

**Planning Act 2008**

**The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017**

**Certificate of compliance with regulation 16**

I hereby certify that, in compliance with the requirements under regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 –

- (a) notice of the application was given to the persons identified under regulation 11; and
- (b) a copy of the accepted application, including the environmental statement and a map was given to the consultation bodies in accordance with regulation 16

- in relation to the application for an order to grant development consent for the construction, operation, maintenance, and decommissioning of the North Falls Offshore Wind Farm (the 'Project' or 'North Falls') which is an offshore generating station with a capacity exceeding 100 megawatts (MW) proposed approximately 40km off the East Anglia coast in the southern North Sea.

The Project comprises: a single offshore array area covering an area of 95 square kilometres with up to 57 wind turbine generators, the installation of underground cables and associated infrastructure; construction of up to two offshore substation platforms, or, up to one offshore substation platform and up to one offshore converter platform; the construction of up to two cable circuits and associated ducting with the onshore landfall taking place at between Clacton-on-Sea and Frinton-on-Sea; the construction of an electrical substation between Little Bromley and Ardleigh to connect to National Grid's proposed East Anglia Connection Node (EACN) substation; and all associated development and ancillary works.

**Case Reference No: EN010119**

**Applicant: North Falls Offshore Wind Farm Limited**

**Name in capitals: Mr Daniel Harper MRICS**
