Ref Planning Inspectorate Application reference: ENO10122
Oaklands Farm Solar – Rosliston-Drakelow South Derbyshire

Dear Sirs and Mesdames,

I have already put my objections in for this Application but was waiting to collate the Objections from Constituents and put my final Objection in, hence this letter.

My Constituents have written to me with their Objections: -

- 1) This application would turn a rural site into an Industrial one.
- 2) This application is inappropriate in the countryside.
- 3) This application loses valuable farming land and with the need for National food security this is not the appropriate site for a solar development.
- 4) The site should be moved to the Industrial zoned land on the Drakelow village site, immediately next to power substation for safety purposes.

I agree with my Constituents and ask for these Objections to be given appropriate weight.

I hope these Objections can be taken into account and I look forward to hearing more from you as the process goes to the next stage.

Mrs. Heather Wheeler OBE
Member of Parliament for South Derbyshire
