Section 42 Covering Letter

Dear [Sir/Madam]

Cottam Solar Project

Statutory Consultation

Section 42 of the Planning Act 2008 (“the 2008 Act”) and Regulations 11 and 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (“the 2017 Regulations”)

Cottam Solar Project Limited (“The Applicant”) intends to build a solar and energy storage project located within the administrative boundary of West Lindsey District Council and Lincolnshire County Council and the administrative boundary of Bassetlaw District Council and Nottinghamshire County Council (“the Cottam Solar Project”).

1. The Cottam Solar Project will consist of:
 - a. Cottam 1, 2 and 3: three solar array sites with one site located in the area around Coates (Cottam 1), one site located east of the village of Corringham (Cottam 2) and one site located to the north-east and south-east of the village of Blyton and east of Pilham (Cottam 3), in the district of West Lindsey, Lincolnshire including solar panels, conversion units, inverters, and 132kV substations in Cottam 2 and 3 and a 400kV substation in Cottam 1.
 - b. An energy storage system located within Cottam 1.
 - c. Underground electricity cables connecting Cottam 1 to 3 solar array sites, substations and the energy storage system to the National Grid substation at Cottam Power Station; and
 - d. Associated infrastructure, mitigation and enhancement measures, and other ancillary works, for example, fencing, security, local grid connections, temporary access roads, permanent means of access, highway works, temporary works compounds and work sites.
 - e. The majority of Cottam Solar Project is located within the administrative boundary of West Lindsey District Council and Lincolnshire County Council with the grid connection infrastructure also located within the administrative boundary of Bassetlaw District Council and Nottinghamshire County Council.

The Applicant is part of Island Green Power.

The Applicant intends to make an application to the Secretary of State for a Development Consent Order (“DCO”) under the 2008 Act for the Cottam Solar Project. The DCO application will contain full details of the Cottam Solar Project and will be accompanied by an Environmental Statement in accordance with the 2008 Act and the 2017 Regulations.

Consultation on the Cottam Solar Project

The Cottam Solar Project is currently in the pre-application stage. As part of that process the Applicant is required to carry out consultation on the proposed DCO application before it is submitted. Your feedback as part of this consultation will be considered before the Applicant finalises its DCO application and will also be reported to the Planning Inspectorate when the application is submitted. Any representations you have already made will also be reported.

We are writing to you as you have been identified as a consultee for the purpose of section 42 of the Planning Act 2008/or Regulation 11 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, or it has been decided it would be appropriate to consult in any event.

This consultation includes:

- Consultation with prescribed bodies, host and neighbouring authorities (under section 42 of the 2008 Act);
- Consultation with any persons with an interest in the land affected by Cottam Solar Project (under section 42 and section 44 of the 2008 Act);
- Consultation with the local community in the vicinity of Cottam Solar Project (under section 47 of the 2008 Act); and
- General public consultation on Cottam Solar Project (under section 48 of the 2008 Act).

This consultation will run from **15 June 2022 until 27 July 2022**.

In addition, section 48 of the 2008 Act and Regulation 13 of the 2017 Regulations require the Applicant to publicise its proposed DCO application. A formal notice publicising the proposed application is therefore enclosed with this letter and sets out further details regarding the consultation.

Consultation materials

The Applicant has prepared a Preliminary Environmental Information Report (“PEIR”), which has been informed by the Scoping Opinion issued by the Planning Inspectorate and which reports the results of the Environmental Impact Assessment (“EIA”) that has been carried out to date. The PEIR forms the basis of this consultation and also includes a non-technical summary. The purpose of the PEIR is to enable consultees to understand the likely environmental effects of the Cottam Solar Project and to help inform consultation responses. It should be noted that the EIA is an ongoing process and the design of the Cottam Solar Project will continue to evolve during the pre-application stage.

Copies of the consultation materials are available free of charge online at www.cottamsolar.co.uk under the document library heading and include:

1. The PEIR (including appendices, plans and figures);

2. A non-technical summary of the PEIR;
3. Additional documents including the Community Consultation Leaflet, Feedback Form and Statement of Community Consultation (SoCC).

