Dear Gina/ Mona OWF project PINS Case Team,

Firstly please let me take this opportunity to thank you, and the case team, for the publication of North Wales Wildlife Trust (NWWT) submission at the procedural deadline. A summary is to follow by Deadline 1.

I would also like to take this opportunity to request that NWWT; which is classed as a Statutory Party, be considered as an IP by the ExA.

Many thanks for your help and I look forward to engaging with the examination as it progresses.

Best Wishes,

Ben

**Subject:** RE: Mona OWF interested party/ relevant representation

Good afternoon Ben,

Thank you for your email and attachment. I can confirm receipt of your submission.

I note your concern regarding North Wales Wildlife Trust not being recognised as an Interested Party. The Draft Examination Timetable in Appendix D of the [Rule 6 letter](#) contains an invitation for the 'Notification by Statutory Parties of their wish to be considered as an IP by the ExA' by Deadline 1, **Wednesday 7 August 2024**. Following this deadline, if this notification is received, North Wales Wildlife Trust's Interested Party status would be confirmed.

In the interim, as North Wales Wildlife Trust is classed as a Statutory Party, this submission will be published at the Procedural Deadline.

I hope this is helpful, please do not hesitate to contact the project mailbox with any other queries.

Kind regards,

Gina

To Whom it may Concern,

I would like the attached document to be included as written representation on behalf of the Wildlife Trust (Wales) and North Wales Wildlife Trust.

The document was submitted to the developer in June 2023 regarding the Trusts position and concerns regarding the project. Having engaged with the projects environmental working group since its inception, and contributed to the Mona OWF agreements log, I assumed that the Trust was recognised as an interested party and that this document would be included as written representation. This assumption has today been highlighted as not so.

I appreciate that this document was in response to the publication of the PEIR but the concerns remain extant particularly with regard to the impact of the export cable route and landfall.

I appreciate that the date for submission of such matters has passed, but hope that there is still an opportunity for these comments to be included for consideration. As I said I had made an assumption on inclusion based on previous experience responding to the Awel Y Mor OWF project.

I appreciate your time with this matter and look forward to hearing from you in due course.

Best Wishes,

Ben
