EXECUTIVE SUMMARY

A Statement of Common Ground (SoCG) is a written statement produced during the application process for a Development Consent Order (DCO). It is prepared jointly by the applicant and another party, to assist the Examining Authority in examining the DCO Application by providing an understanding of the status of discussions or negotiations between the applicant and the other party.

This SoCG has been prepared between East Riding of Yorkshire Council (ERYC) and Drax Power Limited (the 'Applicant') (jointly referred to as the Parties) to show where agreement has been reached to date in relation to the Applicant's application (the DCO Application) for a DCO for their Bioenergy with Carbon Capture and Storage (BECCS) project (referred to as the Proposed Scheme). The SoCG represents an accurate and up to date reflection of matters discussed between the Parties. It is a document which will evolve during the examination, and conclude with a version which confirms the Parties' positions on relevant matters before the close of the examination.

ERYC is interested in the Proposed Scheme as a host local planning authority for works relating to the overhead lines (OHL1 and OHL2) which oversail the A645 and the A614 respectively, as well as the telecommunications line which crosses the A614 twice (TCL1), which are located within the Order Limits (as extended through the Change Request) and in the ERYC area. All other elements of the Proposed Scheme fall within the neighbouring Selby authority. ERYC is also interested in the Proposed Scheme as highway authority.

Throughout this document, points of agreement and disagreement between the Parties are clearly indicated.

1. INTRODUCTION AND PURPOSE

1.1. PURPOSE OF THE STATEMENT OF COMMON GROUND

1.1.1. A Statement of Common Ground (SoCG) is a written statement produced during the application process for a Development Consent Order (DCO) and is prepared jointly by the applicant and another party.

1.1.2. Paragraph 58 of the Department for Communities and Local Government's (DCLG, now Ministry of Housing, Communities and Local Government) guidance entitled 'Planning Act 2008: examination of applications for development consent' (26 March 2015) (DCLG, 2015) hereafter referred to as DCLG Guidance) describes a SoCG as follows:

"A statement of common ground is a written statement prepared jointly by the applicant and another party or parties, setting out any matters on which they agree. As well as identifying matters which are not in real dispute, it is also useful if a statement identifies those areas where agreement has not been reached. The statement should include references to show where those matters are dealt with in the written representations or other documentary evidence."

1.1.3. The aim of a SoCG is to assist the Examining Authority in examining the DCO by providing an understanding of the status of discussions or negotiations between the applicant and the other party. The effective use of SoCGs aids an efficient examination process.

1.1.4. A SoCG is updated as necessary or as requested during the examination.

1.2. DESCRIPTION OF PROPOSED SCHEME

1.2.1. A full description of the Proposed Scheme description is included in Chapter 2 (Site and Project Description) of the ES submitted with the DCO Application (PINS document reference APP-038), as amended by the Change Request - 8.5.1 Proposed Changes Application Report (document reference AS-045).

1.3. THIS STATEMENT OF COMMON GROUND WITH EAST RIDING OF YORKSHIRE COUNCIL

1.3.1. This SoCG has been prepared between East Riding of Yorkshire Council (ERYC) and the Applicant (jointly referred to as the Parties) in relation to the DCO Application.

1.3.2. It addresses topics of interest to ERYC. ERYC is interested in the Proposed Scheme as a statutory consultee. ERYC are a local planning authority and highway authority responsible for understanding the impacts of the Proposed Scheme, in respect of impacts within their administrative boundary.

- 1.3.3. Section 3 summarises the topics of relevance to this SoCG and Section 4 then details whether matters are agreed, not agreed or under discussion between the Parties.
- 1.3.4. In respect of matters relevant to the Proposed Scheme but not referred to in this SoCG, ERYC has no comments to make.
- 1.3.5. Following the Applicant's consultation on the Proposed Changes to the Application, and the acceptance of them into the Examination by the Examining Authority, ERYC agrees that the statements in this SoCG apply to the application inclusive of those Proposed Changes. If ERYC has any concerns in respect of the land impacts of Proposed Change 2, these will be expressed through the Relevant Representation process currently being undertaken.
- 1.3.6. It is agreed that the Applicant will submit a planning policy analysis of the proposed scheme which is within ERYC's local authority boundary (introduced as a result of Proposed Change 2) at Deadline 2.
- 1.3.7. The Applicant and ERYC will continue to discuss the land impacts of the OHL Works with ERYC.
- 1.3.8. The SoCG is a document which will evolve during the examination, and conclude with a version which confirms the Parties' positions on relevant matters before the close of the Examination.
- 1.3.9. This SoCG has been prepared in accordance with the DCLG Guidance.

