# 1 Application guide

## 1.1 Introduction

- 1.1.1.1 This guide to the application summarises the structure of the application for development consent for the Mona Offshore Wind Project. Its purpose is to provide an understanding of the structure of the Application and the principal contents within each ‘category’ of documents.
- 1.1.1.2 Updating this document will be an iterative process and new versions will be made available as updates are made.
- 1.1.1.3 This document will be updated during the examination of the application and will be a quick-reference guide to the latest version of the application documents.

## 1.2 Document categories

- 1.2.1.1 There are seven categories of application documents, as set out in Table 1.1. These follow, wherever possible, the structure described in Appendix 1 of the Planning Inspectorate advice note six (The Planning Inspectorate, 2017).

**Table 1.1: Report categories that make up the master document list for the Mona Offshore Wind Project Application for consent.**

Category	Details
A: Application Information	Provides details of the specific application information required by the Planning Inspectorate
B: Plans and Drawings	Contains the various plans which show the location of the Mona Offshore Wind Project, the proposed works or are related to other powers sought in the Development Consent Order
C: Draft Development Consent Order	This category outlines the legal power sought by the Applicant for the Mona Offshore Wind Project.
D: Land	This category includes the funding statement, Statement of Reasons and book of reference required to be submitted for the Mona Offshore Wind Project
E: Reports	This category contains the documents required to be submitted with the application for consent, including the consultation report.
F: Environmental Statement	Outlines how the Applicant has assessed the potential impact on the environment of the Project
J: Additional Application documents	This category includes any additional information submitted with the application for consent, including outline and in principles plans.

## 1.3 Master document list submitted to the Planning Inspectorate

- 1.3.1.1 The master document list is set out in Table 1.2 provides a full list of all the documents submitted to date, indicating either the latest revision (if applicable) or when a new document was submitted.
