

The Planning Inspectorate

Reference	EN010122
Name	Oaklands Farm Solar Project
Document	Certificate of Compliance with Section 59 Planning Act 2008
Status	Confidential

This document contains confidential information and is only available on request to those who have a legitimate need to view it. In the event that a request is made to the Inspectorate, we will consider it as a request as one of public disclosure under the Environmental Information Regulations 2004 (EIR) and apply the tests within those regulations. This may mean that we are not able to release the information or only able to release part of the information. In the first instance therefore, a request would be better directed to the Applicant or party who submitted the information.
