Dogger Bank South Offshore Wind Farms

- Notification of intent to undertake an Environmental Impact Assessment and provide an Environmental Statement
- Request for a Scoping Opinion

Dear [REDACTED]

RWE Renewables UK Dogger Bank South (West) Limited and RWE Renewables UK Dogger Bank South (East) Limited (hereafter referred to as RWE) is preparing to submit an application for a Development Consent Order (DCO), in accordance with the Planning Act 2008, for two offshore wind farms with associated grid connection works, known as Dogger Bank South (DBS) West and DBS East (the Projects).

Please accept this letter as notification under Regulation 8(1)(b) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (SI 2017/572) (as amended) (the EIA Regulations) that RWE intends to undertake an Environmental Impact Assessment (EIA) and provide an Environmental Statement in respect of the Projects.

RWE is submitting this letter as a formal request for a Scoping Opinion in respect of the Projects pursuant to Regulation 10 of the EIA Regulations. In accordance with Regulation 10(3) of the EIA Regulations, this request is accompanied by a Scoping Report (Document Ref: 004376179-02) which contains:

- a plan sufficient to identify the land to which DBS relates;
- a description of the nature, purpose and location of DBS and an explanation of the likely significant effects on the environment;
- an outline of the proposed approach to data gathering and impact assessment that will be reported within the DBS Environment Statement; and
- further information on the proposed content of the DBS Environmental Statement.

Page 2

A copy of the Scoping Report has been provided with this letter. RWE looks forward to receiving a Scoping Opinion in due course. Should you wish to discuss any aspect of this project further please do not hesitate to contact me.

Yours sincerely

LIST OF CONSULTATION BODIES NOTIFIED BY THE PLANNING INSPECTORATE UNDER REGULATION 11(1)(A) OF THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2017 ('THE EIA REGULATIONS')

02 SEPTEMBER 2022

This information has been provided in accordance with Regulation 11(1)(b) of the the EIA Regulations in response to a Regulation 8 notification received from RWE Renewables UK Dogger Bank South (West) Ltd and RWE Renewables UK Dogger Bank South (East) Ltd on 26 July 2022. The table below lists the bodies that the Planning Inspectorate on behalf of the Secretary of State has notified under Regulation 11(1)(a) of the EIA Regulations. They have been identified based on the red line boundary provided by the Applicant as a shapefile in the correspondence dated 11 July 2022.

When meeting its statutory pre-application obligations, the Applicant must make diligent inquiries, carry out its own investigations and take legal advice, as appropriate. Whilst the list of bodies identified by the Planning Inspectorate can inform the Applicant's own consultation, it should not be relied upon for that purpose. The Applicant should also have regard to the relevant guidance prepared by the Planning Inspectorate, which is available via our website¹.

Please note that the consultation bodies have been identified and notified in accordance with the Planning Inspectorate's Advice Note three: EIA Notification and Consultation (version 7, Republished June 2020), which is available on our website¹.

The consultation bodies are identified in the following tables:

1 List of all section 42 consultees

1.1 Introduction

1. The Projects have formally consulted with stakeholders which fall under Section 42 of the Planning Act on three occasions. No consultation has been undertaken with the Greater London Authority under Section 42 (1)(c) as the proposals do not include works within land in Greater London.
2. Further information for each of these stages of consultation is provided below in regards to Section 42 consultees.

1.2 The Statutory Consultation

3. The first of these consultations, the Statutory Consultation, was undertaken 6th June 2023 – 17th July 2023.
4. The Section 42 list for the project was generated as outlined in section 5.5 of **Volume 5, Consultation Report (application ref: 5.1)**. Consultees under sections 2.1 to 2.5 of this Appendix therefore all received letters notifying them of their consideration as a consultee of the Projects under Section 42 of the Planning Act 2008.
5. As discussed in section 5.5 of **Volume 5, Consultation Report (application ref: 5.1)**, consultees within section 2.6 of this Appendix were originally sent notification of the Statutory Consultation as Section 47 consultees, but this position was changed upon further consideration of the nature of these organisations. Their feedback, and the Applicants responses, are therefore provided in **Volume 5, Consultation Report Appendix G1 (application ref: 5.8)**.

