6 August 2024

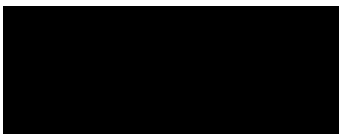

Dear Mr Allen,

**Planning Act 2008, E.On Climate and Renewables UK Ltd, Proposed Rampion 2 Offshore Wind Farm Order**  
**Additional Submission**

The Marine Management Organisation (MMO) notes that the Applicant has submitted requested additional documents at Deadline 6. Due to the timescales between this submission and the examination closing, the MMO and its advisors have not been able to review these additional documents, **and as such will be unable to advise on them within examination.**

The MMO strongly recommends **the Examining Authority** request further consultation from the MMO before a recommendation or **the Secretary of State** decision is made on the matters raised within our Deadline 6 response in order for the best available evidence to be considered.

Yours sincerely,

Rebecca Reed  
Marine Licensing Senior Case Manager
