## **INTRODUCTION**

- 1.1 This Schedule of Negotiations with Undertakers and Landowners has been prepared by Ecotricity (Heck Fen Solar) Limited ('The Applicant') alongside the Statement of Reasons to demonstrate compliance with the Compulsory Acquisition Guidance for the compulsory acquisition of land.
- 1.2 This Schedule of Negotiations with Undertakers and Landowners comprises the following four tables, as set out below:
- (a) Table 1 - Summary of negotiations with landowners;
  - (b) Table 2 - Summary of negotiations with statutory undertakers (where s127 and/or s138 of the Planning Act 2008 is applicable);
  - (c) Table 3 - Plots where the Applicant has not yet been able to identify landowners or interests; and
  - (d) Table 4 - Crown Land Plots
- 1.3 Each parcel of land that is affected is identified as a 'plot' and a unique number has been assigned to each plot. The plots are listed in each of the Tables that comprise this Schedule of Negotiations with Undertakers and Landowners and are shown on the accompanying Land and Crown Land Plans.
- 1.4 This Schedule of Negotiations with Undertakers and Landowners identifies the Classes of Rights which are being sought over each plot, which are also shown on the accompanying Works Plan. The Classes of Rights being sought by the Applicant can be outlined as:
- **Class Right 1 - Permanent easement and access (Article 20 of the Development Consent Order):**
    - (a) to install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain electrical underground cables, earthing cables, optical fibre cables, data cables, telecommunications cables and other services, works associated with such cables including bays, ducts, protection and safety measures and equipment, and other apparatus and structures including by connecting such cables to the substation;
    - (b) to install, use, support, protect, inspect, alter, remove, replace retain, renew, improve and maintain watercourses, public sewers and drains and drainage apparatus and equipment;
    - (c) to remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a

temporary compound) for all purposes in connection with the authorised development; and

- (d) to restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development;
- (e) to install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain soft landscaping and biodiversity measures.

- **Class Right 2 - Permanent access only (Article 20 of the Development Consent Order):**

- (a) to alter, improve, form, maintain, retain, use (with or without vehicles, plant and machinery), remove, reinstate means of access to the authorised development including visibility splays and to remove impediments to such access;
- (b) to pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface) for all purposes in connection with the authorised development; and
- (c) to restrict the erection of buildings or structures, restrict the altering of ground levels, restrict the planting of trees or carrying out operations or actions which may obstruct, interrupt or interfere with the exercise of the access rights.

- **Class Right 3 - Temporary use (Articles 27 and 28 of the Development Consent Order):** The rights sought are split into two categories "Construction and access" and "Maintenance and access" which can be outlined as:

Construction and access

- (a) to remove any buildings, agricultural plant and apparatus, drainage, fences, debris and vegetation from that land;
- (b) to construct temporary works, haul roads, security fencing, bridges, structures and buildings on that land;
- (c) to use the land for the purposes of a temporary working site with access to the working site in connection with the authorised development;
- (d) to construct any works, on that land as are mentioned in Schedule 1 (authorised development) of the Order; and

## **SCHEDULE OF NEGOTIATIONS WITH STATUTORY UNDERTAKERS AND LANDOWNERS**

---

- (e) to carry out mitigation works including reinstatement required under the requirements in Schedule 2 (requirements) of the Order.

### Maintenance and access

- (a) to enter on and take temporary possession of any land within the Order land if such possession is reasonably required for the purpose of maintaining the authorised development;
- (b) to enter on any land within the Order land for the purpose of gaining such access as is reasonably required for the purpose of maintaining the authorised development; and
- (c) to construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose.
- **Class Right 4 - Override private rights or extinguish other rights (Articles 21 and 24 of the Development Consent Order):**

Easements and other private rights identified as affecting the land are permanently overridden, permanently extinguished or temporarily suspended.

1.5 This Schedule of Negotiations with Undertakers and Landowners also identifies the Work Numbers which apply to each plot, which are also shown on the accompanying Works Plan. The Works Numbers can be outlined as:

- A ground mounted solar photovoltaic generating station with a gross electrical output capacity of over 50 megawatts (Work No. 1 (including 1A and 1B));
- An energy storage facility (Work No. 2);
- Works to create reception areas, cabins, temporary construction compounds and service areas in connection with Work No. 1, Work No. 2, Work No. 4, and Work No. 5 (Work No. 3);
- An onsite substation and works in connection with the onsite substation (Work No. 4);
- Works to lay electrical cables between Work No. 4 and Work No. 6 (Work No. 5 (including 5A and 5B));
- Creation of a new generation bay and associated works at the existing substation (Work No. 6A);
- Extension to the existing substation (Works No 6B);

## **SCHEDULE OF NEGOTIATIONS WITH STATUTORY UNDERTAKERS AND LANDOWNERS**

---

- Works in connection with the extension to the existing substation (Works No 6C);
- Two temporary laydown areas in connection with Work No. 5 and Work No. 6 (Work No. 7);
- Works to create and maintain a permanent means of access from the A17 to Work No. 1A, Work No. 1B, Work No. 2, Work No. 3 and Work No. 4 (Work No. 8);
- Works to create, enhance and maintain green infrastructure and create biodiversity net gain areas (Work No. 9A);
- Works to create a permissive path including installing up to two footbridges, fencing, gates, boundary treatment and other means of enclosure (Work No. 9B); and
- Works to existing streets to facilitate access to Work Nos 1 to 9B (Work No. 10).

1.6 A more detailed description of the Proposed Development is provided at Schedule 1 ('*Authorised Development*') of the draft DCO and Chapter 4 (*Proposed development/Project Description*) of the Environmental Statement (Application Document Ref. 6.1.4) and the areas within which each of the main components of the Proposed Development are to be built is shown by the coloured and hatched areas on the Works Plans (Application Document Ref. 2.2).