2. RECORD OF ENGAGEMENT UNDERTAKEN TO DATE

2.1. RECORD OF ENGAGEMENT

2.1.1. The tables below set out a summary of the key meetings and correspondence between the Parties in relation to the Proposed Scheme.

Table 2.1 – Schedule of Meetings and Correspondence during the Pre-application Stage

Date	Form of Contact and Attendees	Summary
22 February 2021	<u>Email</u> From WSP ¹ to NYCC (Highways), National Highways, East Riding of Yorkshire Council (ERYC).	NYCC, National Highways, and ERYC provided comments on the proposed transport assessment parameters set out in a Transport Scoping Note, which had been provided to them by the Applicant. The approach was generally accepted by the highway authorities, but further discussions are required to reach final agreement ahead of the completion of the ES. The Transport Scoping Note issued covered all transport related parameters including baseline conditions, predicted trip generation, trip distribution, assessment scenarios, proposed growth factors, and other general items ahead of a scheduled meeting with consultees.
02 March 2021	<u>Online Meeting</u> NYCC (Highways); ERYC; National Highways; Drax; WSP Transport.	Inception call to introduce Drax BECCS to highway authorities, Proposed Scheme overview, transport scoping note content, Abnormal Indivisible Loads (AIL) strategy, and approach to future engagement. NYCC, National Highways, and ERYC resolved to provide comment on the Transport Scoping Note and AIL strategy.
02 March 2021	<u>Email</u> From ERYC to WSP.	ERYC reviewed the Transport Scoping Note and comments were limited to raising the main concern related to peak hour impacts. Contact details for PRow officer, abnormal loads, and

¹ WSP acting on behalf of the Applicant

Date	Form of Contact and Attendees	Summary
		area engineer, and street works team were also provided.
25 March 2021	<u>Online Meeting</u> NYCC (Highways); ERYC; National Highways; Drax; WSP Transport.	Call with highway authorities to discuss approach to AIL routes. National Highways to liaise with the DfT and seek confirmation and Approval in Principle for the Port of Goole 'Road Option' (as per the agreed approach for AIL movements associated with Drax Repower).
25 March 2021	<u>Email</u> From WSP to NYCC (Highways), National Highways and ERYC.	Request from the Applicant for National Highways to liaise with the DfT and seek confirmation and Approval in Principle for the Port of Goole 'Road Option' (as per Drax Repower).
22 April 2021	<u>Email</u> From ERYC to WSP.	ERYC Bridges and Structures Team response regarding the AIL route including request for various surveys to check the structures along the Proposed Scheme AIL route.
10 May 2021	<u>Online Meeting</u> ERYC; WSP.	ERYC Bridges and Structures Team survey requirements.
09 June 2021	<u>Online Meeting</u> ERYC; Collett Transport; Drax; WSP.	ERYC Bridges and Structures Team survey requirements.
01 November	<u>Statutory Submission</u>	The preliminary environmental assessment, report in the Preliminary Environmental

Date	Form of Contact and Attendees	Summary
	NYCC (Highways) National Highways ERYC	Information Report (PEIR) was issued to all parties as part of s42 process.
10 January 2022	<u>Online Meeting</u> ERYC; WSP.	Follow up discussion to regarding Abnormal Indivisible Load (AIL) route between Goole Docs and Drax Power Station, structures, previous loads, surveys, and DCO.
12 January 2022	<u>Email</u> From WSP to ERYC.	AIL vehicle configuration and associated loading data issued to ERYC for review and approval in principle by the Infrastructure and Facilities team.
14 January 2022	<u>Email</u> From ERYC (Forward Planning) to WSP	S42 Response – confirmation of no comments from Forward Planning team.
20 January – 22 February 2022	<u>Email</u> From WSP to ERYC	Email to ERYC in relation to the anticipated AIL vehicle configuration and associated loading data for review and comment by ERYC Infrastructure and Facilities officers, including follow up discussions related to timescales for receipt of response.
07 March – 14 April 2022	<u>Email</u> From ERYC to WSP	Further emails with regards to AIL deliveries on the ERYC network and assets.

Table 2.2 – Schedule of Meetings and Correspondence during the Pre-Examination and Examination Stages

Date	Form of Contact	Summary
22 August 2022	<u>Online Meeting</u> ERYC; WSP; Drax.	The purpose of the meeting was to discuss the DCO submission and examination programme, information sharing with regards to AIL deliveries, and approach to SoCG.