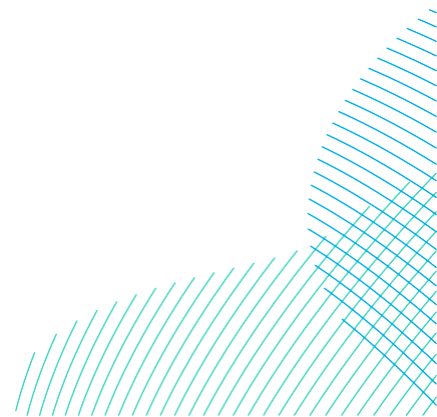

1.3 The Supplementary Statutory Consultation

6. A supplementary consultation was undertaken 4th August 2023 – 15th September 2023 to consult a small group of non-statutory consultees as well as 109 properties which were within the Consultation zone set out in **Volume 5, Consultation Report Appendix D (application ref 5.5)** but had been missed by the original mail out service of notifications of the consultation. The small group of non-statutory consultees referred to above are listed in section 3 of this Appendix and were treated by the Applicants as section 42 consultees (and therefore sent appropriate consultation materials for section 42 consultees) despite not falling within the meaning of section 42 consultee under the Planning Act 2008. The 109 properties which originally did not receive the relevant notification, were consulted in accordance with section 47 of the Planning Act 2008.

7. Feedback from the group of non-prescribed consultees from the Supplementary Statutory Consultation, and the Applicants responses, are provided in **Volume 5, Consultation Report Appendix G1 (application ref: 5.8)**. No responses were received from Section 47 consultees of the Supplementary Statutory Consultation.

1.4 Targeted Consultation

8. A Targeted Consultation was undertaken 13th November – 10th December 2023 to consult a small group of new or altered status Section 42(1)(d) stakeholders following changes to the Export Cable Corridor, Landfall and substation designs as a result of design progression and feedback from the Statutory Consultation. The stakeholders notified of this consultation are outlined in section 4 of this Appendix.

2 The Statutory Consultation

9. This section includes all Section 42 consultees contacted as part of the Statutory Consultation 6th June – 17th July 2023.

**Dogger Bank South Offshore Wind Farms
Statutory Consultation 06 June 2023 – 17 July 2023
Planning Act 2008**

RWE Renewables Dogger Bank South (East) Limited and RWE Renewables Dogger Bank South (West) Limited (herein 'RWE') are in the process of preparing proposals for developing the Dogger Bank South (DBS) Offshore Wind Farms.

DBS is made up of two separate sites, DBS East and DBS West. RWE is progressing the development phase of both projects. As the DBS developments are in excess of 100MW, they are considered as 'Nationally Significant Infrastructure Projects' and the application for planning permission (termed a Development Consent Order or DCO) will be considered by the Planning Inspectorate (PINS).

The requirements for applications to the Secretary of State for a DCO are set out in the Planning Act 2008 and subsequent guidance issued by Government and the Planning Inspectorate (PINS). Copies of all the relevant information can be found on the PINS website at <https://infrastructure.planninginspectorate.gov.uk>.

RWE is now at the stage where it wishes to consult with various interested parties, including consultees prescribed under s42 of the Planning Act 2008. **You have been identified as a consultee within s42.**

We recognise consultation to be a vital stage in the development of our projects and this statutory consultation provides the opportunity for us to engage with statutory stakeholders and for them to comment on the project as the plans evolve. Feedback from stakeholders will be considered in our continued development of the project and will also be reported to the Secretary of State when our application is submitted.

RWE has prepared the following consultation documents:

- Preliminary Environmental Information Report (PEIR)

- Volume 1: PEIR Chapters;
- Volume 2: Figures; and
- Volume 3: Appendices.
- PEIR Non-Technical Summary
- Consultation Brochure (signpost document)
- Consultation Questionnaire

All consultation documentation is available to view on our website, www.doggerbanksouth.co.uk. USB's containing all of the PEIR documentation along with the NTS, Consultation Brochure and Consultation Questionnaire are available upon request. Please do not hesitate to contact the team by emailing dbs@rwe.com or by phoning 0800 254 5459 should you require any guidance.

