposal for the following reasons due to trenchless crossing amenity impact on the property to the north, increased surface water flooding, additional unknown services, overlap with the ancient woodland buffer, additional tree line crossing (as cannot be voided from the assessment).The email went onto state that at the same meeting a northern cable alignment was considered which would not impact on the ancient woodland buffer. A plan of the proposal drawn by the Applicant was included in the email. The email stated that this cable route alignment has not been subject to full Environmental Impact assessment, however an initial assessment had been carried out. Again the conclusions were that on balance the DCO route is preferable due to increased level of surface water risk impacts from the trenchless crossing and unknown services.</p>

		<p>provision due to the above level of surface water than impact from the trenchless crossing and erosion to be noted.</p> <p>Notwithstanding the Applicant noted that it is keen to find a pragmatic solution and is prepared to discuss if there would be potential for agreement by Mr Dickson to an adjusted cable alignment with no trenchless crossings on the land. The approach to securing consent would need to be aligned with the appropriate information and this can't be done with the information in the ES as the Applicant has no survey data for the northern part of the land as no access was permitted by Mr Dickson to survey outside of the DCO red line when surveys were carried out.</p> <p>The email stated that the Applicant would require flexibility to determine the appropriate course of action to facilitate such a change in light of the lack of Environmental information and assessment. The Applicant would be prepared to commit to reasonable endeavours to secure consent for the proposed new cable alignment with no trenchless crossings if this would result in an agreed way forward.</p> <p>10th June 24- Email from the Applicant to Simon Mole 13th June 24 – Site visit. Mr Dickson and his agent Simon Mole, Vicky Portwain and Nigel Abbot walked the Cable Route and noted the proposed extent of land required pursuant to the email dated 28th May. The Applicant understands there are still no cattle on the land.</p> <p>13th June 24 – Email from the Applicant to Simon Mole attaching a PDF of the new cable route plan sent 6th June 24 and discussed on the site visit. The Applicant noted that Mr Dickson had not agreed the plan and acknowledged that Mr Mole would be forwarding a proposed route Mr Dickson had talked through at College Wood Farm site visit. The email confirmed that the Applicant requires an agreed route before we can instruct any further survey work to inform an environmental report</p> <p>14th June 24 – Email from Simon Mole to the Applicant setting out Mr Dickson's requested Cable route, Proposed Development Parameters and conditions he would require to be satisfied in order for him to enter into a voluntary agreement. These include: -A construction width of 40m throughout (maximum) -An easement width of maximum 20m throughout -The woodland standoff remains but look to utilise, where possible, -Mr Dickson is willing to remove the oak tree we saw yesterday to help with the constraints in this location. -Mr Dickson's willingness now to accept open cut trenching of College Wood driveway but will want some controls around timing of the works and reinstatement so these can happen asap (say no more than 2 weeks).</p> <p>17th June 24 – The Applicant emailed Simon Mole to seek clarification on the contents of the email of 14th June in order for the Applicant's project team to assess. The Applicant indicated that the requested timeframe for HDD works are likely to be workable.</p> <p>19th June 24- Email from the Applicant to Simon Mole Further to Mr Dickson's new marked up plan sent through on 14th June, the email set out the Applicant's engineering and environmental comments on Mr Dickson's proposed revised DCO order limits at College Wood Farm and requirements/ conditions. The email stated that the Applicant would need the confidence of an agreed cable route to survey before instructing surveyors. In order to progress matters, the email requested confirmation that Mr Dickson is accepting of the key project requirements as follows:</p> <p>1)DCO corridor of 60-70m (within which the 40m working construction corridor will be located 2)Approximate easement width of 20m but wider if the project requires (e.g to go around obstacles subject to appropriate increase in payment).</p> <p>It was outlined that these parameters are required as a minimum to ensure the project delivery is not at substantive risk.