

Cottam Solar Project

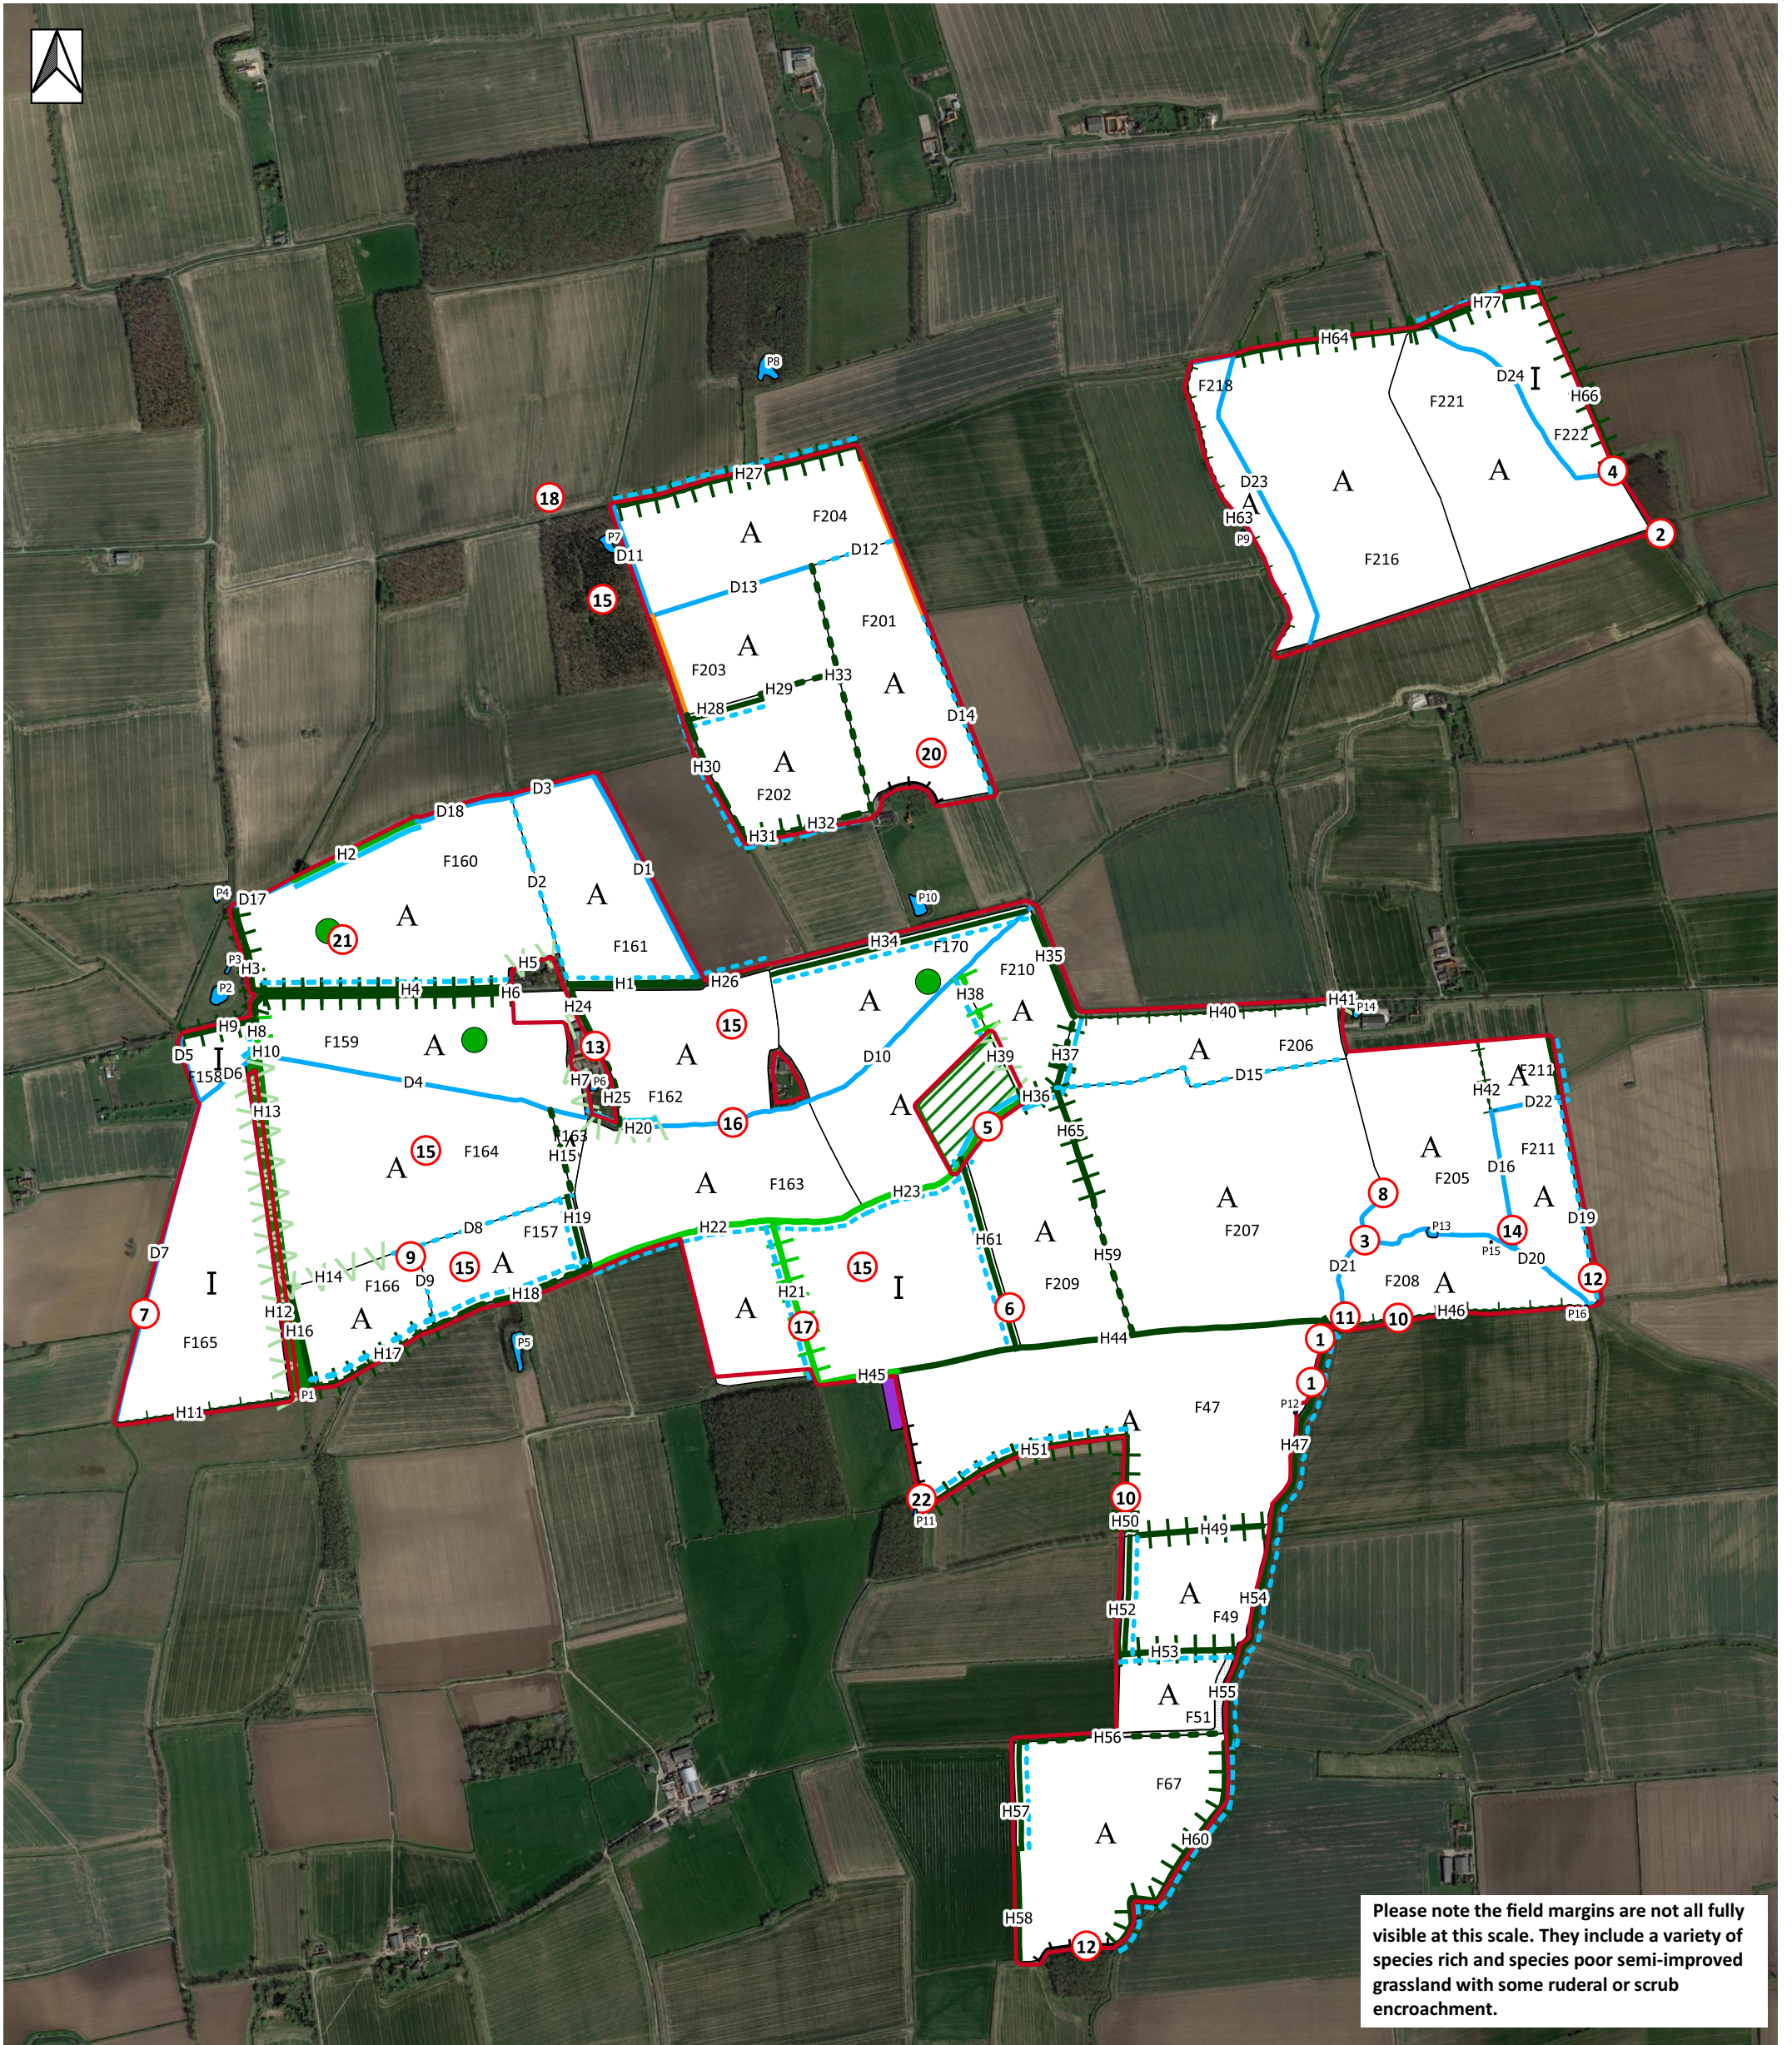

Environmental Statement

Appendix 9.3: Extended Phase 1 Habitat Survey Maps

Prepared by: Clarkson & Woods Ltd.
January 2023

PINS reference: EN010133
Document reference: APP/C6.3.9.3
APFP Regulation 5(2)(a)

Please note the field margins are not all fully visible at this scale. They include a variety of species rich and species poor semi-improved grassland with some ruderal or scrub encroachment.

Key:		
Red line boundary - approx. location	Pond	Defunct species poor hedgerow
Target note	Tall ruderal vegetation	Intact species rich hedgerow with trees
In-field broadleaved tree	Dry ditch	Intact species poor hedgerow with trees
Arable	Wet ditch	Defunct species rich hedgerow with trees
Bare ground	Fence	Defunct species poor hedgerow with trees
Broadleaved plantation	Intact species rich hedgerow	Line of trees
Broadleaved woodland	Intact species poor hedgerow	Bank of semi-improved grass
Improved grassland	Defunct species rich hedgerow

