Dear Sir or Madam

At the risk of repeating my concerns, the combination of these projects across West Lindsey poses a significant risk to UK food security.

More importantly, they are already having a devastating effect on the mental health and well-being of the local population with increases in cases of anxiety and depression. I personally am already badly affected and so are many others with whom I have spoken. The NHS is already struggling and will not be able to meet the increased demand for mental health services.

Your faithfully

Nicholas Mapstone
