							<p>Deadline 1 update: Heads of Terms are no longer required, as the cable route can be accommodated in other land within the Order limits. This decision has been made to avoid impacts on the Kimberley land due to livestock.</p> <p>The Applicant included this land as a conservative approach in order to ensure there was sufficient flexibility to construct the cable route within the Order limits as the detailed design has not yet been finalised (Land reference: 17-361 on C2.2_A Land Plan Revision A [AS-006]).</p> <p>However, current design proposals can avoid using this land by using land to the north where Heads of Terms have been agreed with the landowners and are either signed or in the process of being signed. The Applicant has notified these landowners of this via an email to their agent Daniel Jobe at Brown and Co.</p>

							<p>Deadline 4 update: The Applicant has been made aware of a submission made by the landowner to the Examining Authority regarding the extent of compulsory acquisition rights sought over the landowners' land. The Applicant is considering this correspondence and will engage further with the landowner as soon as possible.</p> <p>Deadline 5 update: When reviewing the Book of Reference [EX5/C4.3_G] in detail it transpired that a small area of land within an agricultural field owned by Dr Organ (plot 10-220) overlapped with land that formed part of the public highway maintained by Lincolnshire County Council, meaning that a small area of Mr Organ's land adjacent to the track has been included in the Order Limits. The reason for this plot to be contained within the Order Limits for the Scheme was that the Scheme is proposing to route electrical cabling north to south up the track, and so it was included as part of the track.</p>

							A site visit was undertaken on 7th February 2024 to clarify where the edge of the track lay, and Lincolnshire County Council were consulted to confirm whether their data was correct. As there remains some uncertainty as to the exact location of the boundary of the public highway the Applicant has retained this land within the Order Limits. However, the Applicant has confirmed to the Interested Party that the Applicant will only enter and lay the cable in land that forms part of the public highway.

							<p>220) overlapped with land that formed part of the public highway maintained by Lincolnshire County Council, meaning that a small area of Mr Organ’s land adjacent to the track has been included in the Order Limits. The reason for this plot to be contained within the Order Limits for the Scheme was that the Scheme is proposing to route electrical cabling north to south up the track, and so it was included as part of the track. A site visit was undertaken on 7th February 2024 to clarify where the edge of the track lay, and Lincolnshire County Council were consulted to confirm whether their data was correct. As there remains some uncertainty as to the exact location of the boundary of the public highway the Applicant has retained this land within the Order Limits. However, the Applicant has confirmed to the Interested Party that the Applicant will only enter and lay the cable in land that forms part of the public highway.</p>
