Landsul Limited	Kelly Burns (Tozers)	Draft under discussion	Not completed	Not required	Outstanding	N/A	The Applicant's engagement with Landsul and Munster Joinery commenced in advance of statutory consultation (that began on 18 October) on 29 March 1 2023 and has been undertaken through phone calls, the exchange of email correspondence and liaison meetings with representatives of Landsul and	18/10/2024	1-012	1, 2	All interests and rights		Work No. 1E: Required for Carbon Capture Facility Supporting Plant	N/A		Not SU	-	RR-101	REP1-059 PDA-01	16 AS-043
		discussion					Munister Joinery on 11 September 2023, and 17 July 2024. The lisison meetings have primarily locused on establishing a dislique and introducing the Proposed Scheme, explaining the rationals for the Applicant's computery acquisition requirements as regards the Landsul owned site on Norman Rose (that is part occupied by Munister Joinery), Landsul and Munister Joinery's position with regard to the potential redoction of the Munister Joinery operation (that is part occupied by Munister Joinery), Landsul and Munister Joinery's position with regard to the potential redoction of the Munister Joinery operation.						Work No. 6A: Required for Core							
							its relocation requirements and the Applicant's willingness to explore how relocation might work and how it could assist. The Applicant issued Heads of Terms on 24 September 2024, which Landsul via their representative subsequently confirmed that they had no interest in. Nevertheless, the Applicant						Construction Compound							
							will continue to seek engagement regarding the Applicant's computery acquisition requirements. Landsul and Munster Joinery also submitted a response to the Applicant's statutiony consultation dated 28 November 2023 which included an objection to the proposed computery acquisition of its site, as well as raising concerns over and seeking clarify on site selection, design life for the Proposed Scheme, and the Applicant's case for the													
							computery acquisition of the its site. The Applicant provided a formal response on 30 January 2024. Following the Hearings, the Applicant has been engaging with Landsul and Munster Joinery to provide information it is able to share with these parties.	26/11/2024	1-014	1, 2	All interests and rights		Work No. 1E: Required for Carbon							
							Poliowing the Hearings, the Applicant has been engaging with Landsul and Munster Joinery to provide information it is able to share with these parties, 20 barrange discussions between experts and agree approach to forthcoming Examination deadlines.	1 174-0429	*	1, 4	rea moreous and rights		Capture Facility Supporting Plant
