

Essendine Parish Council Written Representation in response to

Issue Specific Hearing 5 (ISH5) Environmental matters held on Thursday 28 September 2023.
Appendix 1 Community Liaison Group.

Appendix 1

2.1 Who will pay the Parish Councillors to attend the Community Liaison Group and how much will it be?

2.3 “From time to time, additional Mallard Pass Action Group or Parish Council representatives or members of the public with an interest can be co-opted on as full members of the CLG, if all members of the CLG agree.”

No, a simple majority should apply if additional representatives are required to be co-opted to the group.

The MPSF development does not provide a material benefit to Essendine residents, they did not ask for it and they do not want it.

A community liaison group will take a significant amount of time and the time of the group members. In order to ensure proper representation of residents’ concerns are voiced and voiced quickly the Applicant should pay for a Local Community Liaison officer that represents the affected parish councils and the parish meeting. This person should be paid along the lines of local government authority scale point 14 plus all of their employment costs and operating expenses.

End.
