Date: 07 August 2023 00:46:50

Dear Sirs

URN GABE- IP 283.

Name - Clare Ella

Email - [REDACTED]

Phone - [REDACTED]

Attendance in person at the Open Floor Hearing 6pm Tues 22/08/23

Request to speak -

I will be commenting on the effects on local residents' health and wellbeing as a result of this project, and the cumulative effects of all 4 local proposed projects. I would like to refer to photographs / video but am not sure how to log these as 'evidence'. I will refer to APP3.1. Vol 1 Chap 14

I will also comment on other aspects of the cumulative effects / impact of this and the other local solar projects - including on wildlife, accommodation, quality of life, local services

There are other issues I would like to comment on but as there is no indication of the likely length of time I would be allowed to speak, I'm not sure whether to include these.

Regards
Clare Ella
