Emma and Nicholas Hill owners of Hill agriculture.

We own a field at Marton and have gained planning permission for a new farm yard the cables are a acumative problem ! Gate Burton, West Burton,Cottam, Tillbridge cables will go straight through our land and totally destroy our new farm yard and our first generation agricultural business we simply will not be able to expand our new farm yard and business on top of this amount of cables probably causing the business to fail we urge you to look carefully at the massive impact this will have on Hill Agriculture a first generation farming business.

Regards Emma and Nicholas Hill owner of Hill agriculture
