Dear Sir / Madam

**RAMPION 2 OFFSHORE WIND FARM  
INTERESTED PARTY REFERENCE NUMBER: 20043512**

We write in advance of Deadline 5 on 9 July 2024.

We can confirm that our negotiations with the Applicant are taking longer than we anticipated and we have some remaining concerns about the interface between our apparatus and the proposed Development Consent Order ("the DCO").

We can confirm that discussions are ongoing with the Applicant but we have not yet reached agreement on the protective provisions. We will therefore provide a further update on this in advance of Deadline 6.

Yours sincerely

Southern Water Services Limited
