Cottam Solar Project Limited

Comments on submissions for Deadline 1

The document AS-037 dated May 2023 has not been responded to by the applicant and the Statement of Reasons has not been updated as required to be submitted for Deadline 1.

The related updates to the Book of Reference have also not been carried out.

The applicant is reminded that Tillside Limited was registered as a Limited Company on 8 March 2022 over one year after the Option Agreement dated 19th February 2021 referred to in the Book of Reference and the Statement of Reasons. Therefore this agreement cannot be valid. Pinsent Masons should have advised their client against this type of potentially fraudulent activity.
