

From: Mrs WENDY ROSE

Received: 15 Nov 2023

Concerns regarding -

- the huge scale change of use from agricultural land for food production to a vast industrial site
- the effect of this on the mental and physical health and well being of the people in and around the site map
- the effect on the environment as thousands of species of all types are destroyed for a generation
- the effect of heavy traffic on small roads not designed for this purpose