30 September 2022	<u>Online Meeting</u> ERYC; WSP Highways and Planning; Drax.	The purpose of the meeting was to discuss ERYC Relevant Representation submission. It was communicated that ERYC was not expecting to provide a full response (whereas typically the authority would provide a detailed response or not one at all). If a response is made, this would likely be limited to Traffic and Transport matters. It was agreed on that basis that the SoCG would also be limited to Traffic and Transport matters.
14 October 2022	<u>Email</u> From ERYC to Drax	ERYC advised that RRs have not been submitted, and that if PINS have any questions for ERYC as part of the DCO process, they will respond.
20 October – 1 November 2022	<u>Emails</u> Between WSP and ERYC.	Agreement of Revision 01 of the Statement of Common Ground.
23 January 2023	<u>Emails</u> Between WSP and ERYC.	Agreement of the developments which have been identified in the short list for cumulative impacts.
January – February 2023	<u>Emails</u> Between WSP and ERYC.	Agreement of Revision 02 of the Statement of Common Ground.

3. SUMMARY OF TOPICS COVERED BY THIS STATEMENT OF COMMON GROUND AND RELEVANT DOCUMENTS

3.1. TOPICS COVERED IN THIS STATEMENT OF COMMON GROUND

3.1.1. The following topic discussed between the Parties is covered by this SoCG:

- Traffic and Transport.

3.1.2. In respect of matters relevant to the Proposed Scheme but not referred to in this SoCG, ERYC have no comments to make. For the avoidance of doubt, ERYC have no comments to make in respect of the following matters:

- Development Consent Order;
- The need for, and principle of the Proposed Development and the examination of alternatives;
- Local planning policy;
- Relevant planning history and current proposals;
- Air quality and emissions;
- Biodiversity and ecology;
- Climate change;
- Design landscape and visual impacts;
- Flood risk and water environment;
- Ground conditions and contamination;
- Historic environment;
- Major accidents and natural disasters;
- Noise and vibration;
- Socio-economics; and
- Waste management.

3.2. RELEVANT DOCUMENTS FOR THIS STATEMENT OF COMMON GROUND

3.2.1. Table 3.1 provides a list of documents of particular relevance to this SoCG. This list will be updated to keep a record of the most recent version of the relevant document.

4. CURRENT POSITION

4.1. TRAFFIC AND TRANSPORT

Table 4.1 – Transport

Ref	Description of Matter	Applicant – Current Position	East Riding of Yorkshire Council – Current Position	Position
4.1.1	Baseline	The Applicant has set out the Baseline Conditions in Section 5.7 of Chapter 5 (Transport) of the ES (document reference APP-041).	ERYC agrees with the Applicant's position in respect to the Baseline Conditions set out in Section 5.7 of Chapter 5 (Transport) of the ES (document reference APP-041).	Agreed
4.1.2	Methodology	The Applicant has set out the Assessment Methodology in Section 5.5 of Chapter 5 (Transport) of the ES (document reference APP-041).	ERYC agrees with the Applicant's position in respect to the Assessment Methodology set out in Section 5.5 of Chapter 5 (Transport) of the ES (document reference APP-041).	Agreed
4.1.3	Assessment	The Applicant has set out the assessment in Section 5.9. 5.11 and 5.12 of Chapter 5 (Transport) of the ES (document reference APP-041).	ERYC agrees with the Applicant's position in respect to the assessment set out in Section 5.9. 5.11 and 5.12 of Chapter 5 (Transport) of the ES (document reference APP-041).	Agreed
4.1.4	Mitigation	The Applicant has set out the Design, Mitigation and	ERYC agrees with the Applicant's position in respect to the proposed	Agreed

		Enhancement Measures in Section 5.10 of Chapter 5 (Transport) of the ES (document reference APP-041).	Design, Mitigation and Enhancement Measures set out in Section 5.10 of Chapter 5 (Transport) of the ES (document reference APP-041).	
4.1.5	Other – Abnormal Indivisible Loads (AIL)	The AIL route is shown on Figure 5.6 (Abnormal Indivisible Load Routeing) and the impacts are discussed in Section 5.9, paragraph 5.9.73 – 5.9.76 of Chapter 5 (Traffic and Transport) of the ES (document reference APP-041). The route follows the defined 'Heavy Load Route' between the Port of Goole and Drax Power Station.	ERYC agree with the Applicant's position in respect to the selected route and outline process set out in the Construction Traffic Management Plan (CTMP) (document reference OD-009). Discussions will continue between the parties to ensure the practical implementation of the measures discussed in the CTMP.	Agreed
