Accompanied Site Inspection itinerary – Tuesday 6 December 2022

The itinerary for the accompanied site inspection can be found below.

Please note that the inspection of sites is **not** an opportunity to provide any oral representations on the project or discuss evidence. It is an opportunity for me to look at the physical features that can be seen on, or from the sites. Participants may be invited to point out specific features or sites of interest.

Joining the site visit

The site inspection will commence at 09:30 at Hatfield Peverel Village Hall. Participants are asked to assemble promptly as I will not wait for parties who are not present at the start time.

To ensure the smooth running of the ASI, attendees may wish to provide contact details for the day, notify the Case Team if there are any changes in attendance, and ensure the Planning Inspectorate is made aware of any special access requirements.

Please confirm attendance by emailing the Case Team at LongfieldSolarFarm@planninginspectorate.gov.uk or by phoning Customer Services on 0303 444 5000 by **Friday 2 December 2022**.

Clothing

Attendees are recommended to wear appropriate sturdy footwear and weather appropriate clothing. The Applicant will provide hard hats, high visibility jackets, safety glasses and gloves, if required.

Sites on private land

Access onto private land is at all times by permission of the person controlling it; householders, occupiers and landowners may refuse to allow some persons attending the ASI onto their land. Under those circumstances, I will decide whether or not to proceed with that part of the inspection and may ask those refused access to wait outside.

Refreshments

Please note refreshments will not be provided.

Cancellations

Please note that in the unlikely event that the Accompanied Site Inspection is cancelled I will endeavour to contact attendees beforehand, but ask that you regularly check the Planning Inspectorate's website which can be viewed here: <https://infrastructure.planninginspectorate.gov.uk/projects/eastern/longfield-solar-farm/?ipcsection=overview>.
