### Schedule of Progress regarding Protective Provisions and Statutory Undertakers

October 2023

Prepared by:

Pinsent Masons LLP

#### **1** Introduction

#### 1.1 Background

- 1.1.1 Cottam Solar Project Limited (the Applicant) submitted an application to the Secretary of State on 12 January 2023 (the Application). The Application was accepted for Examination on 10 February 2023. The Examination of the Application commenced on 5 September 2023.
- 1.1.2 This document should be read in conjunction with the **Book of Reference** [EX1/C4.3\_B], Land Plan [EX1/C2.2\_B], the Statement of Reasons [AS-013] and the Draft DCO [EX1/C3.1\_B].
- 1.1.3 The **Book of Reference [EX1/C4.3\_B]** includes details of the interests belonging to the statutory undertakers listed in this document that are within the Order limits or affected by the Scheme. Further information on how the Scheme will impact on interests belonging to statutory undertakers is set out in the **Statement of Reasons [AS-013]**.
- 1.1.4 This document provides an update on the status of negotiations with statutory undertakers, and with other utility providers, included within the **Book of Reference [EX1/C4.3\_B]**.
- 1.1.5 Section 10.3 of the **Statement of Reasons [AS-013]** sets out the tests in section 127 of the Planning Act 2008. In summary, where a representation has been made by a statutory undertaker objecting to the acquisition of statutory undertakers' land (or rights over land), the Secretary of State must be satisfied that the land or right can be replaced or rights can be acquired without any serious detriment to the carrying on of the undertaking.
- 1.1.6 The Applicant's position is that the protective provisions contained in Schedule 16 of the **Draft DCO [EX1/C3.1\_B]** are adequate to protect each statutory undertaker's undertaking and to ensure that it suffers no serious detriment. Therefore, in the event that any representations made by statutory undertakers remain outstanding at the end of the Examination, the Secretary of State can be satisfied that the tests set out in section 127 of the Planning Act 2008 have been met.
- 1.1.7 The table below includes each statutory undertaker of other utility and includes details of the affected plots together with the status of negotiations.