Title
Phase 1 Habitat Survey Map

Date
12/08/2021

Scale 0 250 500 m

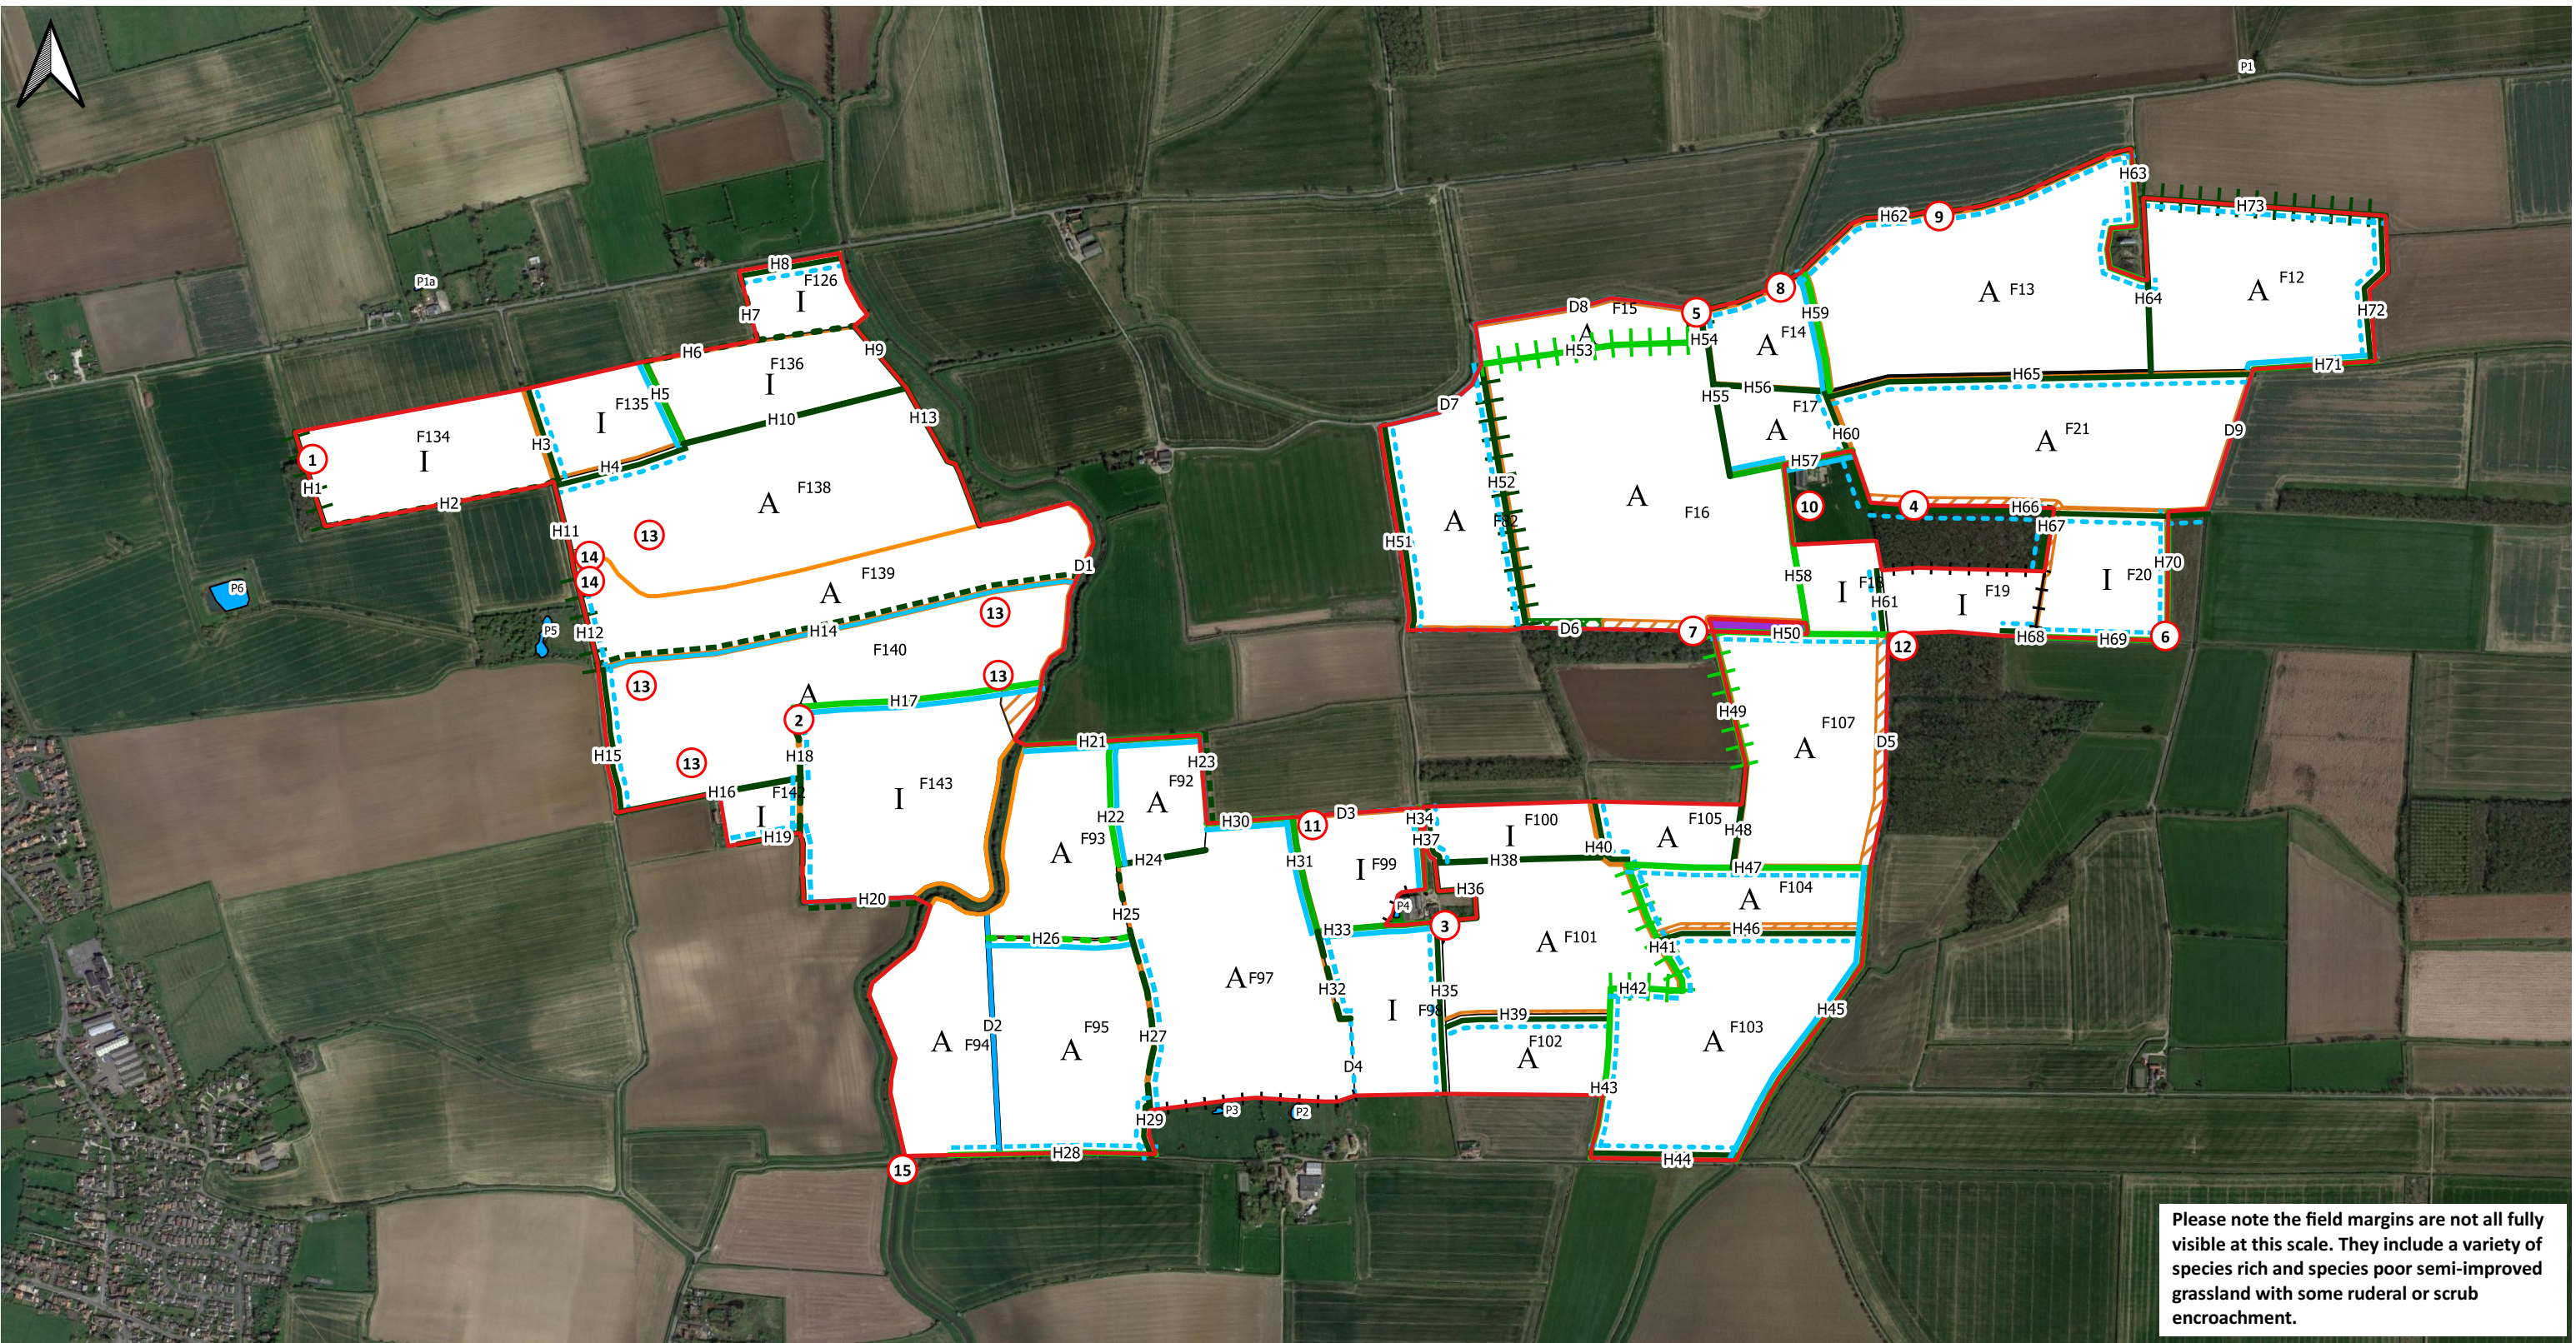

Please note the field margins are not visible at this scale. They include a variety of species rich and species poor semi-improved grassland with some ruderal or scrub encroachment.

Key:

- | | | |
|---|--|---|
| Red line boundary - approx. location | Intact species poor hedgerow with trees | Wild bird cover |
| Target note | Defunct species rich hedgerow with trees | Improved grassland |
| Dry ditch | Defunct species poor hedgerow with trees | Bare ground |
| Wet ditch | Line of trees | Semi-natural broadleaved woodland |
| Intact species rich hedgerow | Species poor semi-improved grass verge | Dense scrub |
| Intact species poor hedgerow | Bank off semi-improved grassland | Marshy grassland |
| Defunct species rich hedgerow | Arable | Scattered scrub over species rich semi-improved grassland |
