For the attention of both the Planning Inspectorate and Carter Jonas,

Please note that a record of Category 1 Occupier should be added for Plot 32/15 in the Book of Reference - to reflect the supply of water over this plot to five residential properties.

The supply of water runs 4 meters inside the hedge line on the southern side of this plot, as detailed in the attachment.

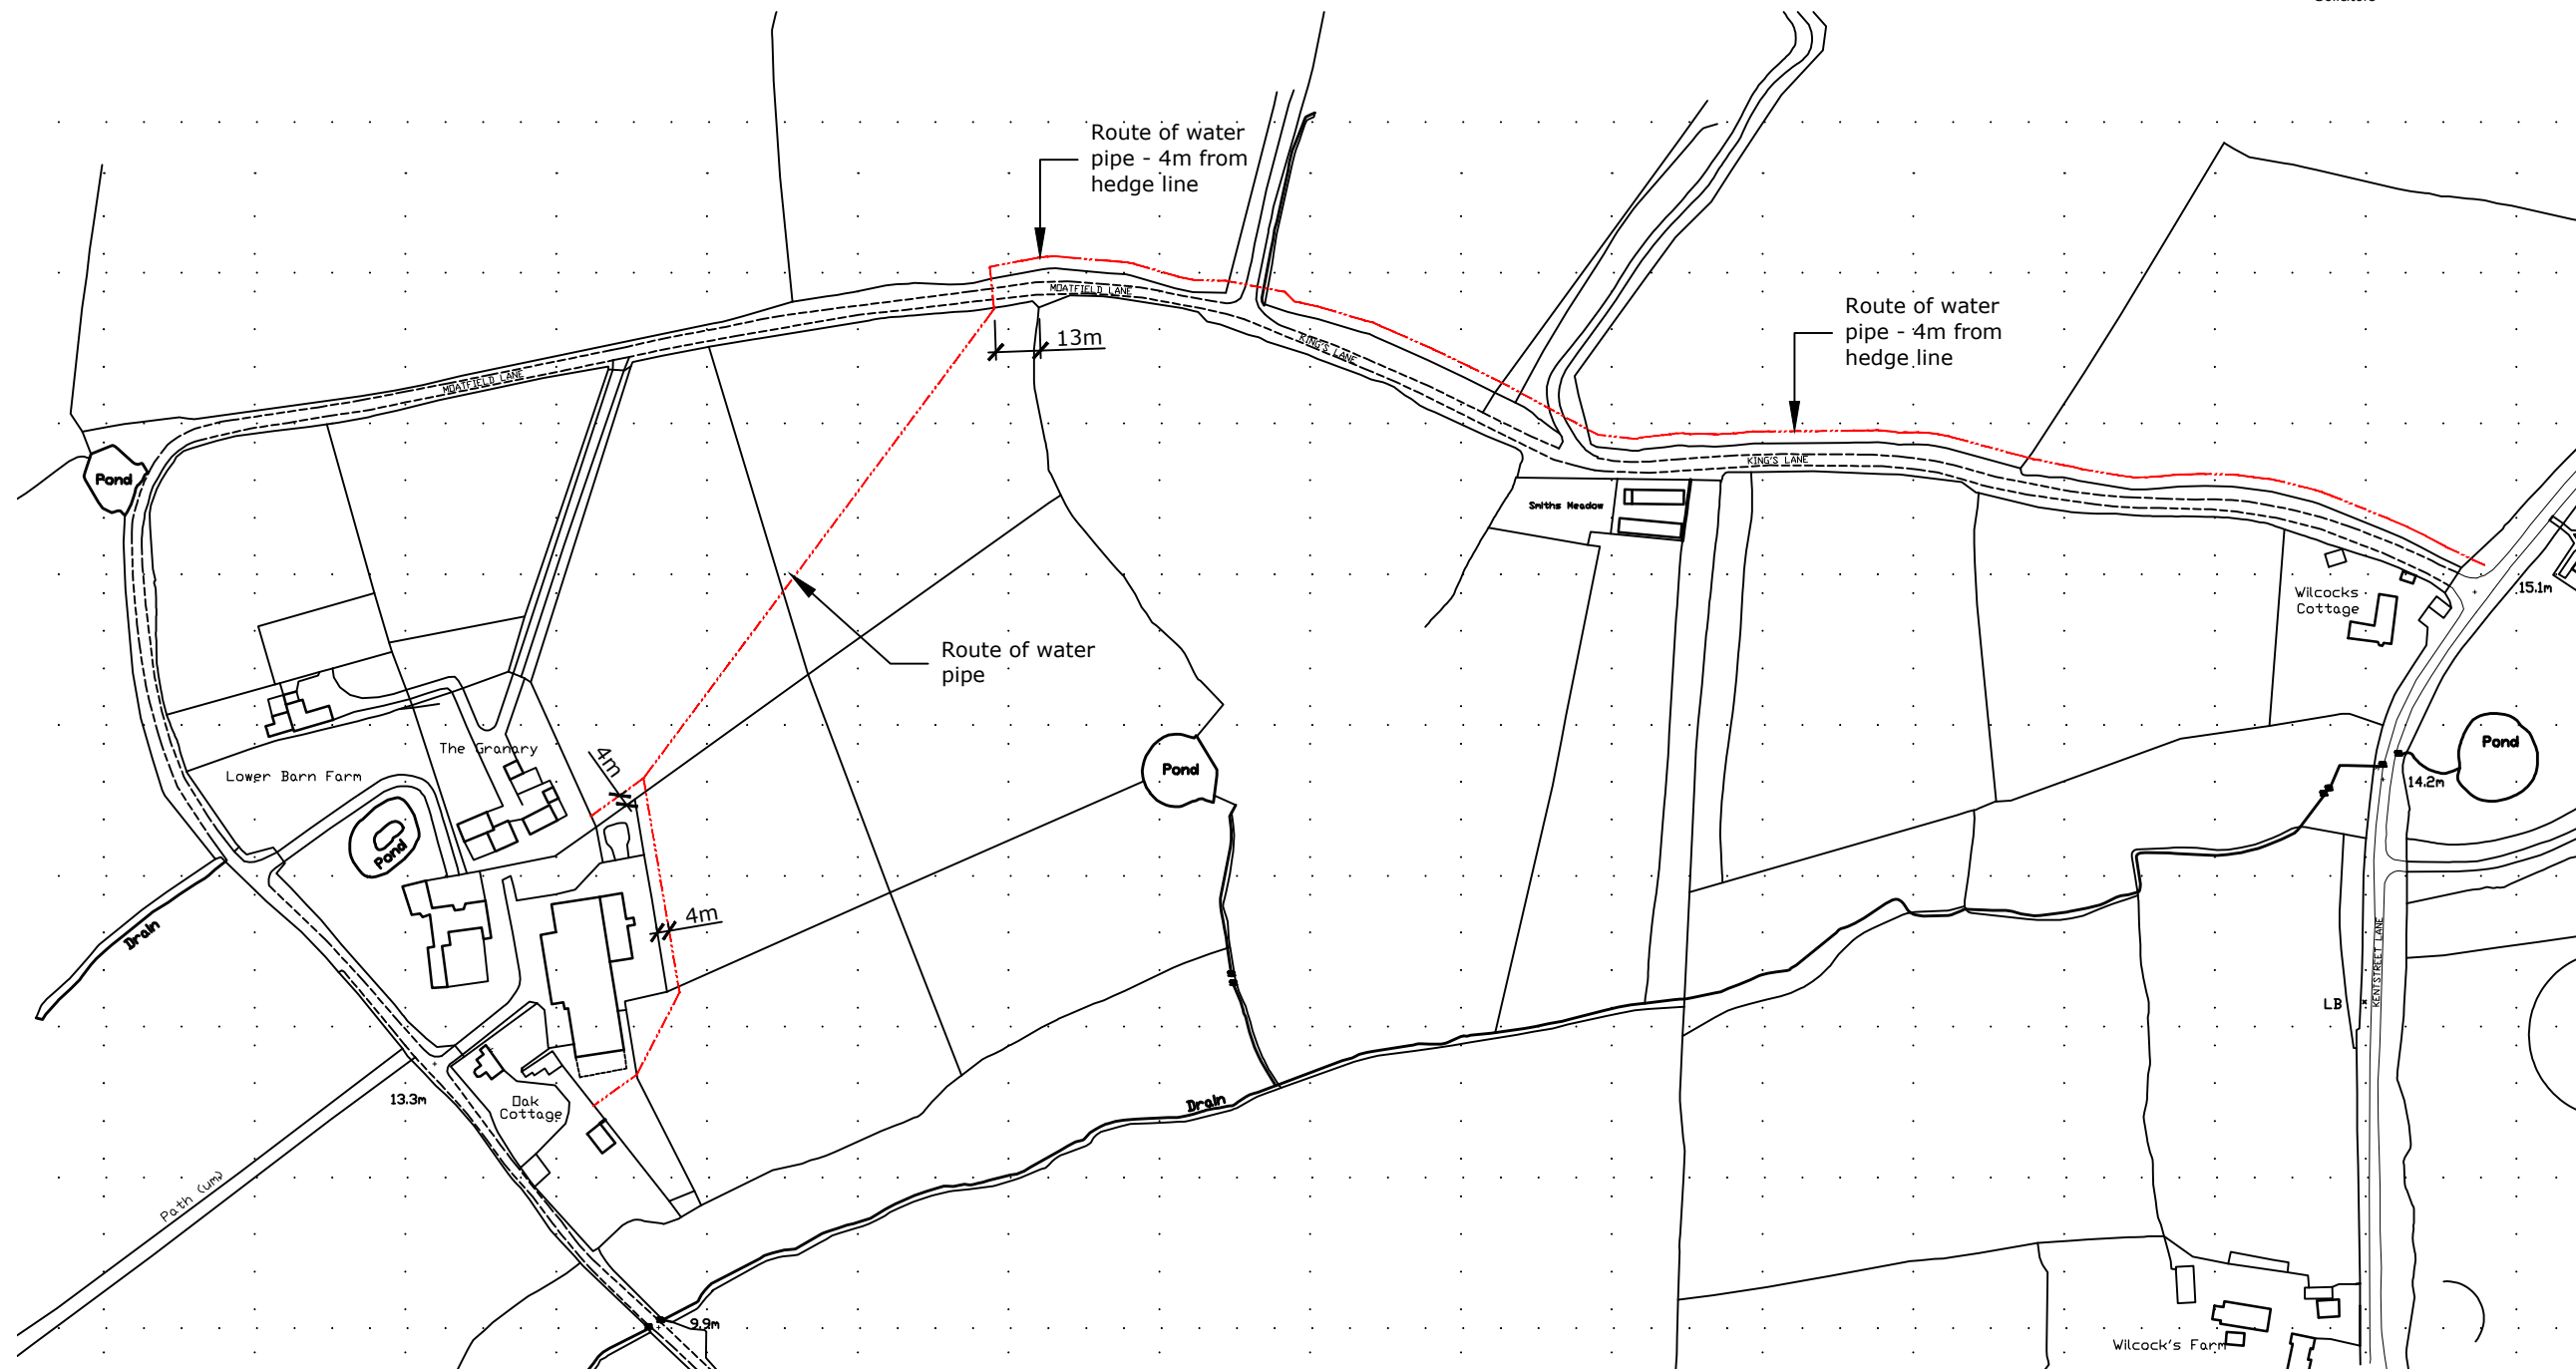

The water supply to three of the properties is recorded as a specific easement and registered as WSX184165:

- The Granary
- Lower Barn Farm
- Oak Cottage

The two other properties enjoy a general right of services across the plot (SX17882) - Lydford Farmhouse (WSX200757) and Bankfield Grange (WSX181848) - but the pipes for these properties are laid along the same route.

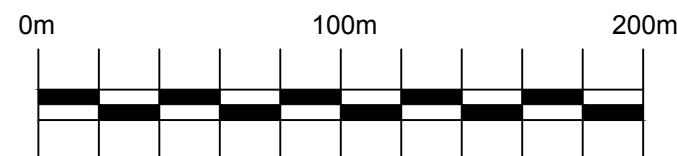

Many thanks,
Andrew D'Arcy Porter.
