

Submission ID: 17770

In the documents provided by Gate Burton it would appear that a possible 55KM of Hedgerow could be removed if this project proceeds. This information is not made plain and was not mentioned at the public consultation indicating a reluctance to fully brief the communities on an aspect of the full implications and effect on the surrounding areas. Our GABE-IP number is either GABE-IP133 or GABE-IP134