| Defunct species poor hedgerow | Poor semi-improved grassland | Pond |
| Intact species rich hedgerow with trees | Rich semi-improved grassland | |

Project	Cottam 1 - Coates West
Title	Phase 1 Habitats Survey Map
Date	12/08/2021
Scale	0 250 500 m

Please note the field margins are not all fully visible at this scale. They include a variety of species rich and species poor semi-improved grassland with some ruderal or scrub encroachment.

Key:			
	Red line boundary - approx. location		Intact species rich hedgerow
	Target note		Intact species poor hedgerow
	Dry ditch		Defunct species rich hedgerow
	Wet ditch		Defunct species poor hedgerow
	Fence		Intact species rich hedgerow with trees
	Bank of semi-improved grass		Intact species poor hedgerow with trees
			Defunct species rich hedgerow with trees
			Defunct species poor hedgerow with trees
			Line of trees
			Arable
			Improved grassland
			Poor semi-improved grassland
			Rich semi-improved grassland
			Tall ruderal vegetation
			Semi-natural broadleaved woodland
			Dense scrub
			Bare ground
			Hardstanding
			Pond

Title
Phase 1 Habitat Survey Map

Date
12/08/2021

Scale
0 200 400 m

Please note the field margins are not all fully visible at this scale. They include a variety of species rich and species poor semi-improved grassland with some ruderal or scrub encroachment.

Phase 1 Boundaries

- - - Dry ditch
- Wet ditch
- Fence
- Intact species poor hedgerow
- Intact species poor hedgerow dry ditch
- Intact species poor hedgerow trees
- Intact species rich hedgerow trees and dry ditch
- Defunct species poor hedgerow trees
- Defunct species poor hedgerow wet ditch
- Line of trees wet ditch
- Intact species poor hedgerow wet ditch
- Defunct species poor hedgerow trees and wet ditch

Phase 1 Habitats

- A Arable
- Bare ground
- Dense scrub
- Game cover
- Improved grassland
- Pond
- Poor semi-improved grassland
- Tall ruderal
