

Video Submission Proforma

File name: JHCTaB25June24.mp4

This is a short video clip (in order to email) of a meadow habitat in the cable construction route. The clip shows the grass and wildflower quality of the 'Talbot & Baker II' field at Cratemans Farm, Cowfold at the optimum time of June 2024 in parallel to the Applicant survey of June 2022. It is the site a trenchless crossing. The species list is included in written submission PDF.

Please attach this to my written representation for deadline #5.
