28th March 2023

Dear Mr Cook

Application by West Burton Solar Project for an Order Granting Development Consent for the West Burton Solar Project – Adequacy of Consultation

I refer to the above consultation received by this Authority on 23 March 2023 which relates to the proposed solar project that would connect to West Burton Power Station, in the district of West Lindsey, Lincolnshire.

I can advise that Newark & Sherwood District Council (NSDC) have previously been consulted in relation to the Scoping Opinion (received 24.01.2022) and Pre-Application Consultation (16.06.2022) and had no comments to make. NSDC therefore have no further comments to make in relation to the application for an Order Granting Development Consent recently submitted.

Please note that this matter has not been formally reported to the District Council's Planning Committee. In these circumstances the comments are those of an Officer of the Council under delegated power arrangements.

If you require any further assistance please do not hesitate to contact my colleague, Helen Marriott, the case officer, who has dealt with this consultation, on [REDACTED]

Yours sincerely

[REDACTED]

Lisa Hughes - Business Manager – Planning Development