</p> <p>The email set out the Applicant's engineering comments in response to the proposed amended cable route and the associated annotations/ conditions requested by Mr Dickson. The reduction of the DCO order limits to a width of 40m was noted as presenting a significant project risk as it removes the required flexibility required for GI surveys and detailed cable design or pre-construction/ construction phase potential constraints such as archaeology, UXO etc that could present a risk to the delivery of the project. The temporary construction corridor will be 40m for trenchless cable installation as per the DCO Application. However, the location of the 40m construction corridor is not determined at this point and will be within the 60-70m DCO boundaries to retain flexibility to account for detailed design. This is required, for example, to construct an appropriate crossing of the 33kV buried services in agreement with the utility operator. Within the corridor boundary, the construction design will take landowner requirements and requests into account as far as possible. Please see Rampion 2's "Applicant's responses to Action Points arising from Compulsory Acquisition Hearing 1- Table 2-2 - 1 for a detailed account of the rationale behind this: Applicant's response to Action Points arising from ISH2 & CAH1 (planninginspectorate.gov.uk)</p> <p>The email confirmed that it is anticipated that a 20m easement will be required for the cables and noted that the area of the woodland standoff is outside the proposed order limits in the marked up plan. The project is required to observe commitments C-216 in relation to this. The project has previously explored whether woodland buffers could be used for 'non-intrusive construction activities' (e.g. laying of ducts or soil storage), but it is understood that these works are not permitted in this area. The email confirmed that in principle the Applicant can commit to a 2-week crossing of the farm drive (start of construction to functional access reinstatement). During the 2-week crossing, access for Mr Dickson would be retained either via road plating or via a diversion route as previously communicated. It must be noted that there are stages of the construction of the utility crossing that involve third parties (for example for inspection & supervision by the utility operator), and that the target 2-week crossing of the access track does not account for potential delays due to third parties. However, this is considered unlikely.</p> <p>Mr Dickson had requested the western gate to be kept open and available however the email confirms that it would not be possible to reduce the DCO order limits to this extent at this stage, and the western gate needs to remain inside the DCO so as not to impact on the delivery of the project.</p> <p>The email also confirmed that the proposed cable route forwarded is from an environmental perspective less preferable than the DCO route for surface water, biodiversity and landscape and visual reasons.</p> <p>21st June 24 – Email from the Applicant to Simon Mole setting out the Applicant's next steps. The email outlined the requirements and timeframes that would be associated with any change to the proposals the Applicant and Mr Dickson are seeking to progress, in order to outline the challenges that both parties face in terms of implementing a change via a DCO change request.</p> <p>1. In order to progress forward the updated plan for assessment and any associated relevant constraints (and caveats) need to be set out in an agreed document such as an appendix to the key terms. 2. Further to the above the Applicant would need to confirm these details to our environmental consultants and engineering team and then survey and assess the proposal from a technical and environmental perspective 3. Only further to stage 2 can the Applicant consider whether it is a change that is both acceptable to the Applicant and consentable from an environmental/policy perspective and at that point the Applicant would need to take advice on the appropriateness of the change taking into account the information submitted to the Examination by Mr Dickson. 4. If the above assessment is positive, the Applicant would seek to secure a formal agreement with Mr Dickson prior to promoting the change 5. The Applicant would then need to submit a change notification request to PINS and obtain their view on what consultation is required. Further to the Applicant seeking advice from Eversheds on this last week, the Applicant understand that consultation is likely to be required with the LPA, Natural England and the property to the north as a minimum. 6. In anticipation of PINS requiring consultation we could start to undertake consultation between steps 4-5 as indicated in the latest Examination Guidance 7. Further to step 6, a change request would be submitted</p> <p>Given the 28 day consultation period, the Applicant set out that it anticipated that it will be difficult to get to Stage 4 and consult on the change prior to the end of the Examination. On timing, as this is a change proposed late in the day and which has not been assessed, the NPS places the onus on Mr Dickson to demonstrate it's suitability.