

EDF Energy (Thermal Generation) Limited ("EDF") is an Affected Party (as its land is included within the Order Limits / Book of Reference) and, as such, is automatically an Interested Party (although EDF did register as an Interested Party during the registration period). Accordingly, EDF does not consider that it is required to notify of its wish to be considered an Interested Party by the ExA. However, for the avoidance of doubt, EDF confirms that it wishes to continue to participate in the Examination while discussions with the Promoter progress in parallel.
