The Planning Inspectorate aims to communicate with people by email wherever possible, as electronic communication is more environmentally friendly and cost effective for the Planning Inspectorate as a government agency, given the volume and frequency of letters it needs to send to *Interested Parties* during an *Examination*. **Therefore if you provide an email address we will use this.**

Section 2 – Your Representation

Here you should summarise the aspects of the *application* you agree and/ or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than 500 words (please use extra paper if needed).

I have lived in Broxholme for 40 years.
I came here for the peaceful open country side.
Having Solar Panels here would destroy the environment, and would have a devastating effect on the wildlife here.

It would have a negative effect on people's lifestyle. I feel we would be surrounded by mile upon mile of ridiculous steel fencing and solar panels, and would feel so enclosed, not good for anyone's health. It would also impact on the Tourist industry here.

This is good productive farm land, we should be producing our own food, not transporting it from other countries, especially in view of the troubles overseas at the moment.

The roads here are not suitable for the large volume of traffic this would entail, and the noise, pollution would put the safety of residents at risk.

The Planning Act 2008 process is primarily a written *Examination* process and if you are registered as an *Interested Party* you will have an opportunity, later in the *Examination* process, to provide a more detailed *Written Representation*.

You cannot reserve a right to make a *Representation* later without providing a summary of the points you intend to submit at this stage.

Your *Representation* should take the form of a summary of what you agree with and/ or disagree within the *application*, and any impacts you think it would have.

Please note that your *Representation* **must not** include material that is:

- vexatious or frivolous;
- about compensation for Compulsory Acquisition of land or of any *interest* in or right over land; or
- about the merits of policy set out in a National Policy Statement.

The information you include in the *Representation* section of this form will be used by the *Examining Authority* to carry out its *Initial Assessment of Principle Issues* and to decide the best way to examine the *application*.