</p> <p>Notwithstanding the above, the email stated that the Applicant is prepared to make appropriate (legal) commitments to work with Mr Dickson to use reasonable endeavours to facilitate the agreed change post-DCO Examination using a mechanism which allows for the proper consideration of the change. The Applicant reiterated the previous email of 6th June which stated that "Rampion would require flexibility to determine the appropriate course of action to facilitate such a change in light of the lack of Environmental information and assessment. Notwithstanding this, Rampion 2 would be prepared to commit to reasonable endeavours to secure consent for the above cable alignment with no trenchless crossings if this would result in an agreed way forward."</p> <p>The email set out an offer to prepare a list of 5/60 principles for proposing the cable route amendment" to be attached to the key terms.</p>

079	Tiffany Myatt-Wells	<p>The Applicant has been in regular correspondence with the Land Interest and their agent since March 2021.</p> <p>The Land Interest has pasture land affected by the proposed cable route.</p> <p>A site meeting was initially held in August 2021, where the project was discussed. In November 2022, the Land Interest responded to the consultation and expressed concerns about the proposed operational access, which was subsequently removed from scope. Further correspondence regarding construction works was discussed in March 2023.</p> <p>Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest would like to work collaboratively to agree terms. The Applicant contacted the Land Interest an email in February 2024 and a Letter in March 2024 requesting feedback on the Heads of Terms documentation.</p> <p>The latest correspondence being a chaser email in May 2024 sent to the Land Interest and their agent requesting a time for meeting to discuss the voluntary agreement and any outstanding points they have regarding the documentation.</p> <p>Key outstanding concerns include accommodation works to be discussed in due course.</p> <p>Following CAH1, a letter was sent to the land Interest on 6 June 2024 to confirm the Applicant's position in relation to fees for professional advice.</p> <p>A meeting was held with the Land Interest's agent on 12 June 2024 to discuss outstanding concerns and 'blockers' for progressing with the Heads of Terms'. A number of points were raised which were summarised in an email from the Applicant to the agent on 21 June 2024. On 27 June 2024, the revised Heads of Terms were issued to the agent via email (and sent in the post to the land interest), as well as answers to the outstanding concerns. These include further clarification on the process for claiming for additional forage.</p> <p>Following CAH1 the Applicant also issued revised Heads of Terms (with an enhanced commercial offer to progress discussions and reach agreement) on 25 June 2024 (via post to the landowner) and is awaiting a formal response. The Applicant spoke with the agent on the phone on 5 July 2024 and had an on-line teams meeting on 8 July 2024.</p> <p>As at Deadline 5 Applicant understands there are no outstanding matters to be addressed, other than a solicitor's review.</p>
080	Henry Adams LLP (Henry Adams LLP) On Behalf Of Timothy Longhurst (Timothy Longhurst)	<p>The Applicant has been in dialogue with the Land Interest and their agent over the period 2021 to 2024.</p> <p>The Land Interest owns arable land which is affected by the proposed cable route, temporary construction access and an areas needed temporarily for thee storage of excavated materials.</p> <p>The Applicant and the Land Interest and their agent met in April 2022 to discuss the new Alternative Cable Route ("ACR").</p> <p>The Land Interest raised a concern that this route passed through land that the Land Interest has they believe has long-term development potential. The Land Interest sought to have the proposed ACR moved as far to the South of his land as was possible. The Applicant has provided the Land Interest's agent with the rationale behind the cable route positioning through the Land Interest's land.</p> <p>Heads of Terms were issued to the Land Interest in April 2023.</p> <p>The Land Interest's agent has raised concerns with the wording of the draft Easement document in relation to the restrictions being sought to be imposed over the easement strip. The Applicant is reviewing this and will respond to the Land Interest and their agent accordingly.</p> <p>The Applicant's last correspondence with the Land Interest was via a letter sent in March 2024.