Hard copies of the NTS and Consultation Brochure will be available at our consultation events listed below:

You can respond to our consultation directly via the project website or, if preferred, electronic copies of questionnaires are available to download and hard copies can be requested or are available at our consultation events.

We will also be holding two webinar sessions as part of the consultation on **27 June 2023 and 6 July 2023**. Further details on how to register can be found on our website.

This is a part of the statutory consultation process required under the Planning Act 2008. The consultation will open at **9am on 6 June 2023** and will run until **17 July 2023**. **Consultation responses must be received by 23:59 on 17 July 2023** to guarantee inclusion in the Consultation Report. We will, however, endeavour to consider any responses received after the consultation has closed.

The National Infrastructure Planning regime under the Planning Act 2008 expects the developer and consultees to work together to resolve as many issues as possible before an application is submitted. This consultation is a key part of this process and we would hope that you will take full advantage of the opportunity to engage with us.

If you would like to find out more information about the DBS projects, please visit our website, www.doggerbanksouth.co.uk, or contact the team using the contact details at the top of this letter. We look forward to receiving your feedback and meeting you at one of our consultation events.

Yours sincerely,

**Dogger Bank South Offshore Wind Farms
Statutory Consultation 06 June 2023 – 17 July 2023
Planning Act 2008**

RWE Renewables Dogger Bank South (East) Limited and RWE Renewables Dogger Bank South (West) Limited (herein 'RWE') are in the process of preparing proposals for developing the Dogger Bank South (DBS) Offshore Wind Farms.

DBS is made up of two separate sites, DBS East and DBS West. RWE is progressing the development phase of both projects. As the DBS developments are in excess of 100MW, they are considered as 'Nationally Significant Infrastructure Projects' and the application for planning permission (termed a Development Consent Order or DCO) will be considered by the Planning Inspectorate (PINS).

The requirements for applications to the Secretary of State for a DCO are set out in the Planning Act 2008 and subsequent guidance issued by Government and the Planning Inspectorate (PINS). Copies of all the relevant information can be found on the PINS website at <https://infrastructure.planninginspectorate.gov.uk>.

RWE is now at the stage where it wishes to consult with various interested parties, including consultees prescribed under s42 of the Planning Act 2008. **You have been identified as a Parish Council within which the proposed development is located.**

We recognise consultation to be a vital stage in the development of our projects and this statutory consultation provides the opportunity for us to engage with communities, local authorities and stakeholders and for them to comment on the project as the plans evolve. Feedback from members of the public and other stakeholders will be considered in our continued development of the project and will also be reported to the Secretary of State when our application is submitted.

RWE has prepared the following consultation documents:

- Preliminary Environmental Information Report (PEIR)
 - Volume 1: PEIR Chapters;
 - Volume 2: Figures; and
 - Volume 3: Appendices.
- PEIR Non-Technical Summary
- Consultation Brochure (signpost document)
- Consultation Questionnaire

All consultation documentation is available to view on our website, www.doggerbanksouth.co.uk. Please do not hesitate to contact the team by emailing [REDACTED] or by phoning [REDACTED] should you require hard copies of consultation documents to be posted to you.

Hard copies of the NTS and Consultation Brochure will be available at our consultation events listed below:

Dogger Bank South Offshore Wind Farms

Acknowledgement of receipt of information concerning proposed application

Thank you for your letter and email of 5 June 2023 which you provide a link to the Dogger Bank project website <https://doggerbanksouth.co.uk/> where the Preliminary Environmental Information Report (PIER) and accompanying consultation documents can be found.

I acknowledge that you have notified the Planning Inspectorate of the proposed application for an Order granting development consent for the purposes of section 46 of the Planning Act 2008 and supplied the information for consultation under section 42. The following reference number has been given to the proposed application, which I would be grateful if you would use in subsequent communications:

EN010130

I also acknowledge notification in accordance with Regulation 8(1)(b) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 that you propose to provide an environmental statement in respect of the Proposed Development.

