Hearing	Date and Time	Location
Issue Specific Hearing 5: draft Development Consent Order	Thursday 24 October 2024 Hearing starts at 9:30am Virtual Arrangements Conference from 9:00am	By virtual means using Microsoft Teams

Participation in the Hearings

You must register by emailing the project mailbox by **Monday 7 October 2024**, if you intend to participate in the hearings. Any request to participate in the hearings must include the following information:

- name and unique reference number (found at the top your letter or email from the Planning Inspectorate);
- email address (if available) and contact telephone number;
- name and unique reference number of any person/ organisation that you are representing (if applicable);
- the issues on which you wish to speak and a list of the points you wish to make;
- confirmation of whether you will participate virtually or in-person (ISH3 and CAH1 only);
- the Examination Library reference number (with paragraph/ page number where appropriate) of any documents you wish to refer to; and
- any special requirements you may have (eg disabled access or hearing loop).

Blended Hearings

ISH3 and CAH1 will be held as blended events. This means they will take place as virtual events using Microsoft Teams as well as 'in-person' events.

Virtual Hearings

ISH4 and ISH5 will be held as virtual events using Microsoft Teams. Parties who have registered to attend the hearing will receive an email shortly before the hearing containing a joining link, telephone number and instructions to enable virtual participation. Please join the Arrangements Conference promptly. The Case Team will admit you from the virtual lobby and register your attendance. The Arrangements Conference allows procedures to be explained and will enable the hearings to start promptly.

For those who wish to participate but who do not have access to Microsoft Teams, the Applicant will provide an alternative arrangement in order for you to join the hearing. Please contact the Case Team who will provide further information.

Observing the Hearings

All events will be livestreamed and a link for watching the livestream will be posted on the [project webpage of the National Infrastructure Planning website](#) closer to the hearing date. IPs and members of the public who wish to observe the hearing can therefore view and listen to the hearing using the livestream, or view and listen to the recording, after it has concluded.

Alternatively, you can attend the physical hearing at the venue (ISH3 and CAH1 only) to observe the proceedings; however, to ensure there is adequate seating capacity at the venue we request that you register your attendance to observe only by Monday 7 October 2024 by emailing the project mailbox.

Hearing Agendas

The ExA will aim to publish a detailed draft agenda on the project website no later than Friday 4 October 2024. However, in order to be helpful to parties, the ExA has set out a broad outline of the matters it considers will be examined at ISH3 and ISH4. All hearings will include examination of submissions up to and including D3. Whilst comments on responses to the ExA's first written questions are expected in writing at D4 (4 November 2024), the ExA may ask parties to respond to D3 submissions at the hearing.

ISH3: Environmental Matters

The main purpose of ISH3 is to undertake an examination of various environmental matters. In particular, to review environmental impact considerations, including matters arising from the application documentation and representations relating to:

- Effects, including cumulative effects, arising from the construction and operation of the proposed Onshore Substation
- Landscape, seascape and visual effects

ISH4: Offshore Matters

The main purpose of ISH4 is to undertake an examination of various offshore environmental matters. In particular, to review environmental impact considerations, including matters arising from the application documentation and representations relating to:

- Shipping and navigation
- Other offshore infrastructure and activities
- Civil and military aviation and defence interests
- Offshore ecology
- Commercial fisheries

General Information

Guidance under the Planning Act 2008 and the Infrastructure Planning (Examination Procedure) Rules 2010 provides that it is for the ExA to probe, test and assess the evidence through direct questions of persons making oral representations at hearings.

Participants may be legally represented if they wish, but the Examining Authority will conduct the hearings in such a way that legal representation will not be required. The Examining Authority will lead the questioning of parties making oral representations and probe, test and assess the evidence. There is usually no cross-examination of witnesses by other parties, though the Examining Authority does have the power to allow this under certain circumstances.

The hearings will finish when the Examining Authority considers that all matters have been covered and all participants have had an opportunity to make their representations. As a guide, the ExA aims to close hearings by approximately 5pm. If there are additional matters to be dealt with, it may be necessary to defer some matters to written questions.

The Examining Authority would recommend any parties who are new to the process and wish to learn more about the background and procedures in hearings to read the Planning Inspectorate's Advice Note 8.5, The Examination: hearings and site inspections.

Accompanied Site Inspection (ASI)

ASI	Date and Time	Location
Accompanied Site Inspection 1	Tuesday 15 October Start time: 9:00am	Meeting place: Tides Café Bistro, Beach House Road, Abergele, LL22 8EY

Interested Parties who wish to attend the Accompanied Site Inspection (ASI) were asked to notify the Planning Inspectorate by Deadline 1.

Capacity on the minibus that will be used for the ASI is strictly limited. Priority attendance must be afforded to the Planning Inspectorate, the Applicant, local authorities and relevant Statutory Parties. Any other Interested Parties who expressed a wish to attend the ASI for its duration will be contacted by the Planning Inspectorate's Case Team to discuss the option of meeting us at relevant locations in the itinerary. Further details for the ASI are included below.

Planning Act 2008 (as amended)

EN010137 - Application by Mona Offshore Wind Limited for an Order Granting Development Consent for the Mona Offshore Wind Farm

Accompanied Site Inspection itinerary – 15 October 2024

The itinerary for the accompanied site inspection can be found below.

Please note that the Examining Authority's (ExA) inspection of sites is **not** an opportunity to provide any oral representations on the project or discuss evidence. It is an opportunity for the ExA to look at the physical features that can be seen on, or from the sites. Participants may be invited by the ExA to point out specific features or sites of interest.

Joining the site visit

The site inspection will commence at 09:00 at Tides Café Bistro, Beach House Road, Abergele, LL22 8EY. Participants are asked to assemble promptly as the ExA will not wait for parties who are not present at the start time.

To ensure the smooth running of the ExA's inspection, attendees may wish to provide contact details for the day, notify the Case Team if there are any changes in attendance, and ensure the Planning Inspectorate is made aware of any special access requirements.

Please confirm attendance by emailing the Case Team at monaoffshorewindproject@planninginspectorate.gov.uk or by phoning Jake Stephens (Case Manager) on 07884 925 827 by **Deadline 3, Monday 30 September 2024**.

Clothing

Attendees are recommended to wear appropriate sturdy footwear and weather appropriate clothing. The Applicant will provide hard hats, high visibility jackets, safety glasses and gloves, if required.

Sites on private land

Access onto private land is at all times by permission of the person controlling it; householders, occupiers and landowners may refuse to allow some persons accompanying the ExA onto their land. Under those circumstances, the ExA will decide whether or not to proceed with that part of the inspection and may ask those refused access to wait outside.

Refreshments

Please note refreshments will not be provided.

Cancellations

Please note that in the unlikely event that the Accompanied Site Inspection is cancelled we shall endeavour to contact attendees beforehand, but we ask that you regularly check the Planning Inspectorate's website which can be viewed here:

<https://infrastructure.planninginspectorate.gov.uk/projects/wales/mona-offshore-wind-farm/?ipcsection=overview>