</p> <p>The Applicant has held several high level discussions with the Land Interest's agent, since receiving an initial generic response to the Heads of Terms in October 2023. The Applicant had an on-line video (TEAMS) call with the Land Interest's agent on 21s February 2024 whereby the Heads of Terms, the draft Option Agreement and the draft Deed of Easement were reviewed in detail. The principal outstanding issues are the Land Interest's agent's position on long-term "hope" development value for the land and not accepting the Applicant's easement consideration amount, and the positioning of the proposed cable route through the middle of the land holding potentially sterilising the whole of the land holding, will prevent the land from being developed.</p> <p>The Applicant wrote to the Land Interest in March 2024. The Applicant has had a subsequent telephone conversation with the Land Interest's agent and has established that the Land Interest strongly opposes the cable route's current route which severs the arable fields in half. The Land Interest has long-term development aspirations for the land and is unhappy with the Applicant's current offer. The Land Interest's agent is willing to explore mitigation measures of the impact of the cable route through the Land Interest's land. The Applicant is seeking to arrange a meeting, in June 2024, with the Land Interest's agent to discuss / review mitigation measures in more detail.</p> <p>Since CAH1, the Applicant held an on-line TEAMS call, on 13th June 2024, with the Land Interest's agent to review the Land Interest's concerns in relation to the cable routing across the land holding. The Land Interest's agent has requested further details on exactly what restrictions are seeking to be imposed to understand the impact on the potential to develop the remaining land.</p> <p>The Applicant issued revised Heads of Terms in June 2024 and is awaiting feedback.</p>

083	Charles Robert Denys Arbutnot	<p>The Applicant has been in regular correspondence with the Land Interest since May 2021.</p> <p>The Land Interest has pasture land affected by the proposed cable route.</p> <p>A site meeting was initially held in June 2021, where the Land Interest expressed concerns about the proximity of the proposed cable route to the gas main on their property. The Land Interest also attended consultation events in September 2021 and October 2022. At the latter event, the Land Interest raised concerns about a proposed construction access located in proximity to the gas main on their land and requested it was moved further to the East. A further site meeting was held in December 2023 to explain the protective provisions and safety considerations that will be agreed with the statutory undertaker before any construction work can progress.</p> <p>Heads of Terms were issued in March 2023 and the Applicant understands that the Land Interest does not want to progress discussions at this stage. 084	Washington Parish Council	<p>The Applicant has consulted (both formally and informally) with the Land Interest at both stakeholder level and landowner level, over the period 2021 to 2024.</p> <p>The Land Interest own land which forms a recreation ground and allotments that is affected by the proposed cable route. This section of the route is proposed to be constructed using HDD methodology.</p> <p>The Land Interest's principal concerns relate to the cable route going through the middle of the village of Washington, rather than to the South of the village. An alternative route was proposed by the Land Interest (in conjunction with other neighbouring landowners), which was given detailed consideration by the Applicant. The rationale and decision making process for not progressing with the route to consultation was communicated verbally by the Applicant at a Parish Council meeting in November 2022.</p> <p>The Land Interest is also concerned about the proximity of a construction compound to the village of Washington and in particular traffic and road safety.</p> <p>Heads of Terms were issued to the Land Interest in March 2023. The Land Interest confirmed in February 2024 that they would like to progress discussions on the Heads of Terms.</p> <p>The Applicant sent a Letter in March 2024 and via a Letter in March 2024, to which the Land Interest responded over financial issues and issues previously stated in email correspondence in April 2024.</p> <p>The latest correspondence being An online Teams meeting was held in May 2024 to confirm the project's position on fees and an ehaser email sent to the Land Interest's agent in May 2024 to confirm next steps to progress negotiations.</p> <p>Since CAH1 the Applicant sent a Letter to the Land Interest on 6 June 2024 to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms on 25 June 2024, sent directly to the land interest (via post). These had an enhanced commercial offer to progress discussions and reach agreement. Following the email to the Council's potential new agent (sent on 14 May 2024), the Applicant chased for a response on 29 May 2024. On 28 June 2024 the Applicant received a response from the agent via email. The Applicant is chasing the land agent via telephone to confirm their instruction and response to the Heads of Terms.</p>
