Dear Mr./Mrs.

The Swedish Environmental Protection Agency hereby acknowledge receiving of the notification. Due to the localization of the project, we do not see it necessary to participate in the transboundary EIA procedure.

Regards, Richard

Ämne: Proposed Application under the Planning Act 2008 for Dogger Bank South East and Dogger Bank South West Offshore Windfarms - SDN

FAO: Mr. Richard Kristofferson

Dear Mr. Kristofferson,

Please find attached a letter relating to proposed wind farms (Dogger Bank South East and Dogger Bank South West) which would be determined under Planning Act 2008, the UK's planning regime for Nationally Significant Infrastructure Projects (NSIPs).

We are writing to you with respect to Regulation 32 of the UK's Infrastructure Planning (EIA) Regulations 2017, which address the potential for transboundary environmental effects.

Within the attached letters are hyperlinks containing information about the proposals, and a link

to the Inspectorate's Regulation 32 Screening Document which reports our findings at this stage with respect to transboundary environmental effects. Notices regarding these projects will be published in the London Gazette and subsequently published on the National Infrastructure Planning website.

If you have any queries about the attached or about the process, please do not hesitate to contact me by responding to doggerbanksouth@planninginspectorate.gov.uk

Regards

Gary Chapman | EIA and Land Rights Advisor (HEO)
