1. PURPOSE OF THIS FUNDING STATEMENT ADDENDUM

- 1.1.1. This document constitutes the Applicant's confirmation of how the proposed provision of additional land that is the subject of the Second Change Application (SCA) is to be funded and should be read alongside the Funding Statement (REP4-024) and Funding Statement - Addendum in Relation to the Proposed Changes (AS-064).
- 1.1.2. The SCA constitutes an overall reduction in land and works requirements for the Proposed Scheme, albeit with a small amount of additional land proposed to be subject to powers of compulsory acquisition of rights. As such, the Applicant considers that the changes 'balance out' and that therefore the Project Costs set out in section 4 of the Funding Statement (REP4-024), including the c.£162-£165k estimate for compulsory acquisition matters, will still apply with the SCA taken into account.
- 1.1.3. These costs will be funded as is set out in sections 5 and 6 of the Funding Statement (REP4-024).
