1. INTRODUCTION

1.1. BOOK OF REFERENCE INTRODUCTION

- 1.1.1. This document is a Book of Reference (BoR) and accompanies an application (the Application) by Drax Power Limited (Drax or the Applicant) for a Development Consent Order (DCO) under the Planning Act 2008 (PA 2008) (Ref. 1.1).
- 1.1.2. This document comprises part of the Application documents for the Order as required by Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (APFP Regulations) (Ref. 1.2).
- 1.1.3. The BoR is to be read in conjunction with the Land Plans (document reference 2.2) submitted under Regulation 5(2)(i) of the APFP Regulations. The Land Plans identify:
 - i. All of the land within the Order limits required for and affected by the authorised development.
 - ii. Land that will be subject to powers to acquire permanent rights.
 - iii. Land which will not be acquired but where only temporary use powers may be exercised.
 - iv. Land in relation to which it is proposed to extinguish, suspend or interfere with any existing easements, servitudes and other private rights.
 - v. Land within the Order limits in relation to which no rights are sought.
- 1.1.4. Separate special category land and Crown land plans which identify special category land and replacement land in addition to Crown land as required by regulation 5(2)(i)(iv) and regulation 5(2)(n) will not be submitted. No special category land or Crown land has been identified.
- 1.1.5. The BoR is arranged in accordance with the requirements of the APFP Regulations. All the Order land is located within the administrative areas of Selby District Council (SDC) and North Yorkshire County Council (NYCC).
- 1.1.6. The BoR is divided into five parts. Each plot is numbered uniquely and these plot numbers relate to the Land Plans.
- 1.1.7. The Land Plans show the numbered plots of land within the Order limits that are listed in the sections of the BoR. Each plot within the Order land is coloured. The colouring serves to differentiate the type of rights or powers sought for each given plot within the Order land which corresponds to the respective interests, right or power to be acquired or used. Where plots are not shaded, and are therefore shown as white on the Land Plans, no acquisition of land or rights or possession of their land is sought, and this is made clear in this BoR.

1.2. INTRODUCTION TO PART 1 OF THE BOOK OF REFERENCE

- 1.2.1. Part 1 lists all the plot numbers within the Order limits which are shown on the Land Plans. Part 1 contains names and addresses for every person who is known, after making diligent inquiry, to be an owner, lessee, tenant or occupier of the plot (known

as Category 1 owners) or, is interested in or, has the power to sell, convey or release the land (known as Category 2 owners).

- 1.2.2. A person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of land to which the application for development consent relates; see section 57(1) and (7) of the PA 2008.
- 1.2.3. A person is in Category 2 if the applicant, after making diligent inquiry, knows that the person –
 - i. Is interested in the land.
 - ii. Has power –
 - To sell or convey the land.
 - To release the land (see section 57(2) of the PA 2008).
- 1.2.4. This includes mortgagees, cautioners and beneficiaries that may have an interest in each plot.
- 1.2.5. The land identified is comprehensively described and, as required by regulation 7(1)(a) of the APFP Regulations, includes all the land identified in the Order that is proposed to be subject to:
 - i. Powers of compulsory acquisition.
 - ii. Rights to use land, including the right to attach brackets or other equipment to buildings
 - iii. Rights to carry out protective works to buildings.

This land is the “Order land”.

1.3. INTRODUCTION TO PART 2 OF THE BOOK OF REFERENCE

- 1.3.1. Part 2 of the BoR is required by regulation 7(1)(b) of the APFP Regulations to contain “the names and addresses for service of each person within Category 3 as set out in section 57 (of the Planning Act 2008)”. A person is within Category 3 if Drax Power Limited thinks, having made diligent inquiry, that they would or might be entitled to make a relevant claim as a result of implementing the Order, or as a result of the Order having been implemented, or as a result of the use of the land once the Order has been implemented. A relevant claim is defined in section 57(6) of the PA 2008. This means:
 - i. A claim under section 10 of the Compulsory Purchase Act 1965 (Ref. 1.3) (compensation where satisfaction is not made for the taking or injurious affection of land subject to compulsory purchase), or
 - ii. A claim under Part 1 of the Land Compensation Act 1973 (Ref. 1.4) (compensation for depreciation of land value by physical factors caused by the use of public works), or

- iii. A claim under section 152(3) of the PA 2008 where land is injuriously affected by the carrying out of the authorised works.

1.3.2. Part 2 of the BoR contains the names and addresses of all those Category 3 persons with interests in land within the Order limits, who it is considered might be able to make a relevant claim. Where these parties are associated with a plot (on the Land Plans), the plot is identified and for each plot, a description of the land and its approximate area are provided. Where there are no associated plots, these are the Category 3 persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (identified by reference to the criteria outlined above). The BoR includes these Category 3 persons' names and addresses for service and identifies the land to which a relevant claim might relate. Where a separate address for service is not specified the address for service is the same as the address to which a relevant claim might relate.

1.4. INTRODUCTION TO PART 3 OF THE BOOK OF REFERENCE

1.4.1. In accordance with regulation 7(1)(c) of the APFP Regulations, Part 3 lists the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with as a consequence of the authorised development.

1.5. INTRODUCTION TO PART 4 OF THE BOOK OF REFERENCE

1.5.1. In accordance with regulation 7(1)(d) of the APFP Regulations, Part 4 of the BoR specifies the owner of any Crown interest in the Order land which is proposed to be used for the purpose of the Order for which the application is being made, and which includes land belonging to the Government departments.

1.5.2. The Secretary of State for Transport is the Freeholder over two plots that have been identified within the order limits and therefore have been identified as Crown Land under Part 4 for the BoR.

1.6. INTRODUCTION TO PART 5 OF THE BOOK OF REFERENCE

1.6.1. In accordance with regulation 7(1)(e) of the APFP Regulations, Part 5 identifies land:

- i. The acquisition of which is subject to special parliamentary procedure under particular circumstances;
- ii. Which is special category land (meaning land which forms all or part of a common, open space, National Trust land held inalienably and fuel and garden allotments);
- iii. Which is replacement land.

1.6.2. And for each plot of such land within which it is intended that all or part of the proposed development and works shall be carried out, the area in square metres of that plot.

1.6.3. Having made diligent inquiries no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that “No land was identified which should be included in this part”, this confirms that no special category land, land subject to special parliamentary procedure, and no replacement land is required.

Table 1- Classification of Rights