A USB device containing copies of the consultation materials can be provided free of charge upon request. Hard copies of the consultation materials are also available on request (some of which are subject to payment). Details of how to request these documents and any related charges are set out in the enclosed section 48 notice.

Consultation events

The Applicant will also be holding multiple community events in public and online throughout the consultation period, details of which are listed in the enclosed section 48 notice. If you would like to register for the online webinars, this can be requested through the project contact information below which can also be found on [REDACTED]

How to respond to this consultation

Responses must be received no later than 11.59pm on 27 July 2022. Responses received after this time may not be considered.

When providing your response, please include your name and contact details (a postal or email address) and confirm the nature of your interest in the Cottam Solar Project. Completed responses must be submitted:

- a) By email to [REDACTED]
- b) Online at [REDACTED]
- c) In writing to FREEPOST CAWB Solar Projects

Cottam Solar Project - Statutory Consultation

Section 42 of the Planning Act 2008 (“the 2008 Act”), Regulation 3 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 and Regulations 11 and 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (“the 2017 Regulations”)

The Proposed Scheme

Cottam Solar Project Limited (“the Applicant”) is developing proposals for a new solar and energy storage project that would cross the county border between Lincolnshire and Nottinghamshire.

These proposals involve the generation of renewable power through solar photovoltaic (PV) panels. This clean energy would then be connected to the National Grid at Cottam Power Station to power UK homes, with the facility to store some of this energy on site for when it is needed most.

Cottam Solar Project (“the Project”) is named after its grid connection point at the existing National Grid substation at the Cottam Power Station. Cottam Solar Project will consist of:

- Cottam 1, 2 and 3: three solar array sites with one site located in the area around Coates (Cottam 1), one site located east of the village of Corringham (Cottam 2) and one site located to the north-east and south-east of the village of Blyton and east of Pilham (Cottam 3), in the district of West Lindsey, Lincolnshire including solar panels, conversion units, inverters, and 132kV substations in Cottam 2 and 3 and a 400kV substation in Cottam 1.
- An energy storage system located within Cottam 1.
- Underground electricity cables connecting Cottam 1 solar array sites, substations and the energy storage system to the National Grid substation at Cottam Power Station; and
- Associated infrastructure, mitigation and enhancement measures, and other ancillary works, for example, fencing, security, local grid connections, temporary access roads, permanent means of access, highway works, temporary works compounds and work sites.

The Applicant is part of Island Green Power

The Applicant intends to make an application to the Secretary of State for a Development Consent Order (“DCO”) for the Cottam Solar Project. The DCO application will contain full details of the Cottam Solar Project and will be accompanied by an Environmental Statement in accordance with the 2008 Act and the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (“2017 Regulations”).

Consultation on The Cottam Solar Project

Cottam Solar Project is currently in the pre-application stage of the DCO application process. As part of that process, the Applicant is required to carry out consultation on the proposed DCO application before it is submitted. We have previously undertaken one round of non-statutory consultation between 03 November 2021 and 15 December 2021 (referred to as Phase 1). The non-statutory Phase 1 consultation introduced the project to consultees and primarily asked for feedback to help identify and better understand any local impacts of the Cottam Solar Project.

This current, statutory consultation is our Phase 2 consultation and is being undertaken under sections 42, 47 and 48 of the 2008 Act and your feedback as part of this consultation will be considered before the Applicant finalises the DCO application. Your feedback will also be reported to the Planning Inspectorate in a Consultation Report when the application is submitted. Any representations you have already made in response to our Phase 1 consultation will also be reported.

This letter is being sent to all parties required to be consulted under section 42(1)(d) and section 44 of the 2008 Act. Accordingly, you are being consulted on the Cottam Solar Project because you have been identified as someone with one or more of the following interests in land that may be affected by the Cottam Solar Project:

- you are an owner, lessee, tenant or occupier of land which is in our proposed application boundary;
- you have an interest in the land or have the power to sell or convey some of the land which is in our proposed application boundary; or
- your property or land may, in due course, be affected by the carrying out of or the use of the Cottam Solar Project.

