Good Afternoon,

Second Written Questions of 10/09/2024. In response to 8.1:

Potential harm to designated heritage assets Historic England [AS-021] and DCC [REP2-001] comment on the potential harm to designated heritage assets. DCC suggest magnitudes of harm, whereas Historic England don't. a) Does Historic England have any comments on the magnitude of harm to the heritage assets that it mentions?

*Email following site visit of 17<sup>th</sup> July 2024 states Historic England consider the harm caused will be low level less than substantial harm.*

The Applicant [REP3-033] says that it is engaging with Historic England, including to progress a SoCG, and suggest that Historic England have indicated that the Proposed Development would create a level of harm at the lower end of less than substantial. c) Please could the Applicant provide a draft copy of the SoCG with Historic England at Deadline 4, set out the matters yet to be agreed with Historic England including any in relation to the potential harm to designated heritage assets, and the next steps to be taken to address them?

*A statement of common ground is being drafted.*

Kind regards,
