Dear Sir or Madam

Concerning your letter, a copy I have included, with this letter. I have a ten acre site

 I have reason my site is affected by the application. I wrote to the company who is putting in the planning application when they sent me a registered letter. The reply I got was the land/site sub-soil is for reasons not known affected. I wrote again for clarity of what will affect my land, i.e. underground cables, any encroachment of the land. I did ^{not} get a reply and I am unable to make any future plans until I know what is happening. I am looking for your help in letting me know how the application affects my land and what will affect the land that I should know off.

Yours Faithfully

M Foster