This consultation also includes:

- consultation with prescribed bodies, host and neighbouring authorities (under sections 42 and 43 of the 2008 Act);
- consultation with the local community in the vicinity of the Cottam Solar Project (under section 47 of the 2008 Act); and
- general public consultation on the Cottam Solar Project (under section 48 of the 2008 Act).

This consultation will run from 15 June 2022 to 27 July 2022.

Section 48 of the 2008 Act requires the Applicant to publicise its proposed DCO application. A formal notice publicising the proposed application is therefore enclosed with this letter and sets out further details regarding the consultation

Consultation materials

The Applicant has prepared a Preliminary Environmental Information Report ("PEIR"), which has been informed by the Scoping Opinion issued by the Planning Inspectorate and which reports the results of the Environmental Impact Assessment ("EIA") that has been carried out to date. The PEIR forms the basis of this consultation and includes a non-technical summary. The purpose of the PEIR is to enable consultees to understand the likely environmental effects of the Cottam Solar Project and to help inform consultation responses. It should be noted that the EIA is an ongoing process, and the design of the Cottam Solar Project will continue to evolve during the pre-application stage. Our Phase 2 community consultation leaflet presents and summarises the project proposals following our Phase 1 consultation and provides an overview of the Cottam Solar Project and the Phase 2 consultation for all consultees.

Copies of the consultation materials are available free of charge online at [REDACTED] and include:

1. The PEIR (including appendices, plans and figures);
2. A non-technical summary of the PEIR;
3. Additional documents including the Community Consultation Leaflet, Feedback Form and Statement of Community Consultation (SoCC).

Hard copies of the Community Consultation Leaflet, Feedback Form and the non-technical summary of the PEIR, or a USB device containing the consultation materials, can all be provided free of charge upon request.

Copies of the PEIR can be provided at a cost of £500 per copy. All other consultation documents can be made available in hard copy, large print, audio or braille format, free of charge upon request. Requests for translated summary documents will be considered on a case-by-case basis. Hard copies of the PEIR can be provided at a cost of £500 per copy. All other consultation documents can be made available in hard copy, large print, audio or braille format, free of charge upon request. Requests for translated summary documents will be considered on a case-by-case basis.

Section 46 Covering Letter

10 June 2022

Secretary of State for Business, Energy and Industrial Strategy

By email to: CottamSolarProject@planninginspectorate.gov.uk

Dear Sir/Madam

Cottam Solar Project

Notice of proposed application for a Development Consent Order pursuant to Section 46 of the Planning Act 2008 (2008 Act)

Cottam Solar Project Limited (“the Applicant”) intends to build a solar and energy storage project located within the administrative boundary of West Lindsey District Council and Lincolnshire County Council and with grid connection infrastructure also located within the administrative boundary of Bassetlaw District Council and Nottinghamshire County Council (“the Cottam Solar Project”).

The Cottam Solar Project will consist of:

- a. Cottam 1, 2 and 3: three solar array sites with one site located in the area around Coates (Cottam 1), one site located east of the village of Corringham (Cottam 2) and one site located to the north-east and south-east of the village of Blyton and east of Pilham (Cottam 3), in the district of West Lindsey, Lincolnshire including solar panels, conversion units, inverters, and 132kV substations in Cottam 2 and 3 and a 400kV substation in Cottam 1.
- b. An energy storage system located within Cottam 1.
- c. Underground electricity cables connecting Cottam 1 to 3 solar array sites, substations and the energy storage system to the National Grid substation at Cottam Power Station; and
- d. Associated infrastructure, mitigation and enhancement measures, and other ancillary works, for example, fencing, security, local grid connections, temporary access roads, permanent means of access, highway works, temporary works compounds and work sites.

The Applicant is part of Island Green Power.

The Applicant intends to make an application to the Secretary of State for a Development Consent Order (“DCO”) under the 2008 Act for the Cottam Solar Project. The DCO application will contain full details of the Cottam Solar Project and will be accompanied by an Environmental Statement in accordance with the 2008 Act and the 2017 Regulations.

