Heckington Fen Solar Park feedback form

Phase one consultation Autumn 2021

Between now and 17th December 2021 we will be undertaking the first of two stages of consultation. This will include a series of online engagement sessions where those with an interest in the project will be able to hear from members of the project team, ask questions and provide your views.

In early 2022 we will continue to develop our plans, using the feedback from this first stage of consultation to help evolve our designs. We will then carry out statutory consultation in early summer 2022 where we will seek views on the updated designs, along with the results of our preliminary environmental assessments.