I will be your point of contact for this application and the contact details are at the top of this letter.

The role of the Planning Inspectorate in the application process is to provide independent and impartial advice about the procedures involved and to have open discussions with potential applicants, statutory bodies and others about the processes and requirements of

the regime. It is important that you keep us accurately informed of your timetable and any changes that occur.

We will publish advice we give to you or other Interested Parties on our website and, if relevant, direct parties to you as the Applicant. We are happy to meet at key milestones and/or provide advice as the case progresses through the Pre-application stage.

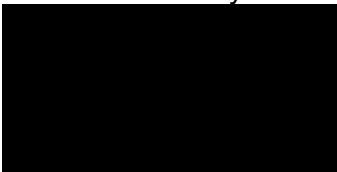

Once you have prepared draft documents we are able to provide technical advice, in particular on the draft Development Consent Order, Explanatory Memorandum, the Consultation Report and any draft Habitats Regulations Assessment. You may therefore wish to build this into your timetable.

In the meantime, you may wish to have regard to the guidance and legislation material provided on our website including the Infrastructure Planning (Fees) Regulations 2010 (as amended) and associated guidance, which you will need to observe closely in establishing the correct fee to be submitted at the successive stages of the application process.

When seeking to meet your pre-application obligations you should also be aware of your obligation under the current data protection legislation to process personal data fairly and lawfully.

If you have any further queries, please do not hesitate to contact me.

Yours sincerely

Case Manager

This decision was made by officials on behalf of the Secretary of State under delegated powers.

Dear Salutation

**Dogger Bank South Offshore Wind Farms
Targeted Statutory Consultation 13th November 2023 – 10th December 2023
Planning Act 2008**

RWE Renewables Dogger Bank South (East) Limited and RWE Renewables Dogger Bank South (West) Limited (herein 'RWE') are in the process of preparing proposals for developing the Dogger Bank South (DBS) Offshore Wind Farms.

DBS is made up of two separate sites, DBS East and DBS West. RWE is progressing the development phase of both projects. As the DBS developments are in excess of 50MW, they are considered as 'Nationally Significant Infrastructure Projects' and the application for planning permission (termed a Development Consent Order or DCO) will be considered by the Planning Inspectorate (PINS).

Following feedback received at the initial S.42 statutory consultation in June and July 2023, RWE has made a number of changes to the project design envelope which can be seen on the enclosed plan which shows our initial design envelope in blue against our revised design envelope in red. RWE is at the stage where it wishes to consult with various additional interested parties, including consultees prescribed under s42 and s44 of the Planning Act 2008. **We understand that you may have either an adjoining land interest, a land interest that abuts a public highway or a third party interest to the land which is expected to fall within our application boundary, or you may have a relevant claim pursuant to section 44(4) arising from the implementation of the consent (if granted), the result of such implementation or the use of the land pursuant to the consent.**

We recognise consultation to be a vital stage in the development of our projects and this statutory consultation provides the opportunity for us to engage with prescribed consultees and for them to comment on the project as the plans evolve. Feedback from those with an interest in the land and other stakeholders will be considered in our continued development of the project and will also be reported to the Secretary of State when our application is submitted.

Page 2

An updated map showing the changes to the red line boundary can be viewed in more detail on the website <https://consultation.doggerbanksouth.co.uk>. Should you have any comments about the proposed changes, or you require further information or documentation please contact RWE's appointed Land Agents, Dalcour Maclaren on 01423 613388 or by email on doggerbanksouth@dalcourmaclaren.com.

This is a part of the statutory consultation process required under the Planning Act 2008. The consultation will open at **9am on 13th November 2023** and will run until **10th December 2023**. Consultation responses must be received by **23:59 on 10th December 2023** to guarantee inclusion in the Consultation Report.

If you would like to find out more information about the DBS projects, please visit our website, <http://www.doggerbanksouth.co.uk> or email dbs@rwe.com. We look forward to receiving your feedback.

Yours sincerely,
