

Examining Authority's Note of Accompanied Site Inspection

Application Name	Slough Multifuel Extension Project
Application Ref:	EN010129
Date:	20 April 2023

The Examining Authority (ExA) undertook an Accompanied Site Inspection on Thursday 20 April 2023. This note is a brief record to inform the Applicant, Interested Parties and other parties of the actions taken.

The visit was also attended by the Inspectorates case manager for this project and representatives of the Applicant and its consultants (AECOM and DWD). The site visit was undertaken entirely on foot.

The weather was dry with high cloud and sunny intervals. Visibility was good.

The timings set out below are approximate.

Simon Warder

Examining Authority

21 April 2023

Location	Comment	Approx time
SSE Office, Stirling Road	Site induction and PPE	11.00
Stirling Road compound	Viewed compound, noted relationship to the application site, nearby residential area and access arrangements.	11.15
