BayWa re.

The EIA Process

BayWa re. is committed to transparency and providing clear information on the EIA process. This includes the identification of potential impacts, the assessment of those impacts, and the development of mitigation measures to avoid, minimize, or compensate for any adverse effects.

BayWa re.

Community Engagement

BayWa re. is committed to engaging with the local community throughout the EIA process. This includes holding public consultations, providing information on the project, and addressing any concerns or feedback from the community.

BayWa re.

Public Consultation

BayWa re. is committed to providing a clear and accessible public consultation process. This includes providing information on the project, the EIA process, and the opportunities for public input.

BayWa re.

Environmental Management Plan (EMP)

BayWa re. is committed to developing and implementing an Environmental Management Plan (EMP) that addresses the potential impacts of the project and outlines the measures to avoid, minimize, or compensate for those impacts.

Key elements of the EMP include:

- Identifying potential impacts
- Assessing the significance of those impacts
- Developing mitigation measures to avoid, minimize, or compensate for adverse effects
- Monitoring and reporting on the effectiveness of the mitigation measures

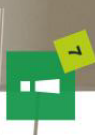

BayWa re. is committed to providing clear information on the EMP and the measures to be implemented.