Notice under section 46 of the 2008 Act

Please treat this letter as notice to the Planning Inspectorate, under section 46 of the 2008 Act, of the Applicant's proposed application in relation to Cottam Solar Project, and please find enclosed:

1. Example covering letter to statutory consultees under section 42 of the 2008 Act and Regulation 13 of the 2017 Regulations;
2. Example covering letter to land interests under section 44 of the 2008 Act;
3. Copy of the notice publicising the application under section 48 of the 2008 Act. The notice is published in the Lincolnshire Echo on the 09 and 16 June, in the Retford Times on the 09 and 16 June, the Guardian on the 07 June, and the London Gazette on the 06 June.

Consultation materials

In accordance with section 46 of the 2008 Act, and pursuant to the Applicant's duty to consult under section 42 and 44 of the Act, the documents listed as points 4-7 below are available to consultees on the project website document library [REDACTED] or free of charge on a USB device upon request during the consultation between 15 June – 27 July 2022:

4. Notice publicising the proposed DCO application under section 48 of the 2008 Act;
5. The Preliminary Environmental Information Report ("PEIR");
6. A non-technical summary of the PEIR; and
7. Additional documents including the Community Consultation Leaflet, Feedback Form and Statement of Community Consultation (SoCC).

Hard copies of the Community Consultation Leaflet, Feedback Form and the non-technical summary of the PEIR are also available free of charge on request. There will be a charge for supplying a hard copy of the full PEIR. Details of how to request these documents and any related charges are set out in the section 48 notice.

Responses to this consultation must be received no later than 11.59pm on 27 July 2022. Responses received after this time may not be considered.

If you would like further information about this letter, the consultation or the Cottam Solar Project, please contact the project team by using one of the contact methods provided below:

Dear Ms Browning

Planning Act 2008 (as amended) – Section 46 and The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 – Regulation 8

Proposed application by Cottam Solar Project Limited for an Order Granting Development Consent for the Cottam Solar Project

Acknowledgement of receipt of information concerning proposed application

Thank you for your letter of 10 June 2022 and the following documentation

- S42 notification letter
- S44 notification letter
- S48 notice
- Site plan

in addition to the following documentation via the consultation website:

- Notice publishing the proposed DCO application under section 48 of the 2008 Act
- The Preliminary Environmental Information Report (PEIR)
- A non-technical summary of the PEIR
- Additional documents including the Community Consultation leaflet, Feedback Form and Statement of Community Consultation (SoCC).

I acknowledge that you have notified the Planning Inspectorate of the proposed application for an order granting development consent for the purposes of section 46 of the PA2008 and supplied the information for consultation under section 42. The following reference number has been given to the proposed application, which I would be grateful if you would use in subsequent communications:

EN010133

I also acknowledge notification in accordance with Regulation 8(1)(b) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 that you propose to provide an environmental statement in respect of the proposed development.

<https://infrastructure.planninginspectorate.gov.uk>

I will be your point of contact for this application – contact details are at the top of this letter.

The role of the Planning Inspectorate in the application process is to provide independent and impartial advice about the procedures involved and to have open discussions with potential applicants, statutory bodies and others about the processes and requirements of the new regime. It is important that you keep us accurately informed of your timetable and any changes that occur.

We will publish advice we give to you or other interested parties on our website and, if relevant, direct parties to you as the applicant. We are happy to meet at key milestones and/or provide advice as the case progresses through the pre-application stage.

Once you have prepared draft documents we are able to provide technical advice, in particular on the draft development consent order, explanatory memorandum, the consultation report and any draft HRA. You may therefore wish to build this into your timetables.

In the meantime, you may wish to have regard to the guidance and legislation material provided on our website including the Infrastructure Planning (Fees) Regulations 2010 (as amended) and associated guidance, which you will need to observe closely in establishing the correct fee to be submitted at the successive stages of the application process.

When seeking to meet your pre-application obligations you should also be aware of your obligation under the current data protection legislation to process personal data fairly and lawfully.

If you have any further queries, please do not hesitate to contact me.

Yours faithfully

Eleanor Church
Case Manager
