(UK) PLC	Hui (Iron Mountain) / Stephen Walker and Milan Chadha (CBRE)						The Applicant first engaged with row Mountain regarding the Proposed Scheme on 4 July 2023, prior to the commencement of statutory consultation. The Applicant first me from Mountain on-sells on 4 October 2023, those by further meetings online on 25 Jauresy 2024 and 4 Jaure Port meeting on 8 October 2024. These discussions introduced the Proposed Scheme and covered the rights being sought to remove the new redundant Behedere Power Station Jety, and the permanent rights being sought to correction with the construction, operation, maintenance and protection of the jety as part of the Applicant's Proposed Scheme, similar to those held by Aviva. The Jaure meeting addressed written questions from Iron Mountain and Islandrid (Realty Income) about potential impacts on Iron Mountain's operations. Patieum meetings will continue to discuss land use, the rights being sough by the Applicant, and updates on the DCO Application while seeking agreement on a SoCG.	new ts			rights	Connection Corridor and Site Access Works from Norman Road						
							The parties have had several meetings, the last of which was on alte on 8 October 2024. The parties remain in correspondence on the key issues, with the intertion to capture these in a SoCG and at tron Mountain's option an agreement. The Applicant has issued a draft SoCG to tron Mountain for it to review and comment on.		1-053	1, 2	Acquisition of new 3 rights	Required for construction, maintenance and decommissioning access
