## Glossary

Term	Meaning
Applicant	Mona Offshore Wind Limited.
Development Consent Order (DCO)	An order made under the Planning Act 2008 granting development consent for one or more Nationally Significant Infrastructure Project (NSIP).
Mona Offshore Wind Project	The Mona Offshore Wind Project is comprised of both the generation assets, offshore and onshore transmission assets, and associated activities.
The Planning Inspectorate	The agency responsible for operating the planning process for Nationally Significant Infrastructure Projects.

# 1 Figure updates to address inconsistency between Onshore Works Plan and Environmental Statement figures

## 1.1 Introduction

1.1.1.1 This document has been prepared in response to Section 51 advice from the Examining Authority in relation to the figures included in the Mona Offshore Wind Project DCO application. The point from the Section 51 advice is as follows:

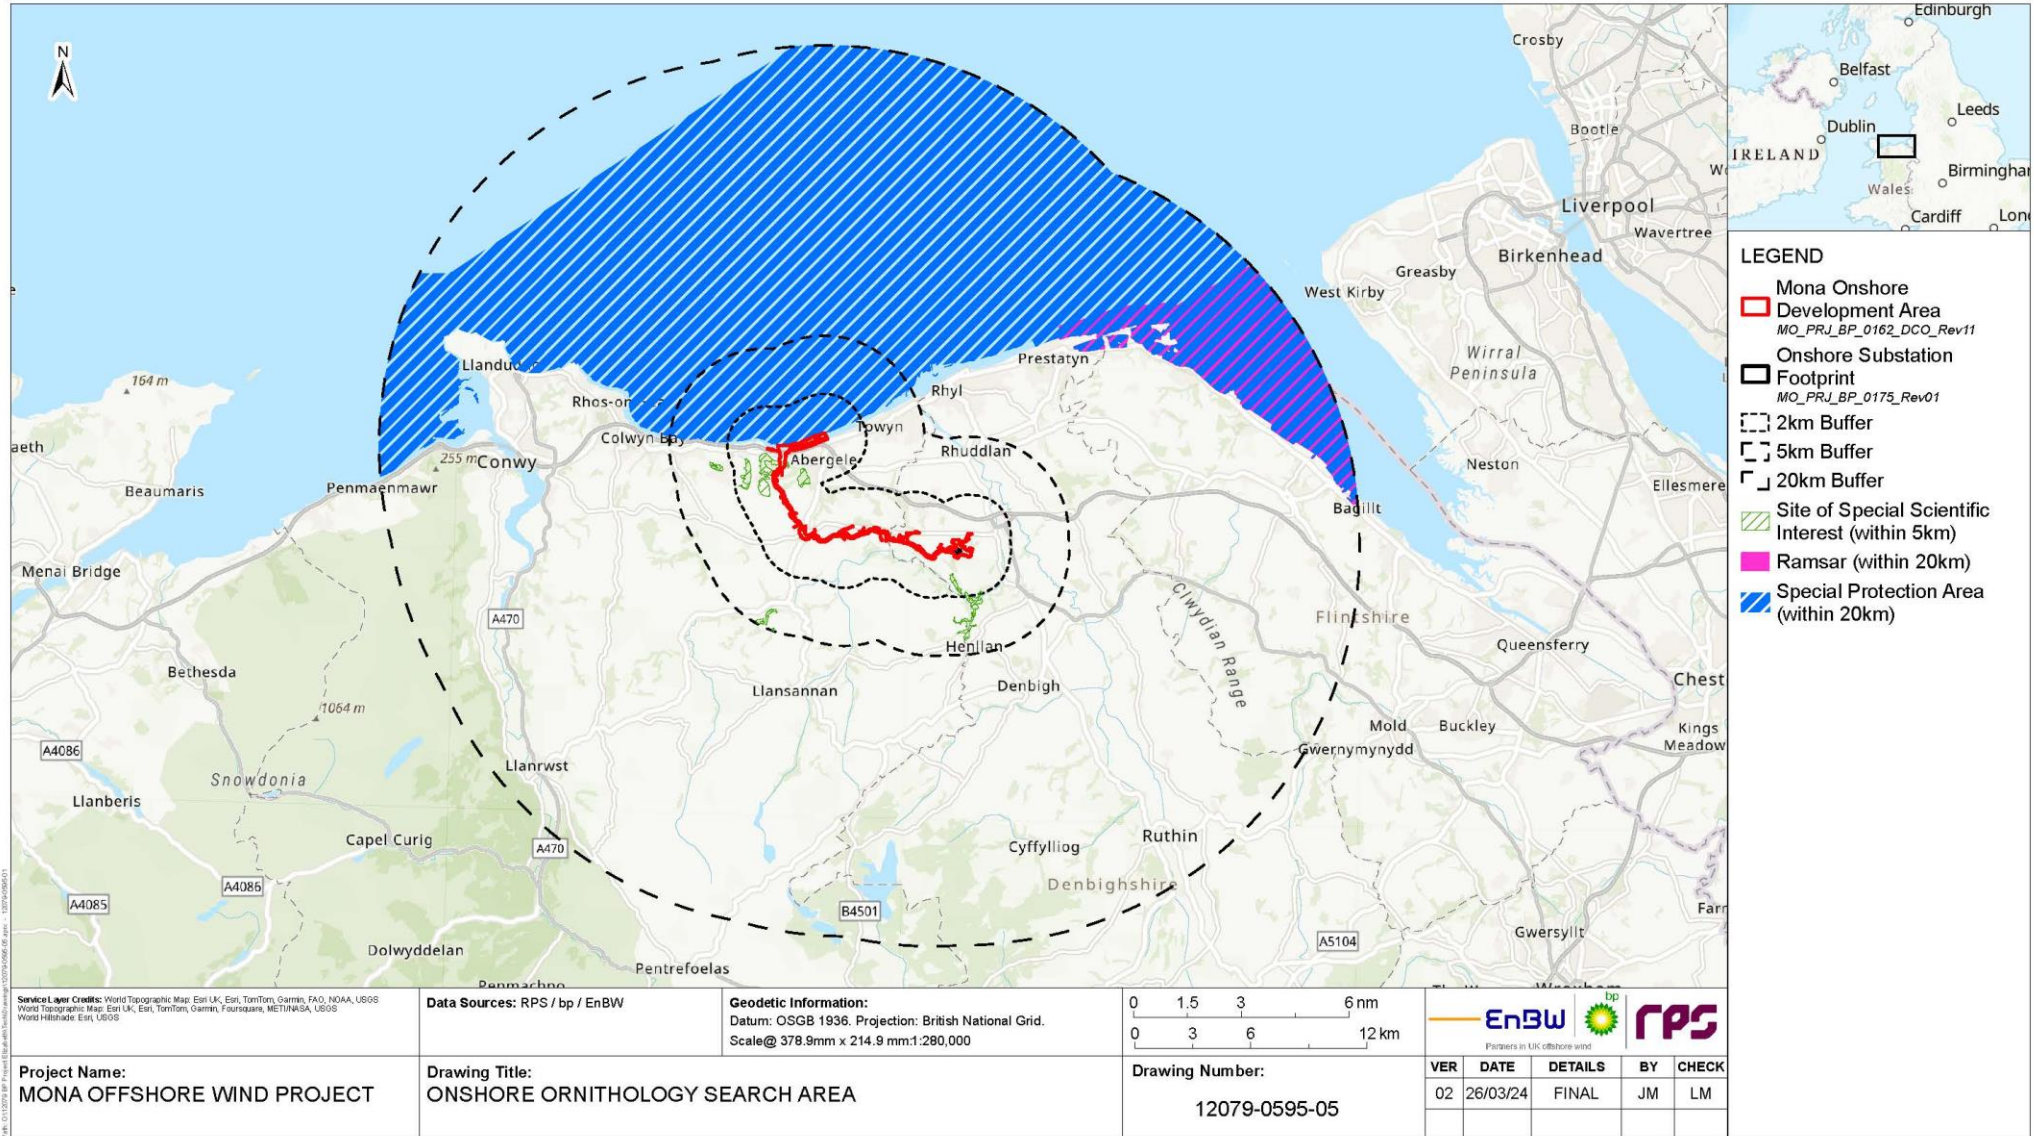

*Para 12.1 of the Application Letter (Doc A1) states that the proposed operational access to the existing National Grid Substation from the proposed Mona Substation access from Glascoed Road has been assessed in the Environmental Impact Assessment (EIA) but part of it is not currently shown on all the EIA figures.*

*The Inspectorate advises the Applicant to undertake a thorough audit of the ES figures to ensure that they are consistent with the Onshore Work Plan (Doc B3). Amended ES figures should be provided, together with a list of the figures subject to amendment.*

## 1.2 Response

1.2.1.1 The Applicant has updated the figures of the Environmental Statement and other relevant application document figures as appropriate to show the proposed operational access to the existing National Grid Substation from the proposed Mona Substation access road. The figures that have been updated is provided below.
