

How will the Inspectorate examine the impact on the Flora and Fauna of the proposed development site in relation to animal habitat, and the movement of small and large wild animals. How will the inspectorate examine the impact of the Mental Health and Wellbeing of the inhabitants who will have the largest solar farms in the country around them coupled with the proposed loss of public footpaths and/or roads. How is the inspectorate going to examine the impact on local employment and local industries, that currently supply the farming community and determine what that impact will be after moving so much productive farm land.