085	John Goring on behalf of Wiston Parish Council (Wiston Parish Council)	<p>The Applicant has been in correspondence with the Land Interest (John Goring) since June 2020. The Land Interest is also a Parish Councillor for Wiston Parish Council. We are responding to the Land Interest. The Land Interest owns pasture and arable land which is affected by the proposed Rampion 2 cable route. In addition, the Land Interest owns part of a track / public bridleway which is affected by the proposed cable route.</p> <p>The Land Interest attended a Parish Council meeting in February 2021. In addition the Land Interest attended meetings in September 2021 and April 2022 (in conjunction with neighbouring Land Interests), where they expressed concerns about the impact of the proposed cable route on their agricultural land. The Land Interest also attended consultation events in September 2021 and November 2022.</p> <p>Following a Parish Council meeting in February 2021 (and via subsequent email correspondence and consultation responses), the Land Interest submitted an alternative cable route proposal. The proposal was submitted in conjunction with neighbouring landowners and detailed a route to the south of Washington, as opposed to through the village. The proposal was given detailed consideration by the Applicant. The rationale and decision-making process for not progressing with the route to consultation was communicated verbally by the Applicant at a site meeting at a neighbouring landowner in April 2022 and verbally at a Parish Council meeting in November 2022.</p> <p>Heads of Terms were issued in March 2023. The latest correspondence was in August 2023, when the Applicant provided answers to various queries on the impact of the proposals on the Land Interest's agricultural land. The Applicant is awaiting further feedback following a Letter requesting comments on the Heads of Terms sent in March 2024.</p> <p>The Applicant followed up with the Land Interest via phone call and email in April 2024.</p> <p>Latest correspondence being a A site meeting was held in May 2024 and the Applicant is awaiting feedback on the Heads of Terms.</p> <p>Key outstanding concerns include the preference for the alternative route to the south of Washington, compensation queries and accommodation works to be discussed in due course.</p> <p>Since CAH1 the Applicant sent a letter on 3 July 2024 to the Land Interest to clarify the position in respect of fees for professional advice. In addition, The Applicant issued revised Heads of Terms on 3 July 2024, sent directly to the land interest (via post), with an enhanced commercial offer to progress discussions and reach agreement. In addition, the Applicant met with John Goring on 28 May 2024 at his property and visited the location of the proposed cable route. The Applicant took away feedback from the landowner about his preference to site the cable route as far north over Daisy Lane as practically possible. The Applicant has passed this information to the engineers and will issue a response.</p>
086	The Crown Estate (The Crown Estate)	<p>The Applicant is in discussion with the Land Interest with regard to the agreement of terms for a lease for an area of foreshore within the Land Interest's ownership, which is subject of a regulating lease to Arun District Council (please see narrative in the Arun District Council row (RR- 033) and a number of coast protection work consents.</p> <p>The Land Interest has confirmed to the Applicant that the intention is for the foreshore areas (subject to the Arun District Council regulating lease) will be included in the Transmission Asset Agreement for Lease (29.06.23).</p> <p>Matt Seal at TCE has confirmed to Rampion 2/ CJ on 29.06.23 that the foreshore (subject to ADC lease) will be wrapped up in the Transmission Asset Agreement for Lease (29.06.23)</p> <p>The Applicant has followed up with TCE to confirm position 06.12.23</p> <p>The Applicant is also chasing up ADC for their view as to position with the regulating lease to ensure they are content to confirm their acceptance of the grant of rights by TCE to the Applicant.</p> <p>The Applicant has been corresponding with the Land Interest as the "appropriate Crown authority" for consent to the making of the DCO in accordance with sections 135 (1) and (2). It was confirmed in January 2024 that Town Legal has been instructed and will seek to work collaboratively with the Applicant.</p>
087	Richard John Clifford	<p>The Land Interest submitted a relevant representation making The Applicant aware that they are an occupier of a unit at Oakendene Industrial Estate and lives to the north of the A272.</p> <p>The Applicant in this instance has not entered into discussions over Heads of Terms.</p>
