

I OBJECT TO THE INDUSTRIALIZATION OF THE LANDSCAPE ON THIS SCALE - AN AREA OF OUTSTANDING NATURAL BEAUTY. THE ' NET ZERO' ARGUMENT TO JUSTIFY THIS PROJECT IS A VERY WEAK ARGUMENT.

THE LOSS OF HABITAT FOR THE WILDLIFE IN THE AREA CANNOT BE JUSTIFIED - THE ECO BALANCE WILL BE DESTROYED.

THE LEVEL OF DISRUPTION TO THE LOCAL COMMUNITIES DURING CONSTRUCTION STAGE WILL BE UNBEARABLE.

THERE ARE ALSO SAFETY CONCERNS ABOUT THE PROPOSED BATTERY STORAGE.

IN ADDITION I WOULD LIKE TO ADD THAT THIS PROCESS IS FOR MAKING REPRESENTATIONS IS UNECESSARILY COMPLICATED AND DISCRIMINATORY.
