- Existing public right of way

- NOTES:
1. The Traffic Regulation Measures Plans should be read in conjunction with the Development Consent Order and the documents to be certified under it, in particular article 15, and Schedule 9 of the Development Consent Order.
 2. Information relating to the Public Rights of Way and accesses can be found on the rights of way and access plans.
 3. The Order limits has been drawn to the Land Registry boundaries and topographical survey data of the site. The accuracy of land registry and the topographical survey differs from the OS base mapping which results in the order limits not aligning with the line work shown on the OS Mapping.
 4. Further information on the Public Rights of Way can be found on Figure 6.5 of the Environmental Statement.
