On behalf of Drax Power Limited, please find enclosed the following forms, submitted in relation to above application for a Development Consent Order:

Drax Power Limited notes that, as shown on the Certificates, some parties were given an extended Relevant Representations period due to delivery issues of the section 56 notifications. However, it is acknowledged that some of those parties may have already submitted Relevant Representations to the Planning Inspectorate prior to the date of this letter in any event.

In relation to the Regulation 16 Certificate, PINS should note that the accepted application was not sent to Southampton Council as we understand that they were identified under Regulation 11(c) of by PINS in error given their distance from the scheme.

As Development Director, I have signed the certificates on behalf of Drax Power Limited.

As a supplement to the section 59 certificate, we have updated the Book of Reference and include both a 'clean' and 'tracked changes' version.

Yours sincerely,

David Ball
